### Greeks Eye Cabinet Shift

ATHENS, May 6 (AP)—Informed sources predicted Wednesday that the Greek cabinet will be reshuffled when parliament meets May 10, and perhaps before.

Some informants said the present liberal-populist coalition government may be forced to resign. There has been increasing criticism of the government by members of parliament who contended it is not meeting present problems effectively.

Vice Premier Constantin Tsaldaris, head of the Greek liberal party, and Premier Themistokles Sophoulis talked for an hour last night.

Under fire by the Greek press generally was Costas Rentis, minister of public order. The Greek army has been disaffected with civilian measures Rentis has taken. He is a liberal.

Rentis became acting minister of justice following the assassination Saturday of Christos Ladas by a young man police identified as a member of a communist execution squad.

From Lania, press dispatches quoting authoritative military sources said the Greek army offensive was virtually ended in the Roumeli region with the bulk of guerrilla forces wiped out.

During the past 48 hours, the dispatches said, 107 guerrillas have been killed and about 200 captured or surrendered.

### Boeing Strike Settles Down To Jousting

SEATTLE, May 6 (AP)—The Boeing Airplane Co. and the striking 14,500 members of the Aeronautical Mechanics union jostled with a multi-million dollar suit and the threat of a counter suit today in the two-week tleup of heavy bomber production.

The company filed a federal court action yesterday for \$2,250,000 damages from the union under the Taft-Hartley act. The complaint served notice the claims would increase as the strike continues to halt output of B-50 bombers and other aircraft.

The union announced it was preparing a suit asking \$163,000 for every day of the strike for loss of wages and \$10,000 weekly to repay strike benefits to its parent organization, the International Association of Machinists.

With other actions contemplated, the total sought would run to \$5,000,000 at this date, a spokesman said.

Money may also be asked to cover the cost of picketing, care for workers' welfare and other strike maintenance outlays, said Union Attorney L. Presley Gill.

Another contemplated action would demand that the company bargain with the union.

The company suit, also directed against the IAM, accused the local and the IAM of "causing and sanctioning" the strike in violation of a no-strike clause in the contract.

### Ross-Judge Nuptials Off

NEW YORK, May 6 (AP)—The wedding of movie actress Arline Judge and George Ross Jr., scheduled for Wednesday, has been postponed indefinitely.

Frederick Backer, Miss Judge's attorney, said last night that she and Ross, New York insurance executive, had authorized him to announce the "indefinite" postponement. Later Ross confirmed that the wedding was off indefinitely but said "there isn't any trouble" between him and the oft-married actress.

Neither would comment.

Miss Judge, who has wed and divorced five husbands, was freed two weeks ago from Henry J. (Bob) Topping. Topping married screen star Lana Turner a few days later.

Early Tuesday, Ross and Miss Judge announced plans to marry Wednesday—at just about the same time that Topping and Miss Turner were scheduled to board ship here for Europe.

**Red Pamphlets Hit Campus**  
SEATTLE, May 6 (AP)—Circulars issued by "communist party" units on the University of Washington campus Wednesday urged students to "join the communist party and fight for peace."

The mimeographed circulars were distributed at several entrances to the campus. They were issued in the names of the "student club, communist party" and "Union Bay Village club of the communist party."

They struck at the proposed investigation of university faculty members by a state legislative committee as an "infringement of democratic rights." Students were urged to "prevent the smear campaign to fire liberal professors on our campus."

Rep. Albert Canwell of Spokane has said his un-American activities committee would hold a hearing at the university at a date still to be set. Canwell said "evidence now in the possession of the committee concerning certain members of the university faculty will be publicized."

### City-County Jail Building Is Dead Issue

There'll be no revival of plans for building a county-city jail this year. The county court indicated as much yesterday to Richard Henzel of the county-city jail commission, when Henzel brought word that Mayor Ed Ostendorf had suggested the possibility the jail could still be built in 1948.

Some months ago, the commission turned down plans for immediate jail construction because bids for the job exceeded the available money. Henzel said yesterday that Mayor Ostendorf feels that building costs aren't likely to be any more favorable next year, and suggested that money might be found to go ahead.

When the court was skeptical, Henzel said that so far as he is concerned, the previous decision of the jail commission stands. "We'll drop the idea," he said.

## A PERSONAL MESSAGE

from Governor

# Dewey

On the 21st of May, yours will be a most important decision. Next January this nation will have a new national leadership. It will be a Republican leadership. It must be a constructive, fearless, able leadership. It must be an experienced leadership.

This new Republican leadership must be much more than the one man you select to be your President, and the one man you select to be your Vice-President.

**Presidency Should Be Team Leadership**

It must be a leadership of the strongest, ablest, most outstanding men to be found in America, each best suited for his responsibility. It must be a *team leadership*.

The captain of your team will be the man you select as your President. His will be the responsibility of leading the way on national policy. He will administer the government of the greatest nation in the world. He must pick strong men to assist. He must work closely and harmoniously with the Congress.

His responsibility is to you.

**We Shall Have Peace**

If he understands the complex problems we face as a nation today, we shall have a continuous prosperity—we shall have strength—we shall have peace.

His leadership must be strong, sure, unafraid.

Twice now in less than thirty years, America has risen to the test in defense of freedom. The price in blood, sacrifice and sorrow has been very great. It must not occur again. It need not occur again.

Before you choose the man you believe best qualified to lead our government there is much you want to know.

You will judge his capacity for administrative leadership.

You will judge his understanding of world conditions and problems.

You will judge his understanding of the multitude of perplexing domestic problems which beset us as a nation.

You will judge him by his words and by his deeds.

His sincerity, his judgment, his ability, his integrity, his faith in our strength as a people, his deep belief in a strong, purposeful America, his understanding, must be clear.

**Wishes To Share Views With Oregonians**

It is in this spirit I come to you. I want you to hear my views, that you may judge. I want you to share your views with me, that we may ever better understand what is in the hearts and minds of you, the people of Oregon, for you are, in truth, representative of all of the people of our great United States.

In such a tradition was America built. In such a tradition shall America go forward as a happy, prosperous, free nation in a world at peace.
