New 'Sun Twins'

again emphasize Madame Helena Rubinstein's genius for anticipating the cosmetic needs of every woman . . . and with these latest packaged twins the problem is solved for acquiring and keeping a glowing, flattering tan throughout the summer.

Two simple products take care of every contingency . . . "Sun Tint" and "Liquid Sunshine." The former is a camouflage nobody will detect when this clear, brown liquid is washed over the face, body or legs, then allowed to dry. It gives the skin a vital tan that looks amazingly real, hiding city pallor. It's waterproof and comes off only when washed with soap and water.

Liquid Sunshine . . . the perfect chemical sunburn preventive . . . is for applying over Sun Tint, to screen out the painful part of sunbathing. This prevents coarsening of skin texture and drying out of natural oils . . . giving you a smooth, even-toned golden-brown.

Starting Monday, "Sun Twins" . . . handily packaged together for a mere \$1.25 . . . will go on display at CURRINS' . . . the friendly drug store at Ninth and Main . . . where you can stock up on all vacation needs in exclusive Rubinstein cosmetics.

New York designers have been concentrating on new prints for the summer season that play up shadowy rainbow stripes, color-washed backgrounds and sharp, ened motifs in black and white, aided by woolens and linens in harmonizing colors.

Chubby Dresses

in cute Cinderella modes . . . are new arrivals in the upstairs children's shop at MILLERS' . . . and range in size from 8 1/2 to 14 1/2. In this selection are waffle-weave piques in slenderizing stripes . . . balloon prints over cool pastels . . . fresh pin-stripe chambrays with black patent belts . . . and novel sailor boy prints . . . all priced at \$4.95.

Lovely white confirmation dresses for this special day observed by some of the churches, have also been received. Most appealing is the dotted organdy, worn over a white satin slip, for \$10.95 . . . but there's a white dotted Swiss, trimmed in delicate lace, for only \$7.50 . . . and a perfectly gorgeous rayon taffeta for \$9.50.

Boys can now get striped cotton pajamas in multi-colors . . . tailored just like dad's . . . at Miller's. Sizes run from 2 to 10 . . . and they're \$2.98. Sportswear shirts for the two, four and six ages come in seersucker, cotton prints or solid shades . . . priced at \$1.98.

You'll find a large assortment of youngsters' sun suits and playwear . . . both in fanciful and practical types . . . displayed on the second floor of MILLERS' . . . 512 Main.

Basic rule for monogramming silver, say experts of the Jewelry Industry Council, is that the monogram harmonize with the silver pattern. Beauty can be added to a simple early American pattern by choosing either block letters or elaborate script. Flatware with a floral or Renaissance design is most enhanced by just a single letter in Old English or by an ornamental script.

Suede Jackets

by scully . . . are again available at LONG'S . . . the same as those that moved out of the store so fast after being introduced last year. And no wonder, when they're such handsome pieces of apparel for sports or casual wear . . . distinguished by soft, velvety coloring and beautiful lines.

Each jacket has a three-patch-pocket detail . . . back fullness extending from a narrow yoke across the shoulders, yet slightly fitted at the waist . . . and is beautifully lined in heavy satin. Colors include beige, Caliente red, Tahoe blue, Pottery, Rancho tan, Kelly green, and Benedictine which is a luggage shade. Sizes run small, medium or large.

All spring suits at LONG'S AP-PAREL . . . 719 Main . . . have been vastly reduced for a pre-summer clearance . . . giving you some worthwhile values in choice woolens and gabardines that you won't want to miss.

A most colorful place in the Artificial Flower shop down on San Francisco's Geary street. There's practically any posy you'd want—natural looking as can be—from entire bowl arrangements to single potted blossoms. If ever you get your hands on some, fix a bouquet in a marine bowl, without water of course. They're more effective under glass.

Damaged Hair

can be greatly improved and aided toward regaining its former healthiness through treatments now available for the first time at STUDIO OF BEAUTY . . . in which Deon's hair conditioner are used . . . treatment requiring two consecutive days of applications but producing marvelous results.

This prescription treatment is particularly recommended for hair that's been damaged through use of home kits, overprocessed in permanent waving or from exposure to weather. In fact, it's of benefit wherever the hair has become dry and brittle through loss of its lubricating materials.

Anona Roberts . . . of STUDIO OF BEAUTY . . . on the mezzanine of Whytal's . . . emphasized that the two consecutive treatments are absolutely necessary to obtain best results. On the first day Deon's neutralizing oil and hair cream are applied. On the second day a warm lubricant is used, followed by a cleansing with Deon's detergent . . . after which the hair cream is thoroughly worked in again. These products are not for sale at Studio of Beauty . . . but are stocked for treatment use only.

For Her Best

and tucker for graduation . . . and afterward . . . WHYTALS is offering an assortment of stunning frocks that have a place in every girl's wardrobe for special occasions.

Perfect for combining with colorful accessories are a rayon weave in creamy beige, highlighted by crimson buttons and belt . . . a black and white pin stripe two-piece, also brightened by touches of red . . . a Kelly green crepe trimmed in white soutache braid, delightfully youthful with its Peter Pan collar, cape sleeves, gathered skirt and waistline emphasis . . . and last, but not least, a junior type frock in rust crepe on which a wide ruffle is draped from waistline to hem, extending clear around the skirt . . . a dress that takes well to jewelry effects.

Extremely dressy are the inspiring pinks or other delicate pastels in crepe, combining pretty draped effects with full skirts. A simple dinner dress of beige crepe is designed with a low neckline, puffed sleeves and a cluster of flowers at the waistline.

Dressy, too, but not one whit flashy are the striking leaf print shears in shades of blue or red . . . with circular skirts and etched belts that make the waistline seem smaller. Nice for tea-time or a party is a midnight blue print that takes a lot of wearing. In contrast to the many full-skirted numbers, this dress has a slim, straight skirt, enhanced by hip drapery.

Also outstanding in this selection at WHYTALS . . . in the Medical-Dental building, Main at Ninth . . . are the lovely pastel prints in "Peach-a-bonnie," a rayon mesh . . . and the smart Marjone frocks, including a semi-sheer of buttercotch that has plenty of style in a casual way!

This season's high-styled beach hats, fashioned of raffia, leghorn or "driftwood" straw will recall the sun shades of cracker straw worn by bathing beauties of the Gay 90's period.

Strawberries are becoming almost plentiful, providing a refreshing spring dessert for the table . . . and the convenient Avonet sterilized whipping cream . . . that keeps sweet for months under proper refrigeration . . . is back again.

The cheese case at PINE STREET MARKET . . . corner of Seventh and Pine . . . look on a more interesting look with the arrival of different varieties . . . the little round, red Gouda cheese, Famous Blue Cheese wrapped in foil, Borden's mellowed wedges, the Pimento Wej-Cuts and a new supply of Liederkranz. S and H Green Stamps are given with all purchases.

A new invention in hair brushes allows the bristles to be removed from the handle for washing, without having to dunk the entire brush, and contains an inside, separate pad for saturating with perfume.

The Centennials

those satisfying, rum flavored chocolates carrying the famous Hoefler name . . . are being featured at PELICAN CANDY JAR . . . a display that ties in appropriately with this week-end's showing of "I Remember Mama" at the Pelican . . . for in the book these particular Hoefler chocolates are mentioned right out in print several times. Not too surprising, as they've been getting around a lot for the past 50 years.

Hoefler's Centennial boxes are outstanding and easily recognized, picturing a San Francisco cable car. The inside contents are distinctive, too . . . rich rum-butter creams, topped by half a walnut and coated with delicious chocolate. A plentiful supply of both one and two-pound boxes . . . priced at \$1.50 and \$3.00 . . . were included in this new shipment to PELICAN CANDY JAR . . . 722 Main.

You can test your face for shape by tracing its outline on a mirror with a lipstick, and thus determine which type of hair styles do the most for you.

Melba West

is a consultant on hair problems for many years and a representative member of STAR BEAUTY SHOP's personnel . . . and Melba will be glad to help you with any permanent wave problems. In addition to her regular beauty work, a reputation for on-the-dot appointments is rapidly being built up since Cordia Nash became the new owner of STAR BEAUTY SHOP . . . at 435 Main . . . by having an adequate staff of trained operators . . . which includes Claire, Myrtle, Zoe and Melba . . . and if you've been having any trouble getting a manicure, on sudden notice, just phone 7085.

Not evening gowns that grow wilted can be restored to their original billowy freshness by laying paraffin paper over the tulle and pressing with a hot iron.

Flintridge China

made on the west coast by an English craftsman . . . can be ordered in any quantity from JEWEL AND GIFT SHOP . . . and since its recent arrival, several brides-elect have already succumbed to its unusual beauty and bone china quality that is similar to Lenox.

Flintridge gives a choice of borders in blue, teal, rose, coral, yellow or all white with a gold band . . . and the service plates bordered in color have an outstanding floral center . . . of rose bouquet, delicate pink and gray anemone, the popular and well-known Indian rose, a single moss rose or a nosegay.

Sets include teapot, cream and sugar, salt and pepper, all staple pieces and the serving dishes . . . strictly open stock. You'll love the teacups and demitasse cups, banded in gold, with their graceful handles and feet.

This exquisite china combines perfectly with Jewel and Gift's patterns in silver and the Swedish crystal. Louise Reinhart . . . who earned part of her university degree in interior decorating . . . will gladly assist you in selecting harmonizing patterns for Flintridge . . . or in carrying out other colonial, modern or traditional periods.

Special orders for Flintridge will be placed immediately by JEWEL AND GIFT SHOP . . . 519 Main . . . your S and H Green Stamp gift . . . and inasmuch as it's made right in this country, all the doubts and risks connected with imports are eliminated.

The new, imported Swiss organzies leave nothing to be desired for sheer allure. Shadowy pigment prints or satin-stitched embroidered florals are traced through their delicate background coloring, and they're exquisite for ankle-length party dresses or the bouffant styles.

Famous LaPointe

stockings . . . in 51-gauge only but in three different weights . . . 30, 30 and 15 denier . . . are truly a sensational hosiery buy at LAPOINTE'S right now . . . priced as they are at only \$1.53 a pair . . . or three pair for \$4.53 . . . practically unheard of for such quality sheers, and the least expensive, to Martha's knowledge, on the market!

the Farberware electric type that won't tarnish . . . are now available at RICKY'S in several sizes . . . and it hasn't been so long ago that had a shipment like this arrived, we would have been falling all over ourselves to get there.

These percolators are exceptionally good looking, being of chrome inside and out . . . and have a wonderful coffee reputation. Each contains an 8-in-1 fuse, an improvement over the older models . . . meaning it could burn out eight times before the fuse would have to be renewed.

Also they can be purchased in sets containing chrome creamer, sugar and tray for \$28.95 or \$30.95, depending on percolator capacity.
