

Murray Named Dairy Month Chairman Here

Percy Murray of Klamath Falls Creamery has been appointed committee chairman for June Dairy Month in the Klamath area, announcement made by Marvin Davidson, state chairman, of Portland, states.

June has been set aside in a national campaign to promote the greater use of dairy products for health, economy and eating enjoyment. The campaign is sponsored by the government, civic and agriculture officials in tribute to the dairy industry. Mid-summer is the time when dairy herds give the richest and greatest amount of milk, Davidson explains, so it is fitting to observe June in reminding the public of dairy products and services made available throughout the year by the dairy industries. "Dairy Foods—Your Best Buy," is the slogan chosen for the 12th June Dairy Month observance. Everyone is urged to use more dairy products during June for "health, economy and eating enjoyment."

Before the Christian era, a glove was given to the purchaser of land, taking the place of title and deed to the property.

Sheriff Issues Warning On Bad Check Passing Here

Because of the tremendous amount of bad-check passing going on in Klamath Falls, as well as the rest of the country now, Sheriff Lloyd Low has come up with some suggestions to business houses where checks are cashed.—Ed. note.)

This month my office has received more complaints from merchants and more warrants for the arrest of parties passing worthless checks than any other time since I have been in office.

In order to get better cooperation from the business houses cashing worthless checks, I would make a few suggestions, which, I think, if strictly adhered to would be beneficial to all. These suggestions are as follows:

BEWARE of all counter checks presented that are not made out in your presence, and bearing penciled or inked numbers.

BEWARE of personal checks bearing notations and addresses not requested by you.

BEWARE of counter checks made out to "Cash." Compare the endorsement with face of check as to similarity of signature.

majority can really put on a good act before presentation of check. They often work in pairs, one will write the check and the other endorse and pass it, and remember the majority of worthless checks are passed on Saturday, Sundays and legal holidays while banks are closed, which gives the passer plenty of time to make a getaway. I would recommend this slogan be adopted by all merchants cashing checks: "If you don't know them don't cash them." If these few rules are strictly adhered to, I think we will have less felony cases in this county as far as worthless checks are concerned.

Sheriff, Klamath county, Ore.

'47 Biggest Farm Machinery Year

Farmers in the United States purchased more farm machinery in 1947 than in any previous year, according to a recent U. S. department of agriculture report.

Production prospects for 1948 indicate a still greater supply available for the domestic market despite the expected increase in European shipments, the department estimates.
