Four Nabbed For Allowing Dogs To Run

Four persons were arrested on warrants Monday and Tuesday for allowing dogs to run at large, in violation of the city's May and June closed season ordinance, and each posted $5 bail for the offense.

The warrants were issued for Leo Brennen, 1453 Wilford; Joe Green, 2635 Radcliffe; E. C. Dale, 2504 Shasta way, and Bill Badorek, 123 Pershing way.

Other arrests by city police in the past 24 hours included that of J. C. Harrell, 41, Pelican rooms, who pleaded not guilty in city court to a charge of selling liquor to Indians. He is in the city jail in lieu of $100 bail.

Harrell is accused of selling a quart of wine to an Indian woman, Letha Weeks, 23, of Beatty. The young woman was arrested last night on charges of drunk and possession, and posted $35 bail.

Two Indian boys from Chiloquin, Albert R. Summers, 18, and Leroy A. Hicks, 21, were booked for possession of beer and probably will go to city court Wednesday. They were arrested at Riverside and Main Tuesday morning. Summers, the driver, was also charged with having inadequate brakes.

Traffic bookings included:

Jesse Lawrence Shepard, 1609 Etna, cited for running red light.

Gladys R. Pope, 40, Klamath Falls, cited for running stop sign.

Henry Aldon Shelley, Beatty, $5 bail for running a red light.

Philip H. Wessel, 40 Pine, cited for having inadequate brakes.

KF Quartet Wins Honors

Klamath Falls' quartet, The Eagle Four, won honors at the second annual far western district regional preliminary barber shop quartet contest, held in San Francisco this past week-end at the War Memorial opera house. The contest was sponsored by San Francisco chapter SPEBSQSA.

The Eagle Four, made up of Richard D. Hannon, tenor; B. J. Loftsgaard, lead; C. K. Perkins, baritone, and M. L. Shepherd, bass, placed as second alternate in the Northwest division.

Twenty quartets competed from all over the west. In the Far West division, The Wranglers of Tucson, Ariz., and The Four Staters from San Diego, were chosen the leading quartets with The Bonanza Four of Reno, which sang here at the recent barber shop contest, named alternate.

The Mountain-Airs of Enumclaw, Wash., were first in the Northwest section with Harmony Vendors of Tacoma, Wash., first alternate and The Eagle Four, second alternate.

The Eagle Four sang an original old-song medley and The Whiffinpoof Song as their contribution to the program which was presented to a packed house. House brothers of Langell valley accompanied the local trio south. Although only 20 quartets appeared, there were at least 40 who gathered in San Francisco for the affair.

A number from Klamath Falls were in the audience, participants said. A successful "after-slow" was held at The California House following the program.

Bus Schedule Stays Same

Closure of the Esplanade section from Spring to Alameda and across the government canal to automotive traffic, has made several changes necessary in traffic movement, it was observed here today.

Foot traffic across the bridge is still permitted and will be for an indefinite period, the state highway department said Tuesday morning.

The Klamath Bus company advised The Herald and News that there would be no change in schedule to the Hot Springs area but the bus, instead of crossing the Esplanade bridge, would swing around Main to Alameda, by way of the Main street bridge, past Hillside hospital, proceed down Alameda to Eldorado and continue on the usual run from that point.

A new gas line will be installed by California Pacific Utilities (the gas company), to serve the Hot Springs area as it will be necessary to lower the existing line across the canal and under the railroad crossing. E. Mullis, gas company manager, said today. In the meantime some customers have been put on a temporary line until permanent facilities are installed.

Mullis said his company did not anticipate any interruption in service. Thus far, no customers have been inconvenienced by the north entrance construction work on Esplanade, the manager observed.

LDS Slates Public Meets

Aimed at creating a greater interest in the teachings of Christ, and at bringing greater unity and understanding to Christian peoples, the Church of Jesus Christ of Latter Day Saints will start a series of weekly public meetings Wednesday at 7:30 p. m.

Elder Theodore Smith and Sister Barbara Rex will be the speakers at the first meeting.

For 30 minutes before each meeting, recordings of sacred and classical music will be played, featuring the Mormon Tabernacle organ and choir from Temple square in Salt Lake City.

The weekly meetings will be held in the chapel at Home and Martin streets.

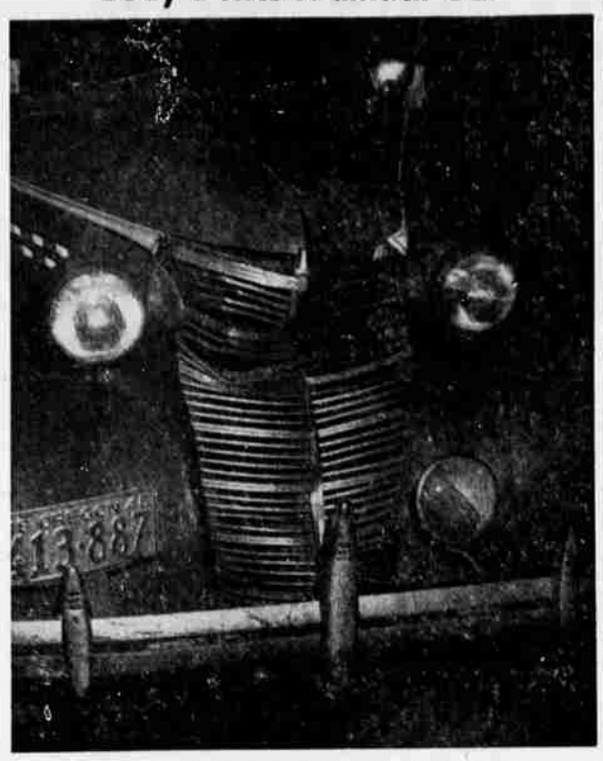
Body Dents Klamath Car



When the body of Alfred A. Keaton, 40-year-old Altamont Auto camp resident, struck the nose of this machine, operated by Charles A. Clark of Klamath Falls early Monday night, it left deep creases in both the grille and hood. Keaton was crossing S. 6th at the time of the crash. He died at Klamath Valley hospital late yesterday from injuries, chalking up Klamath county's third traffic fatality of the year.

Owl Takes It All In Stride

SEATTLE, May 5 (AP)—The owl's calm acceptance of the future continues to amaze C. F. Bradbury, head keeper of Seattle's Woodland park zoo.

Bradbury was called to the Pacific Car and Foundry company at nearby Renton yesterday to pick up a barn owl caught by two employes. Also included in the catch was a nest of two eggs.

"A funny thing happened," the zoo keeper said today. "When we got back there were three eggs in the nest. She'd laid another on the way."

Oleo Bill Row Grows

WASHINGTON, May 5 (AP)—Senator Vandenberg R-Mich.) Tuesday ruled that the oleomargarine tax repeal bill should go to the senate agriculture committee and at the same time invited a test of his decision.

Senator Fulbright (D-Ark.), one of a large group of senators who want the bill sent to the senate finance committee, immediately took the floor for an expected appeal. This would require a rollcall vote on the Vandenberg ruling.

The Vandenberg ruling came after hours of angry debate today and yesterday as to senate rules.

Some supporters of the margarine tax repealer fear that the senate agriculture committee may delay action and prevent a senate test on the issue, although members of that committee have promised they will not pigeonhole the bill.

"It seems clear the pending bill is not a revenue measure but the subject matter lies predominantly within the committee on agriculture and forestry," Vandenberg told the senate.

Townsend Council Holds Meet

The fourth district council of Townsend clubs met Sunday in the KC hall with District Chairman Glen Wright of Hauser, Ore., officiating. A resolution was adopted calling for support of all Townsend clubs of the Oregon old age pension bill. Petitions are now being circulated.

The district council will meet each month instead of every two months, until after the general election. In July the council will meet on the coast, the place to be announced later. A meeting is called for Cottage Grove in August and in Albany in September. E. I. McDonald of Cheney, Wash., state organizer, was a guest at this meeting. His offices are now in Portland.

Attending the council meeting were Glen Wright, chairman, Hauser; Ed Cofer, first vice president, North Bend; Fred Adams, second vice president, Medford; J. F. Olson, secretary-treasurer, Eugene; Harlin Talbert, Albany; Oscar Ingram, Lebanon; Elmer Kent, Cottage Grove; F. W. Barker, Medford; Bernice McCracken, Klamath Falls.

Elderly Man Hurt In Fall Tuesday

H. G. Finch, 85, former employe in the office of Taxi Thomas, city engineer, fell off the curb at 6th and Main on the First National bank corner at noon Tuesday and fractured his right leg.

Mr. Finch was moved by Kaler's ambulance to Klamath Valley hospital. The elderly man has been living at the Clark residence, 310 S. 5th, since the death of his wife a short time ago.

Stassen May Win Only 8 Of 23 Races

(Continued from Page One)

men led in one race in the ninth and one in the twentieth (Cleveland).

Although Stassen's chance to capture a majority of the delegation had almost faded out of the picture, he still had a chance to reach the 10 which most politicians said he would have to get to call his Ohio invasion a success.

Wide Strength

Taft, fighting to keep alive his hopes to corral the republican presidential nomination, demonstrated widespread strength in his home state.

Although he got the small end of the ballot in many of the industrial centers where Stassen had picked his field, he han well in some of these sections.

The Ohio senator already had said he would not quit the presidential race, even if he took a political lacing from Stassen here. If he holds Stassen to less than 10 delegates, his friends said the Taft campaign will get a new impetus.

Rail Strike Talks Held

WASHINGTON, May 5 (AP)—The White House said today that President Truman still hopes for a settlement to avert the threatened railroad strike.

Presidential Press Secretary Charles G. Ross said the president holds to that hope despite the collapse of efforts to mediate the wage dispute.

Government attorneys say the president has power to seize the railroads. That would be a step of last resort.

David B. Robertson, head of the Brotherhood of Firemen and Enginemen, said the White House seizure "will not settle the wage dispute—it will only irritate it."

Ross talked with reporters just before Frank Douglass, head of the national (railway) mediation board, began a conference with Presidential Assistant John R. Steelman.

Egyptians To Be Evacuated

JERUSALEM, May 5 (AP)—A Jewish agency spokesman said Tuesday the Egyptian government is sending six busses into Jerusalem under Red Cross sponsorship to evacuate Egyptians.

The spokesman said Haganah, the Jewish militia, has given the busses safe conduct. Egypt had applied to the agency for a guarantee of immunity for the busses from the frontier to Jerusalem and back, and the agency agreed if the operation would be under the Red Cross, the spokesman added.

Bicolor lespedeza is a perennial shrub growing 6 to 10 feet high. It is now recognized as one of the best foods for bob-white quail.—Sports Afield.

Infirmary Job To Be Open Here

A county job, that of superintendent of the infirmary, will be opening up July 1 and applications for the post will be taken by County Clerk Charlie DeLap until May 20.

The job pays a salary plus an apartment on the premises. The present superintendent has submitted his resignation, effective July 1.

Applicants must be able to furnish references.

Power Case Suit Filed

SAN FRANCISCO, May 5 (AP)—The federal government filed a complaint against Pacific Gas & Electric Co. Tuesday, demanding that the company furnish government agencies with power on an exchange basis.

The move was the latest chapter in a continuing feud centering on the power at Shasta dam, a U. S. reclamation project. PG&E has the only transmission lines to Shasta.

The complaint was filed with the California public utilities commission by Wallace Howland, chief of the San Francisco office of the U. S. antitrust division.

It asked the PUC to rule that PG&E is required to furnish government departments and agencies with electricity on a "wheeling" or exchange basis, for power produced by government power plants at Shasta dam, Mare island and Yosemite park. This government-produced power is delivered to PG&E for transmission.

Howland declared "in effect, the government buys back its own power from the company at rates far in excess of those the company pays the government for the same power."

Men in the United States navy are paid twice a month, usually on the 5th and 20th.

Two Trials Postponed

Two jury trials slated this week on charges of driving while intoxicated have been postponed, Justice of the Peace J. A. Mahoney said Tuesday, both at the request of the defense attorneys and with the approval of the district attorney's office.

A third, that of George Gemmer, will be held Thursday afternoon at 2:30 p.m. Attorney U. S. Balentine represents Gemmer.

Trial of Glenn L. Terrill, county tax assessor, was slated for Tuesday but J. C. O'Neill, attorney for Terrill, asked that the case be postponed because the defendant was not ready for trial. J. H. Napier, assistant district attorney, approved the continuance.

The other postponement was in the trial of Scott W. McKendree, local farmer, which was scheduled for court Friday. Balentine, representing McKendree, said that his client would be out of town and unable to appear on that date.

No new dates were set for either trial.

Divorces Top Weddings Here

Divorces outnumbered marriages in Klamath county during the month of April, 23 decrees to 19 wedding licenses coming out of the county courthouse.

Of the 23 divorce decrees, a dozen went to wives, 11 to husbands.

During the month there were 22 new suits for divorce instituted and in 20 of them the allegation was cruel and inhuman treatment. The other two claimed desertion for a year.

Wreck Victim Critically Ill

The condition of 17-year-old Marvin Liptak of Merrill, injured when his pick-up overturned near Hosley on the Merrill highway early Sunday morning, April 25, remained critical at Klamath Valley hospital Tuesday.

The youth, nephew of Lewis Kandra Sr., of Merrill, is only semi-conscious at times. He has head injuries and other hurts. Marvin's father, Tony Liptak, flew here from New York City the early part of the week and his mother is now en route to his bedside by train. Another uncle, John Liptak, farms near Merrill.

Marvin and a companion, Frank Lugo, were hurt when their car left the highway. Lugo is now able to be up and around at the hospital.

More Rain Forecast

PORTLAND, May 5 (AP)—Despondent farmers learned Tuesday that still more rain is in prospect.

The forecast is for rain throughout Western Oregon tomorrow, but the weather bureau said there was a possibility the rest of the week would have only mild showers and eventually — by week-end — clear skies.

Meanwhile spring planting fell further behind schedule in the western part of the state. Little damage otherwise has resulted from the succession of storms, although some fruit growers feared heavy week-end rains destroyed blossoms.

The navy's course in Electronics is the best. Take the "Electronic Technicians selection test" now, at the navy recruiting office, room 307, post office building.
