

Bernard Daly Education Fund Trustees' Power Broadened By Court Rule

LAKEVIEW, April 22—Investment powers of the Bernard Daly Educational fund trustees were broadened in a decree signed here this week by Circuit Judge Charles Combs, putting the "prudent man" rule into effect with regard to investing the principal of the trust fund established by the will of the late Dr. Bernard Daly in 1921.

Under the new ruling, the trustees are limited only by the exercise of the care and discretion that men of prudence and intellect would use in investing their own funds, not for speculation, but for protection and permanent investment of the funds.

Under the ruling established by the will, the trustees were limited to investing in government and general obligation municipal bonds.

Reason for broadening the investment powers of the trustees was

Cheap Cancer Test Seen

WASHINGTON, April 22 (AP)—Chairman David E. Lillenthal said Wednesday the atomic energy commission has found that the metal cobalt offers possibilities of providing an inexpensive treatment of cancer.

He made it clear that the discovery has not been clinically tested, but he said cobalt can be made to have the same radio-active effect as radium.

Lillenthal told reporters of the discovery after a White House call in which he made a preliminary report to President Truman on peacetime uses of atomic energy.

He said an important point in connection with radio-active cobalt is that it is a very common metal found in industry which could be used as a substitute for expensive and scarce radium.

There are only about 26 ounces of radium in this country, he said. Radium has been the most effective treatment for cancer.

Lillenthal said cobalt could be fashioned into the form of a needle and put in one of the atomic energy commission furnaces at Oak Ridge and be made "as effective as radium."

Two Youths Held After Robbery

PORTLAND, April 22 (AP)—Two youths were arrested here Wednesday after police chased a car from a second hold-up scene.

The proprietor of a suburban tavern was robbed of \$25 by a young man shortly after midnight. Deputy sheriffs, summoned to investigate, reached another nearby restaurant seconds after that one, in turn, had been held up. They gave chase to a fleeing car.

Police said the two youths were caught as they jumped from their car and ran into underbrush.

Pioneer Home To Be Torn Down

SALEM, April 22 (AP)—The 65-year-old palatial home of A. N. Bush, pioneer Salem banker, was sold by the state board of control Wednesday for \$850 to the Madison Wrecking company of Salem.

The company will begin tearing the house down next Monday to make way for construction of a \$2,000,000 state office building.

The Bush home was one of Salem's show places when it was built. Bush has moved his old family home here.

Kansas Wheat Needs Cool Weather

TOPEKA, Kansas, April 22 (AP)—A major portion of the Kansas 1948 wheat crop is badly in need of cool weather and moisture, a report of the federal and state departments of agriculture said yesterday.

The report asserted that through much of the central and western parts of the state the lack of precipitation recently and the relatively high temperatures have resulted in very dry topsoil conditions.

These conditions, the report said, have emphasized the critical situation with regard to the lateness of a large acreage of wheat.

New York Subway Fare Doubled

NEW YORK, April 22 (AP)—The world's biggest ride for a nickel is doomed.

Announcing a 10-cent fare for the city's subway system and a seven-cent tariff for bus and trolley lines, Mayor William O'Dwyer Tuesday night ended a tradition as old as the 44-year-old history of the metropolitan underground railroad.

He said the higher fare would become effective July 1. The increase is expected to furnish \$81,010,000 for the city's 1948-49 budget.

Battle For Control Of Haifa Opens

HAIFA, Palestine, April 22 (AP)—A Jewish-Arab battle for the port city of Haifa opened Wednesday.

Gunfire cracked along the slopes of Mount Carmel, near all-Jewish Hadar Carmel and in mixed Jewish-Arab areas.

British security forces left most of the city early today. The British still held control of the port and its

'Texas' Given To Texas

HOUSTON, Tex., April 22 (AP)—The Battleship Texas, veteran of two World Wars, was presented to the state of Texas Wednesday by the U. S. navy.

Thousands of Texans jammed the San Jacinto battleground to see the Texas decommissioned from the U. S. navy and accepted as the flagship of the Texas navy. It will remain moored as a memorial to Texas service men.

Only a few paces from the permanent mooring is the towering San Jacinto monument marking the battlefield where a small group of Texans routed Mexican General Santa Anna's army 112 years ago to win their independence.

Governor Beauford Jester, upon accepting the Texas from Assistant Secretary of Navy Mark Edwin Andrews, immediately ordered the Texas flag and the Texas jack hoisted.

A navy band played the "Eyes of Texas," the signalmen broke out the flags and all hands stood at attention.

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
