Candidates Start Last Minute Drive

(Continued from Page 1)
 have a registration majority in Klamath county and reasonably could come up with a record vote.
Four Measures
 In addition to the candidates for office, city voters in Klamath Falls will have four measures calling for tax levies to pass on next Friday, and any and all of them are going to have a hard time going through. In recent years voters here have been extremely reluctant to vote any new taxes for anything except schools.
 One city measure asks for a continuing levy of 1 1/2 mills for recreation purposes, another is for one mill for upkeep of parks and a third asks for a continuing levy of 1/2 mill for maintenance of Linkville cemetery.
 The fourth measure is a county affair and will be put before all voters of the county. It asks for three mills for three years for work on the permanent road system of the county.

Basin Men On Road Group

C. E. Motschenbacher of Dorris and Malcolm Epley of Klamath Falls were elected directors of the Oregon section of the US 97 association, at a preliminary organization meeting held at Bend over the weekend.
 Giles French, Moro, was elected chairman of the directors for the Oregon-California section of the association. The Washington section is also meeting separately to choose directors, and within a few weeks a joint meeting will be held to conclude organization procedure.
 A tentative division of obligation for raising money to promote travel and do other work for US 97 set \$750 as Klamath's figure. The same apportionment was given Bend. It was left up to chambers of commerce of the various communities to determine methods of raising the money.
 Epley and Manager Charles Stark of the chamber attended from here.

House Refuses To Kill Red Bill

WASHINGTON, May 18 (AP)—The house refused by a voice vote today to kill a bill to curb communist activities in this country.
 It acted as it drove toward passage tomorrow a bill that would require the communist party to register and file financial statements annually and to imprison anyone advocating establishment in this country of a totalitarian government controlled from abroad.
 The move to kill the bill was made by Rep. Miller (R-Conn.), who told the house the main effect of the measure would be to "drive underground the dangerous elements."

Russia Second To Recognize Israel

MOSCOW, May 18 (AP)—Russia became the second major world power today to extend official recognition to the new Hebrew state of Israel.
 The United States announced recognition of Israel last week, only minutes after the new state came into existence. Guatemala followed the United States.
 Russian Foreign Minister V. M. Volotov sent a note last night to Moshe Shertok, foreign minister of Israel's provisional government, saying:
 "An automatic electric executioner of flies, gnats and other small insects, eliminating the need for sprays, has been devised for use, especially in dairies and bakeries."

Boy Without A Country

"I want my boy to be an American," said Mrs. Sonja Bromberger, 22, as she arrived at San Francisco aboard the SS Gen. Gordon with her 2-day-old "stateless" son born between Honolulu and the U. S. The parents fled Nazi Germany in 1939, met in Shanghai and were wed two years ago. Parents are being aided by the Hebrew Immigrant Aid society and hope to become citizens.

National Guardsmen Protect Workers in Packers Strike

Two of several automobiles carrying workers moved toward the strikebound Swift & Co. packing plant in St. Paul, Minn., as National Guardsmen, called out to restore order, set up a bayonet wall of protection to hold back strike sympathizers who booed and shouted catcalls. Guardsmen flank either side of the automobiles.

Doctors And Nurses Kept Busy With Flood Of Injuries, Mostly Children, Over Week-End

Doctors and nurses were hard pressed this week-end to keep up with the parade of injured, mostly children, which entered Klamath hospital for treatment.
 Susan White, 1-year-old daughter of Harold White, route 1 box 694, city, was admitted to Hillside Saturday for treatment after the little girl is thought to have drunk from a bottle of disinfectant. She was later dismissed, apparently recovered from burns.
 At 5 o'clock Saturday afternoon, Tommy Smith, 7, son of Al Smith of box 1934, Pelican City, was brought to Hillside for lacerations of the upper left arm, received when the youngster got tangled up in barbed wire.
 Just 45 minutes later, Carol Foulon, 4-year-old daughter of Edward Foulon, paint contractor living at 1740 Johnson, was admitted to Hillside's emergency room for lacerations of her lower right leg. Carol had fallen on a foot scraper near the door. She was dismissed.
 Everybody got a breather for a few minutes until 6:25 p.m. when 6-year-old Jerry "Bobbie" Lumpkin was rushed to emergency for treatment of a head injury. The child, it is understood, was coasting down a hill when he collided with a car. His head hurts were not as serious as first thought and he was dismissed following treatment. The child is the son of Lester Lumpkin, 3547 Shasta way.
 Allen Friberg, 15-month-old son of R. C. Friberg, was admitted for treatment at 6:45 p. m. Saturday for an extremely painful injury to the groin received in a fall at his home. His condition was said to be improved today.
 Late Saturday night L. L. Cheyne, Klamath rancher at route 1 box 873, wound up the day's work by arriving at the hospital at 11:30 p.m. for treatment of injury to both eyes. He was also dismissed after steel was removed.
 On Sunday, David Karl, 14, was brought to Hillside for leg hurts. David, son of Ernoch Karl of route 3, had fallen from a tractor and the machine moved over his leg causing a 16-inch laceration which required surgery. The accident occurred late in the afternoon. David was admitted at 6 p.m.
 Shortly after the Karl accident, Albert Denton, well known Fort Klamath rancher, was given emergency treatment for severe laceration of the left hand. This was at 6:45 p. m.

Khorassan Members To Be Honored

SEATTLE, May 18 (AP)—National and district officers of the Dramatic Order, Knights of Khorassan, an affiliate of the Knights of Pythias, will be honored at a ceremonial here Friday.
 Guests at the meeting include Frank D. Sheppard of Cedar Rapids, Ia., imperial prince, and Guy Johnson, district deputy imperial prince, Pendleton, Ore. Ray D. Green, grand chancellor of the Knights of Pythias, Ellensburg, also will attend.

Odessa Man To Head Students

TACOMA, May 18 (AP)—E. V. Fink, Odessa, will head the Associated Students of Pacific Lutheran college during the school year opening next fall.
 Other officers named yesterday are: Howard Larson, Portland, vice president; Charlotte Mykland, Issaquah, secretary, and Donald Pederson, Bend, Ore., treasurer.
 Edna Haglund, Anacortes, was elected president of the Associated Women Students.

Egyptians Warn On Arms Shipments

CAIRO, May 18 (AP)—The Egyptian government warned today that it "cannot tolerate" delivery of munitions and war supplies to Zionists in Palestine. Continued attempts to do so may prove dangerous, it said.
 A statement by the defense ministry, copies of which it said were sent to all powers, reported that ships carrying war equipment and munitions for "Zionist terrorist gangs" still are arriving at Palestine ports and warned "all concerned of the dangers involved."

Booimen Go Back On Jobs Again

LONGVIEW, Wash., May 18 (AP)—The giant Weyerhaeuser and Long-Bell sawmills, idle for five weeks due to a strike of about 100 boommen, resumed operations Monday morning.
 The return to work means jobs again for approximately 3,000 sawmill workers and 2,200 workers in other fields who had been idled due to the dispute.
 Both mills reported that a number of employees had left the community, with one firm saying it was about 150 men short when work began. There were job applicants on hand, however, according to one personnel department employee, so replacements were to be made.

Atom Tests At Eniwetok Successful

WASHINGTON, May 18 (AP)—The White House said Monday that tests involving three atomic weapons of improved design proved successful in all respects recently at Eniwetok atoll in the Pacific.
 The statement was made as the atomic energy commission gave President Truman an official report saying the results "indicate very substantial progress."
 Chairman David E. Lilienthal and the four other commissioners reported orally to Mr. Truman that the "present stage of the commission's tests of atomic weapons is now concluded."
 Lilienthal called the tests "a milestone in atomic development."
 "The White House statement about the report said in part:
Tests Good
 "The commission reported that tests involving three atomic weapons, each of improved design, was successful in all respects, and that the results indicate very substantial progress. The president gave general approval of commission plans for steps it proposed to initiate at once for further nuclear development, based upon information gained from the tests."
 "As previously announced by the commission, the tests were conducted under the security provisions of the atomic energy act, and information as to the scientific results and technical details of the tests cannot be made public at this time. The area of the proving ground, as previously defined, remains closed to unauthorized persons."
 Lilienthal said the big joint task force No. 7 will return to Honolulu home time tomorrow.
 There may be statements from Honolulu then, from Lt. Gen. John E. Hull, commander of the task force, and from Capt. James S. Russell, test director who is in the commission's military application division, Lilienthal said.
 About 10,000 men were involved in the test, including military personnel, engineers, scientists and others.

WHY WE SAY "GLADIOLUS"

This flower has as its name a Latin word meaning "a small sword." This seems incongruous as a name for so beautiful a blossom. The term, however, does not refer to the bloom but to the sword-shaped leaves of the plant.

Fire Razes Lumber Yard

LOS ANGELES, May 18 (AP)—Fire which roared through the nine-acre lumberyard of E. J. Stanton and Son Lumber company resulted in loss estimated by company officials Monday at \$750,000.
 Five firemen and one civilian were overcome or injured, none seriously, during the two-hour battle with the blaze yesterday.
 Three alarms brought 14 fire companies from Los Angeles, Vernon and Huntington Park and more than 200 firemen to the scene.
 The blaze may have been started by an electric short.
 Eleven recently constructed lumber sheds, numerous piles of lumber and three Southern Pacific Railroad boxcars loaded with planing were destroyed.
