

# Braves Slip Through For 9th-Frame Win

## Larry Guelfo Touched For Ten Bingles

MARYSVILLE, Calif., May 13 (Special)—The Marysville Braves notched a 4 to 3 win over the visiting Klamath Falls Gems here last night, waiting until two were out in the last of the ninth to do it.

With the score tied at three-all, the Braves came to bat in the ninth frame. Pitcher Gene Johnson filed out. Gili's single got through Gene Bonner in centerfield for a two-base error. Simpson popped out and Gene Bennett lined a hit over Joe Anselmo's head in left field to drive in the winning run.

Marysville had picked up a run in the first inning off Larry Guelfo and added a couple in the sixth. Guelfo gave 10 hits. The Gems got one in the third on a couple of errors and Rick Small's single, and another in the fifth when Nick Muli smashed a triple to deep left field and scored on Small's ground-

The third Gem run and the one which set the stage for Marysville's ninth-frame win came in the sixth when, with two out, Catcher Ralph Mohler doubled to left and came home when the Braves' shortstop threw wild on Bob Wallace's infield roller.

**FIRST APPEARANCE**  
Mohler, former member of the Salem Senators team of the WL league and also of a Medford semi-pro team, joined the Gems Tuesday and was making his first appearance in the lineup. He caught errorless ball, threw out one attempted stealer and hit two for four.

Tom Mankey, regular backstop, was shifted to right field.

The teams met here again tonight.

The box:

Klamath Falls	AB	R	H	E
Muli	4	2	1	0
Small	4	0	2	0
Taylor	3b	0	0	0
Anselmo	lf	0	0	0

## Oroville Humbles League Leaders

By The Associated Press  
Pitcher Walt Evans led Oroville to a 9-2 victory over Santa Rosa in the Far West league last night. He hurled a four-hitter and opened a four-run scoring binge in the fourth inning with a lusty double.

Willows knocked over Medford, 6-5. Most of both club's scores came off errors and stolen bases. Starting Pitcher Andy Nunes got the only Medford hit.

The Redding win over Pittsburg, 10-7, was compounded largely of miscues, too. The Browns collected nine runs in the second and third innings on six hits and four errors. Pittsburg out-hit the winners 17-8.

## Ducklings Whipped

EUGENE, May 13 (AP)—Just like their varsity brothers, Oregon State frosh whipped the Oregon frosh 73-56 1/2 here yesterday in their annual track and field meet. The OSC varsity has downed Oregon in a dual meet and in relay competition this spring.

**Poppin, Bianchini Skip Contracts With Gems; Mike Under Suspension**

Two members of the Klamath Gems squad, Mike Poppin and Vince Bianchini, have jumped the squad, and Poppin, the starting shortstop, has been suspended indefinitely by the club with permission of minor league baseball officials. Bianchini's case is a little different but he may also be suspended.

A suspension means that Poppin will never again be allowed to play organized baseball—at least until his suspension is lifted.

Mike was one of the limited service players on the team, property of the Terre Haute, Ind., Phillies and optioned to the Gems. When Mike was sent to the Gems this spring he was reluctant about reporting and didn't show up at the Lodi camp until two days before the season opened.

He was put into the lineup immediately at short, but still wasn't satisfied. His last appearance with the club was Monday night here, against Medford. He is now reported to be in San Francisco.

Despite the fact that he has had previous experience, Poppin did not set the world on fire the few games he played for the Gems. He was hitting about .170 and had occasional fielding lapses.

## Vince Wanted To Be A Copper

Vince Bianchini, on the other hand, was a top outfielder and was battling around the 400 mark. He jumped his contract to return to South San Francisco where he intends to become a policeman.

During the winter ball season Vince was after Don McShane, Phil scout, to give him a try and McShane sent him to the Gems. Meanwhile, Bianchini had applied for a job as a policeman in South San Francisco, and while he was at Lodi he was given time off to take a couple of exams, which he passed.

Manager Joe Gantenbein made arrangements for Vince to join the South San Francisco police department after baseball season and the boys got to calling Vince "the copper." But this week he decided to skip out and go back home.

## Ralph Mohler Joins Squad

Disappearance of Poppin and Bianchini from the Gems roster has necessitated some changes and Gene Bonner has moved into a regular gardening job. Ralph Mohler, catcher, who played for a Medford semi-pro team last year and was sent down by the Salem Senators, has joined the squad for a look-see, and Tom Mankey may move to the outfield.

Bob Wallace, youngster who has played off and on in the infield, has taken over shortstopping for a while. Gantenbein himself may start appearing in the lineups more often.

## He Oughtta Gripe, Th' Snake

This is fishing season and, following as night to day, it's also tall-story season. Latest is told on Bob Oliver, the real estate man, who was fishing on the lake the other day. Bob—so the story goes—had used about everything in his tackle box trying to get a strike and was moaning that he didn't have any minnows.

Pretty soon he saw a snake of some breed in the water and watched while the reptile captured himself a minnow. Bob reached out and grabbed the snake, swiped the minnow and used it for bait.

## Striped Bass Derby Pays Off

Ernie Brethaupt out at Mac's store has a new boat and kicker as a result of his entry in the Oos Bay striped bass derby last summer. His 52-pound bass took top honors and the 14-foot boat and 4.2 horsepower motor were the prizes.

Although Ernie won the prize last year, the boat and kicker were delivered only this week. He had already built a trailer for it.

## Louis Will See 34th Birthday

BLOOMINGDALE, Mich., May 13 (AP)—Joe Louis, training here for defense of his world heavyweight championship against Jersey Joe Walcott in New York June 23, throws off diet restrictions today to celebrate his 34th birthday.

Louis' chef for 12 years, Bill Bottoms, has prepared a 30-pound turkey, plus all the trimmings, and a four-layer cake for the champion's party to which all camp personnel has been invited.

The Brown Bomber's two children, Jacqueline, five, and Joe Jr., ten months old, will be honored guests.

Louis will leave for Pompton Lakes, N. J., on Monday to start his boxing program.

**Western Mail Bag**  
**Simon-Pure Casaba League Wanted In Denver**

By BEN FUNK  
DENVER, May 13 (AP)—Fans in this hotbed of AAU basketball believe the organization of the Industrial league—a circuit reaching from Denver to Pittsburgh—could very well mean the salvation of big-time amateur basketball.

Team sponsors like General Electric, Chevrolet, Goodyear and Westinghouse could go a long way toward offsetting the inroads made by the professionals the last few years. . . . These corporations have the setups to produce high-powered teams and their offers of good, lifelong careers will be more attractive to many players than the prospect of immediate gold in the pro ranks. . . . The national champion Phillips Oilers will be in the new league and their employe team system is expected to be used as a pattern by the other sponsors.

## Tex Hughson On Way Back To Class 'B'

BOSTON, May 13 (AP)—The tall handsome young man who was one of the American league's best pitchers less than two years ago, the fellow who threw more pitches than any other hurler, is on his way back to a class "B" minor circuit.

"Sure, it's a blow," said soccer-armed Tex Hughson after he had been informed that the Red Sox were sending him out.

"It's a blow to any ball player to be sent down. But I'll be back. I'll be around here again."

It is the hope of Sox officials that the hot sun of his native Texas—Hughson is going to Austin of the big State (Texas) league—and the idea of pitching against less skillful opponents, where the pressure on his arm will be easier, will help the 32-year-old pitcher.

Tex explained that a circulatory deficiency was cured by the first of two operations last winter. An overdeveloped muscle interfered with a principal vein in his shoulder and neck.

Tex added that in the two innings he pitched this year he could throw at half speed and three-quarter speed.

Arizona contains eight national forests, covering a total of 11,400,859 acres.

With Phillips leaving the three-year-old American basketball league, it's a good bet that the ABL now will be concentrated in the far western states. . . . and if the Industrial league sets a good example in promoting purely amateur teams the AAU may decide to crack down on rumored professionalism in the ABL. . . . There were reports last year of salaries as high as \$6500 a season paid to the better "amateurs."

The University of Denver race track will be sizzling this week-end, with such stars as Herb McKenley, Barney Ewell, Dave Bolen and Ken Stivers all scheduled to run on it. . . . McKenley, who will represent Jamaica in the Olympics, and Bolen, a top candidate for the American team, will meet in a 440-yard match race at the Rocky mountain AAU carnival Saturday. . . . Ewell, former Penn State sprint champ, and Stivers, the Denver ace, will run a 100-yard exhibition between halves of a Denver U. intra-squad football game Friday night.

The 135-yard 11th hole at the City Park golf course in Pueblo, Colo. certainly was made to order for the Marsalis family. . . . District Attorney John H. Marsalis shot the hole in one the other day. Previously, his brothers, Harry and Bill, had both aced it.

NEW YORK—Jim Cully 262, Tipperary, Ireland, knocked out Wally Baden, 207, Scranton, Pa.

PHOENIX—Irvin Steen, 143, San Diego, Calif., outpointed Charley Salas, 142, Phoenix, 10.

# Brooks Holder Gives Self Night As Oakland Defeats Angels, 5-3

By The Associated Press  
It was Brooks Holder night at Wrigley field when Oakland whipped Los Angeles last night. There were no advance preparations, no speeches, but Brooks decided to have a night—and what a night!

The veteran outfielder just about single-handedly won the ball game. The final score was 5 to 3. Brooks came to bat in the fifth inning with the Angels leading, 2-0, by virtue of Eddie Malone's homer with one on in the second. He caught one of Walt Lafranconi's hooks and slammed it out of Wrigley field, scoring Gene Lillard, Loyd Christopher and Damon Hayes ahead of him.

Nick Etten then tripled and came in when Don Dallessandro dropped Les Scarsella's long fly ball. The last run wasn't needed, as the Angels could score only once in the ninth. Twice before they had started innings with triples but couldn't get the man in.

The Angels dropped three full games behind San Francisco because the Beals pitched Hollywood's shoulders to the mat again in San Francisco, 4 to 3, in 10 innings. Home runs spelled the victory. Hugh Luby socked one in the ninth to tie the count and Mickey Rocco blasted the clincher in the tenth. It was Rocco's seventh of the season.

Con Dempsey got credit for the win. He came in to relieve Jack Brewer in the seventh with the bases loaded and one run in. He let in another but then worked himself out of trouble.

San Diego finished strong in late innings to nip Portland, 5-4. With the count 3-1 for Portland, San Diego pulled even on Vince Shupe's 300-foot homer over the right field fence in the eighth. Portland, however, edged ahead in its half of the eighth when Penton Mole's flyout to center scored Herman Relch.

In the top of the ninth, San Diego pushed across two more runs and then sent in Relief Pitcher Gene Thompson who held the Beavers in check in their final turn at bat.
