

Bus Company To Boost Fare For Oregon

SALEM, May 27 (AP)—Pacific Greyhound lines and West Coast Trailways have asked permission to increase their passenger bus fares in Oregon about 25 per cent. Public Utilities Commissioner John H. Carlin said today.

Carlin said they have also asked for similar increase from the interstate commerce commission to apply to interstate travel.

Pacific Greyhound operates on the Pacific and Oregon coast highways, as well as on feeder routes. West

Coast Trailways operates on the Pacific highway.

The increases would range from 50 per cent for trips of less than 50 miles, to no increase for trips of more than 300 miles.

Carlin said he would hold a hearing here June 8 on the Greyhound request, and June 10 on the Trailways application.

The present fare schedule for both lines is: 1.5 cents a mile for trips of 300 miles or less, 1.4 cents for 301 to 350 miles, 1.3 cents for 351 to 400 miles, and 1.25 cents for more than 400 miles.

The new fares would be: 2 cents a mile for less than 50 miles, 1.9 cents for 51 to 100 miles, 1.8 cents for 101 to 150 miles, 1.7 cents for 151 to 200 miles, 1.6 cents for 201 to 250 miles, and 1.5 cents for 251 to 300 miles. Fares above 300 miles would be at the present rate.

NEW DRUG TO GO ON MARKET SOON

PHILADELPHIA, May 27 (AP)—A drug designed to relieve fear, nervous tension, anxiety and pain was announced Wednesday by Sharp & Dohme, Inc., drug manufacturer.

The company identified the preparation as "deivinal-aspirin."

It will be sold only at a physician's prescription.

The new drug, the company said, "is applicable especially in neuralgic (muscular), neuritic and arthritic conditions, particularly in hypersensitive, neurosthenic or nervous patients, or those suffering from anxiety tension states."
