UO Symposium On Marshall Plan Points To World Need

Members of the University of Oregon symposium on the Marshall plan set out to do three things Monday night at their meeting at the Klamath Union high school. First, to discuss conditions in Western Europe to establish the needs of the plan; second, to describe the character of the plan, and third, to establish the social implications coming out of the administration of the plan.

Warren Webster, outstanding student in social science at the university, stated that a stable Europe is necessary for our best interests, and that Western Europe's interdependent trade mechanics have been completely broken down by war. He believes that administration of the Marshall plan will not only replace the "status quo," but establish a Pan-American trade union of Western Europe and America.

Elizabeth Misner, an ex-Wave who is working for her degree until her sailor husband comes home, stated that the supplies going to Europe under the Marshall plan would be on a basis of our own surplus, and that we would be paid for the use of our natural resources such as petroleum, iron, etc., so that we may buy these elsewhere.

Miss Misner stated that domestic prices might show an inflationary gain of possibly 3½ per cent due to purchases under the Marshall plan, but this was a risk we would have to take to avoid a third world war.

Dr. Frederick Hunter stated flatly that two ways of life were locked in deadly conflict today — democracy and communism—and the Marshall plan was the first step against communism.

"America has gone further in the cause of human rights than any other great power," said Dr. Hunter, "and that fundamentally the last four wars which America has fought have been in the interests of human rights."

He remarked that we have been called selfish to advance the Marshall plan, but at least it is an enlightened selfishness that alleviates human misery.

Professor W. A. Dahlberg, acting as mediator, added that if the Marshall plan can knock down the trade barriers in Western Europe it will be one great step toward a federation of those countries and all other countries believing in democracy. A lively discussion period followed the symposium.

The meeting was arranged for by the League of Women Voters and the extension department of the University of Oregon.

Hall Eyed For School Spot

ABERDEEN, May 12 (AP)— George L. Hall, for two years acting dean of men at the University of Oregon, was recommended last night for dean of Grays Harbor Junior college.

The recommendation was made by Edward F. Bloom, city school superintendent, to the school board. It was taken under advisement.

If approved, Hall would succeed George Allen Odgers, who is contesting his dismissal from the post. Odgers informed the board last night that he has filed a complaint of "unfair dismissal" with the Aberdeen unit of the Washington Education association.

Odgers contends he was not provided with a reason for the nonrenewal of his contract prior to April 15 as required under the state code of public instruction.

A. D. Gillies, board chairman, said Odgers was informed in a letter April 14 that he was being removed because his "administration of college affairs was not satisfactory."

Minds Picked, Check Found

BEVERLY HILLS, Calif., May 12 (AP)—It didn't cost Dr. Franz Polgar a dime to pick up a $500 check at a dinner at the Knife and Fork club. In fact, if the good doctor hadn't found the check he'd have been out $500.

His fee for addressing the dinner was $500. He agreed that if he couldn't find the check the club could keep it. The diners knew the check was secreted in a Parker House roll, and they knew the right Parker House roll.

It took Dr. Polgar, a doctor of psychology, who studied under Sigmund Freud, just three minutes to locate the check. He had the diners concentrate on its location. Then he "picked" their minds.

It's simple if you know your Parker House rolls.

Scrapbook Wins Often If Not Top

PORT ANGELES, May 12 (AP) — Port Angeles' entry in the U. S. chamber of commerce fire prevention contest may not have won the grand prize, but at least it won often.

Fire Chief Clay Wolverton, who received the city's national second place award in Washington, D. C., told the chamber of commerce here yesterday that the entry picked up another and unexpected award in Seattle.

Attending the state PTA congress there last week, Wolverton got tired lugging his big scrapbook around and laid it down with some other books on a table. When he returned he discovered that judges for a school scrapbook contest had clipped a neat "certificate of merit" to his book's cover.

Suspect Jailed In Bank Theft Job

PORTLAND, May 12 (AP)— Henry Clay Green was held in jail here today to face a federal charge of robbing the state band of Sweet Home of $57,000 last August.

He pleaded innocent to three counts of a federal indictment. Also held under indictment on the same bank robbery charge is Henry Clay Tollett, who has pleaded guilty.

Federal Judge Claude McColloch set June 15 as the trial date for Green.

The court also set June 22 as retrial date for San Scribner, Bakersfield, Calif. A federal jury failed to agree last week after the defendant conducted his own defense. He is charged with the holdup of the Oakland, Ore., bank.

Indian Held On Murder Charge

CRESTON, B. C., May 12 (CP)— Gabriel Luke, 35-year-old Indian, today was charged with murder in the May 6 death of Melanie Michel, 22-year-old expectant Indian mother. He was remanded to Saturday.

Police report the woman disappeared April 23 following a drinking party and returned later with cuts and bruises on her body. She did not call a doctor until the day of her death.

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 33¢ at any drugstore.

Polio Victims To Get House Help

PORTLAND, May 12 (AP)— Portland's Polio Swim club plans an old-fashioned house raising for two of its members, both paralysis victims.

Burton Helzer, club president, said members would put up a prefabricated house Sunday for Mr. and Mrs. Harold Metsker, just southeast of the city.

Metsker is confined to a wheel chair and Mrs. Metsker wears a leg brace and has only partial use of her arms—but they plan to raise chickens on their acre.

Helzer said club members would put in a garden and build a chicken house, in addition to the residence.

Soil Saving Studies To Be Made

PULLMAN, Wash., May 12 (AP)—A series of technical field days will be held at soil conservation nurseries and cooperating experiment stations in the Northwest during the next two months, officials said today.

Dates were announced by John L. Schwendiman, manager of the Pullman soil conservation service nursery, and W. E. Chapin, manager of the Bellingham nursery. The field days are primarily for SCS technicians and district supervisors and cooperating technical workers.

Dates are: Sherman branch experiment station, Moro, Ore., May 25; dryland experiment station, Lind, May 28; Bellingham nursery unit, June 3; Sandpoint, Idaho, branch experiment station, June 8; Pullman nursery unit, June 10, and Eastern Oregon livestock branch experiment station, Union, Ore., June 15.

20-30 Hosts Tule Couple

Guests of honor at the 20-30 club ladies night Tuesday were Mr. and Mrs. Stan Buckingham of the Tulelake club.

Margaret Steenson and Dorothy Ramsey entertained the club by teaching square dances and old-time waltzes.

The marble tournament was discussed and plans have been arranged to send the four top marble champs of Klamath Falls to the state tournament in Portland, and a chance at the tournament in Salt Lake City.

The cancer drive was also discussed and thanks of the club were voted to the Shasta Pacific Model Railroad club in its assistance in the cancer drive with its open house. The cancer drive address is PO box 778, Klamath Falls, Ore.

Air Group Gets Support

LAKEVIEW, Ore., May 12 — Great interest was shown in the organization of a regional aeronautic association by the officials and delegates to the Shasta Cascade Wonderland association midyear conference held here May 8 and 9.

Tom Stanley, manager of the SCWA, in a letter to Art Seymour, president of the Lake County Aeronautic association, sponsors of the new organization, praises the endeavor and suggests the group be named Shasta Cascade Aeronautic association or the Wonderland Aeronautic association. Mr. Stanley states in the letter, "Note where you plan a regional—association of flyers in our area which is a good plan and should have been done long ago, so as to help develop—better fields and better information on flying in the area."

The association will be organized at a breakfast flight to be held here Sunday, May 16. Flyers are invited from all points in Superior California, Eastern and Central Oregon and Western Nevada.

Movie Writers' Trials Held Off

WASHINGTON, May 12 (AP)— Government and defense attorneys reached an agreement Tuesday for postponement of any verdicts in cases of eight Hollywood figures charged with contempt of congress until appeals of two screen writers already convicted re decided.

The agreement also provides for procedure in handling the cases of the eight remaining defendants.

Attorneys in the cases said the eight will waive jury trials and will submit statements of fact as they see them to the district court. The government also will submit statements of fact. The court then will withhold any judgments until the two cases on appeal are decided.

Seven lucky girls were introduced at today's pep assembly as the new rally squad team. The names of the girls were kept secret until today and came as a surprise to Patsi Somers, Barbara Gately, June Hensley, Gloria Hill, Gloria Vanderhoff, Beverly Young and Patsy Kennett, who were selected on a competitive basis.

A "passing parade of seniors" and a skit which included Pat Williams, Bob Mahoney and Cy Newman was also staged at the assembly which was held in honor of the track and baseball teams. The six boys who qualified for the state track meet this week-end, Doug Barker, John Stone, Bill Mosby, Pat Baker, Tom Edwards and Jerry Schubert, were given a send-off.

Those selected are Bonnie Ward, Patricia Ward, Barbara Perkins, Colleen Creswell and Bob Hooker. The last contestant will be chosen today. The winner will have his name engraved on a trophy which is kept in the trophy case. Last semester, Loren Haroldson was the winner.

Duster Pilot Dies In Crash

ONTARIO, Ore., May 12 (AP) — A pilot who went out in an attempt to dust a farm field crashed to his death near Adrian, Ore. Tuesday.

Wendell Dullea, flying for the Ontario Aviation company, was making a sharp turn over the Ekagner farm east of Adrian when the engine stalled. The plane burst into flames when it struck.

Ralph Crane, aviation company manager, who was flagging for Dullea, rushed into the fire in a futile attempt to pull Dullea clear. Crane suffered severe burns on his face and hands.

Crane said he had just signaled Dullea to head back for the Ontario airport as it was too windy to dust the fields with insecticide. He said the plane started for Ontario, made a sharp turn back over the field and stalled.

Coroner R. A. Tacke said the pilot, the only man aboard the light plane, was killed instantly.
