Safeway Trims Them Before Weighing

(SO YOU SAVE MONEY)

We'll give you DOUBLE the number of Rib Lamb Chops you buy (they won't cost you a penny) if ever you get SAFEWAY Rib Lamb Chops not trimmed this money-saving way.

TIP END OF CHINE BONE removed from each chop before we weigh your purchase of rib lamb chops at Safeway. It means there's more good-eating meat in Safeway's lamb chops—less waste in each pound you pay for.

"TAIL" OF EACH CHOP (the end portion of bone and excess fat) cut off by Safeway before we weigh your rib lamb chops on the market scales. It gives you chops that cook and eat better... that fit better in the pan and on a platter.

Wherever you buy meat you are entitled to money-savings that result from proper trimming of each cut before it is weighed. Insist that your butcher trim this way. If he refuses, why not buy at a market where this kind of trimming is done?

YOU SEE ABOVE how Safeway removes excess waste, bone and fat from rib lamb chops before weighing them. We prepare other cuts in similar fashion—each according to its special requirements. This waste-free cutting is part of Safeway's Guaranteed Meats plan. We regularly trim our meats this way.

When you compare meat prices, remember that Safeway's prices always are on the TRIMMED cut... free of excess bone, waste and fat... ready for cooking.

If ever you're not satisfied the meat you buy at Safeway is trimmed the money-saving way we say, just

show it to the manager of the Safeway store where you bought it. If your Safeway rib lamb chops (for example) are NOT trimmed as shown above—you get DOUBLE the number of rib lamb chops you buy without a penny's extra cost (and without quibble or argument!)

Safeway buys nothing less than the top government grades of beef (all beef sold at Safeway is U. S. Government graded)... nothing less than the top grades of lamb, pork and veal.

Come prove for yourself—there's more good-eating at less cost in Guaranteed Meats from Safeway!
