

Bitter Jew-Arab Battle Rages In Palestine As Tel Aviv Bombed Again

By The Associated Press
 Arabs said they expected a decisive victory in the battle for Jerusalem today or tomorrow over Jewish fighters, estimated at 8,000 in the violent, continuing battle for Jerusalem.

The Jewish army said it had captured Mt. Zion and broken through the nearby Zion gate and raised the months-long siege of 1,700 Jews in the old walled city.

Daniel De Luce of the Associated Press reported from inside the walled city that the British-trained Arab legion of Trans-Jordan and Arab volunteers were fighting inside and outside the walls. He said the Arabs have cleared away nearly all the Jews to the north, east and south and struck deeply into modern Jerusalem to the west. Truce efforts

failed. Arabs said the Jews were short of food and water.

Premier David Ben-Gurion declared a state of emergency in Israel. Egyptian planes bombed Tel Aviv for the sixth day running. The mayor asked the U. S., Russia and the United Nations to stop Egypt from bombing Tel Aviv.

Raiding Force
 Jewish headquarters said a raiding force struck into Syria two days ago and blew up a military supply camp east of the Benot-Yaacov bridge across the Jordan. The communiqué said the Arab legion in Jerusalem shelled the Hadassah hospital and Hebrew university heavily during the night.

The Egyptian army claimed the capture of Deir Suneld, seven miles south of Gaza and 28 miles south of Tel Aviv, and Beersheva, 40 miles southwest of Jerusalem. Both are in areas assigned to the Arabs under the UN partition plan of Nov. 29.

The peace exchange between Russia and the U. S. appeared to be hardening into another futile deadlock. The Russians want two-party talks on subjects ranging from atomic energy to human rights. The U. S. contends the United Nations council of foreign ministers and other international forums are the proper places for talks, since other nations are involved. The latest Russian expression was that the U. S. is departing from the policies of President Roosevelt, who died in 1945.

Future Stars

Marilyn Colow, 24-year-old coloratura soprano, of Los Angeles, and Frank Guarrera, 24, a baritone, of Philadelphia, smile proudly at the Metropolitan opera auditions of the air. Each received an award of \$1000 and a contract with the Metropolitan Opera company. Miss Colow is a former ballet student and Guarrera is an ex-navy man.

Boy Dies, But Gets Diploma

YUMA, Ariz., May 20 (AP)—Richard Leroy, 17, received his eighth grade diploma on his death bed Tuesday night.

An hour later he died of a broken back suffered in a fall while participating in a tumbling act on a school program Monday night.

When Richard regained consciousness momentarily, Principal C. W. McGraw hurried to the hospital and gave him the diploma he would have received with his class Friday.

Candidates To Push Campaign To Last Inch

PORTLAND, May 20 (AP)—The final day activities of republican presidential aspirants Harold Z. Stassen and Gov. Thomas E. Dewey are to move right up to a late hour tonight.

Stassen, who left Astoria this morning, swung through McMinnville, Hillsboro and Forest Grove to Oregon City. He was to arrive in Portland late this afternoon for a special meeting sponsored by Sandy boulevard businessmen. He will then motor to Gresham to appear before a high school commencement audience and then move to an adjoining gymnasium hall to make a final radio address over a statewide network. This will be at 8:15 p. m.

A torchlight parade in downtown Portland is planned between 9 p. m. and 10 p. m. with an open rally speech in the park blocks opposite the Masonic temple here.

Gov. Dewey will take it easier. He plans to visit the Shriners hospital for crippled children in the morning, the nearby Catholic shrine and later in the day confer with young republicans for Dewey. His final campaign speech will be over a statewide network beginning at 9:30 p. m.

Both candidates will leave Oregon Friday. Dewey is to travel to Spokane for a luncheon appearance and Seattle for dinner. Stassen plans to board a plane for the east the same day.

Salvage Slight From Plane

HOOD RIVER, May 20 (AP)—The L-5 plane that crashed on Mount Hood last month was free from salvage, but the alert Crag Rats got only the engine in their climb up the mountain.

The club reported today that when the air force decided the plane could not be salvaged, the club sent a group to the scene expecting to recover valuable instruments. They arrived to find the wheels, tires and instruments missing. The air force customarily salvages all instruments after a crash.

The Crag Rats contented themselves by jugging the 250-pound engine down the slope by toboggan with the aid of block and tackle.

U. S. Arms Asked

Norway and Denmark have asked for U. S. arms. Both have been targets of recent Russian criticism. Both are likely to get arms.

British Foreign Secretary Ernest Bevin said he opposes "any steps to carry on aggressive war against Soviet Russia or any other country." The U. S. house of representatives passed by a 319 to 58 vote an anti-communist bill. Senate approval was less sure.

Chiang Kai-shek became the first constitutional president of China, a land torn by civil war with the communists.

The security council of the United Nations appeared likely to approve a British plan for mediation of the fighting in Palestine. A proposal by the U. S., backed by Russia, seemed doomed. It would call for sanctions and armed force, if necessary, to enforce peace.

Ex-Milk Official OK's Lower Price

PORTLAND, May 20 (AP)—J. L. Sinner, Portland milk distributor who resigned the president of the Oregon Milk Distributors association, has broken from an association policy opposing a lower retail price for milk in stores.

Sinner said he had resigned from the association office because he has come to agree with the argument of a major chain store that

store outlets should be permitted to sell milk one cent below the price for home delivered milk. He explained he wanted to be free to speak as an individual on the milk issue.

Sinner said home delivery costs are higher, because of bottle breakage, credits and door-to-door service, and should be higher.
