

# Jews Claim Victories In Holy Land; South Korean Vote Defies Red Violence

By The Associated Press  
Jews claimed today to have occupied all strategic heights around a mountain pass 10 miles west of Jerusalem in a supreme effort to open the Arab-blocked supply line from Tel Aviv.

Some 4000 Haganah troops were said to be active in the drive to clear an avenue for food to the 100,000 Jews in truce-stilled Jerusalem. They smashed against Arab road blocks.

Across the Mediterranean, provisional President Enrico De Nicola of Italy, choice of the communists and their popular front, led Foreign Minister Carlo Sforza, outspoken anti-communist, on parliament's first vote for the presidency of the Italian republic. His 396 to Sforza's 253 was short of the needed two-thirds majority for election during the first three ballots. A simple majority elects on the fourth ballot.

**Reds Defied**  
It was estimated 80 per cent of the 8,000,000 eligible voters in Southern Korea defied communist violence and threats to vote in the country's first self-rule election. Some communists were arrested after a week-end of violence which claimed 73 lives. Communists and some "liberal" groups shunned the election as hidden by radio threats from Russian ruled radios in Northern Korea. The vote will be counted tonight.

Winston Churchill told 30,000 listeners in Amsterdam a united Europe would "revive the old glory" of the continent. He is leader of the unofficial "congress of Europe" called in the Hague to further a democratic federation of European countries. He urged a cessation of national rivalries, praised the United States and urged a stand against "any kind of totalitarian tyranny."

King Ibn Saud of Saudi Arabia wired King Abdullah of Trans-Jordan he is putting "all my armies at your disposal for the fight in Palestine." Action by Arab regular troops may start after midnight Friday when the British mandate ends. Abdullah already has command of the armies of Trans-Jordan, Syria, Iraq and Lebanon. A third of the Egyptian army was reported on the southern border of the Holy Land. The United Nations speeded the establishment of an emergency caretaker government for Palestine. Virtually all hope for a long term solution has faded. Draft proposals

of a permanent truce for Jerusalem were put before Jewish and Arab leaders.

David Ben-Gurion, premier designate of the new Jewish state, said he believed the new country "will be erected" within a few days.

## Old Adage Didn't Aid Egg Delivery

LONDON, May 10 (AP) — Careful Mrs. Annie Summer did not put all

her eggs in one basket, and it helped—but only a little bit.

When she left Chicago for short-rationed England she put three dozen eggs in three boxes. During the trip she dropped two of the boxes. When she got to London airport, she dropped the other one. Six eggs survived.

A South African heard the sad story, however, and gave her a dozen more, for her sister, ill in a London hospital.
