GRAINS SHOW LATE RALLY

CHICAGO, May 17 (AP) — Grains rallied toward the close of the board of trade today. Early losses were for the most part erased. Trading was active with short-covering a factor in the late rally.

May contracts acted weaker than the later deliveries. In wheat, there was some selling of May against purchases of July, which was firm all day.

Wheat closed ¼-1½ higher, May $2.45¼-½, corn was ⅝-1⅝ higher, May $2.30⅝-$2.30, oats were ⅛-1½ lower, May $1.15-$1.15¼, and soybeans were 8 cents higher, May $4.14.

Wheat—	Open	High	Low	Close
May	2.43½-44½	2.45½	2.43¼	2.45¼-½
July	2.31-30⅝	2.32⅝	2.30½	2.32¼-½
Sept.	2.30⅝	2.31½	2.29½	2.31-31¼
Dec.	2.30	2.31⅝	2.29½	2.31½

Stocks Stage Late Gains

NEW YORK, May 17 (AP)—Demand for stocks revived late today after heavy profit taking sales stopped the market in its tracks following last week's burst of speed.

Gains and losses were in close balance most of the day. In the final hour of trading, investor interest perked up again and the majority of issues veered to the plus column. Rails provided leadership for the late improvement.

A downward trend set in soon after a fast opening.

Business dropped well below Saturday's high-speed turnover, but was still far larger than recently has been considered normal. Total turnover was around 2,700,000 shares.

Owens-Illinois landed in front with a gain of around 2 points. Also higher were Montgomery Ward, Douglas Aircraft, United Aircraft, N. Y. Central, Northern Pacific, United Airlines, Anaconda, Consolidated Edison, Allied Chemical, General Electric, and American Woolen.

Grains and cotton came back after a downward move earlier. Bonds rallied in line with stocks.

County Road Tax Levy To Be Pushed

The county has a job on its hands in securing passage next Friday of a three-mill three-year special property levy designed for use on Klamath county's permanent road system. The money, if it comes in, is to be used primarily in surfacing roads already built but also in building a few new roads.

The county's budget has been kept within the bounds of the 6 per cent limitation and does not need a vote, but no property tax money has been set aside for roads in the 1948-49 document. Neither was there any for the present fiscal year.

Some money for roads comes in by way of gasoline taxes, traffic fines, motor vehicle licenses and the like, but not enough, members of the county court and road department feel, for anything more than purely upkeep work.

The proposed three-mill levy would bring in, on present property assessments, about $117,000 a year. It figures out at 30 cents on each $100 of assessed valuation. The county assessor figures that the average taxpayer in Klamath county will pay only about $4 or $5 more per year if the road levy passes.

A similar levy was put before the voters a year and a half ago and was defeated.

Wally Hector, county engineer, says that much of the money will be spent on roads traveled by school buses, and that he believes this additional tax money is needed to protect the big investment Klamath county already has in its road system.

For passage, the road measure needs a simple majority of the total vote.

In the county, polling booths were set up at all elementary schools. Hours were the same as in city elections.

Qualified voters are taxpayers residing in the district in which they vote.

Driver Arrested On Turn Charge

Lindsey Lee Pompey, Chiloquin Indian, was arrested by state police at 5:30 p. m. Saturday on a charge of making an improper turn at an intersection when he ran into a car operated by Priscille Clarice Yaden, route 2 box 549-Z.

The accident occurred on S. 6th near the fairgrounds. Both cars were damaged but there were no personal injuries, officers said. Pompey was operating a car belonging to Charles DeLap Jr.

Rail Talks To Resume Tuesday

WASHINGTON, May 17 (AP)—The White House announced today that labor and management representatives will resume negotiations tomorrow in the railroad wage dispute.

Officials of the three brotherhoods which called a strike that led to government seizure of the carriers will meet with those representing the railroads at 9 a. m. in the Hotel Statler.

They will meet, the White House said, at the suggestion of Presidential Assistant John R. Steelman "in an effort to reach an agreement under which the government can turn back the railroads to private management."

New Plane To Visit Here

A dealer-sponsored Ercoupe will visit Klamath Falls on Tuesday, according to Lakeland Flying service, local distributors, and the public is cordially invited to go to the airfield in the afternoon and see the new plane.

The 1948 model has been extensively redesigned, with an all-new plastic dash, different upholstery and general design. The elevators have been modified, and the horsepower upped from 75 to 85.

The plane is expected sometime after noon, and will remain throughout the afternoon.

Late Buying Boosts Stocks

NEW YORK, May 17 (AP)—Late buying sent stock prices ahead today but the activity didn't even come close to Saturday's bull market.

Prices advanced as much as $2 as buyers swept into the market in the last hour.

Railroad issues led the advance, following news that the brotherhoods and the carriers were ready to talk over differences.

Sales topped 2,500,000 shares for the five-hour session, which was the approximate amount of business transacted Saturday in two hours.

The last minute buying wave eliminated many losses sustained earlier in the day when traders began turning last week's profits into cash.

Today's was the broadest market on record. There were sales in 1161 of the listed issues, exceeding the record of 1151 last Friday.
