Weather Slows Pine Flow

PORTLAND, May 7 (AP)—Unfavorable weather in the woods continued to hold western pine production under last year's level, the Western Pine association reported today in its summary for the week ended May 1.

Comparative figures, board feet:

	Last Week	Previous Week	Year Ago
Orders	57,567,000	64,406,000	71,979,000
Shipments	60,872,000	54,865,000	76,848,000

WHEAT, CORN BOTH LOWER

CHICAGO, May 8 (AP)—Wheat and corn suffered losses extending to several cents on the board of trade today. Selling came mainly from traders unwilling to carry grain over the week-end in view of a possibility that the scheduled railroad strike will be avoided.

A forecast for scattered showers in the southwest also was a factor in selling of wheat. Cash houses continued to liquidate corn, particularly the May contract. Oats acted somewhat firmer than other grains, although dropping below the previous close at times.

Wheat closed 2 to 2¾ lower, May $2.42½-⅝, corn was 2¾-3½ lower, May $2.18½-¾, oats were ½ to 1 cent lower, May $1.12½-⅝, and soybeans were 4 cents lower, May $3.85.

Wheat—	Open	High	Low	Close
May	2.44½-¾	2.44¾	2.42½	2.42½-⅝
July	2.33½	2.33½	2.31¼	2.31¼-½
Sept.	2.31¾	2.31¾	2.29¼	2.29¼-⅝
Dec.	2.31¼	2.31¼	2.29½	2.29¾

Stocks On Slow Side

NEW YORK, May 8 (AP)—Individual strong spots remained in today's stock market although many leaders failed to overcome light selling.

Demand still was based mainly on optimism over business in the light of large-scale government spending at home and abroad.

Customers, here and there, trimmed accounts or held aloof to await the outcome of negotiations in the threatened railway strike which, if it happens, would hit virtually all lines of industry.

Offerings, also, were attributed to the belief the lengthy market upswing had rendered the list technically vulnerable.

Dealings were moderately active although slowing now and then. While gains of fractions to a point or more were well distributed near the close, numerous minus signs dotted the ticker tape. Transfers for the two hours ran to around 800,000 shares.

Bonds did little either way. Grain futures slipped. Cotton was steady.

Luxury Trains Collide Today

MONTGOMERY, Ala., May 8 (AP)—The Hummingbird, Louisville & Nashville streamliner, ran headon into another luxury train in a dense fog 20 miles north of here early today.

Several persons were injured but only three required hospitalization. The others were given first aid treatment at the scene.

The second train, the Miami to Chicago Florida Arrow, was standing still when the collision occurred. A trainman who declined to be quoted by name, said the Hummingbird missed a signal in the fog and failed to take a siding.

Three cars of the Hummingbird were derailed, but none overturned. The Hummingbird was southbound from Cincinnati to New Orleans.

Moore Park Cleaned Up For Spring

The bears have awakened, a few flowers are poking out their heads and the big job of the moment at Moore park is spring cleaning.

Superintendent Bert Stott said today that the tennis courts and picnic grounds have been cleaned for the new season, and the whole park is undergoing a general face lifting.

Roads in the park are in fair shape considering the length of the winter, Stott said. Some patching work will be done, but probably not until mid-summer.

A few picnickers have braved weather quirks in recent weeks, and all are welcome to use the picnic area. Last Sunday, 308 cars were counted coming into the park, but most of them came to see the animals and not to picnic, Stott added.

The animal population of the park consists of several deer and antelope, two bears and the usual quota of birds.

Inflation has come to the animal world though, and no more animals will be purchased for the park zoo until the price goes down a bit, Stott said.

Skiing Good At Crater

Skiing should be good at Crater Lake National park this week-end, rangers advised this morning. A six-inch powder covers a hard crust on the 144-inch snow depth.

Neither the ski tow nor the lunch counter will operate the remainder of the season.

Four inches of new snow has fallen in the park the last 24 hours and the sky was overcast with promise of more snow. It was 34 at the maximum yesterday, 22 during the night with a reading of 23 degrees at 8:30 a. m. today.

Roads are open throughout the park but chains are required from Annie Spring to the rim as the highway remains snow and ice covered.

ASNE Blasts News Bill

BOSTON, May 8 (AP) — The American Society of Newspaper Editors moved today to safeguard newsmen from a pending congressional bill which would penalize disclosure of confidential information by legislative committe men.

Erwin D. Canham, American society president and editor of the Christian Science Monitor, wired House Speaker Joseph W. Martin, Jr., and the sponsor of the bill, Rep. Clare E. Hoffman (R-Mich):

"On behalf of the board of directors of the American Society of Newspaper Editors may I express the hope and confidence that language will be removed from the Hoffman bill which might permit punishment of newspaper reporters for publishing confidential information obtained from congressional sources.

"We are certain congress has no desire to abridge freedom of the press."
