

# US Communist Boss Says Party Will Not Comply With Red Bill If Passed

WASHINGTON, May 28 (AP)—William Z. Foster, American communist party leader, said today the party will not comply with the house-approved communist control bill if it becomes law.

Foster told the senate judiciary committee that the Mundt-Nixon bill would create a "fascist police state" in this country. He said his party could not comply with provisions requiring communist groups to register with the government.

"If the Mundt-Nixon bill were to pass, the communist party would not permit itself by admitting any resemblance to the monstrous caricature of its nature and purposes drawn in this bill," he said.

No Dishonor

"It would not dishonor the 15,000 members of our party who fought against fascism in World War II by giving de facto sanction to Hitler's big lie," he said. "That is one reason why we would refuse to register."

Foster's statement was read by John Gites, who accompanied him.

"As a party of patriotic and loyal Americans, we could not and would not become accomplices in the murder of the bill of rights," Foster said.

Rep. Vito Marcantonio, American party member from New York, also opposed the measure.

Rough Time

Both had a rough time of it. Senator Ferguson (R-Mich.) suggested Marcantonio was following the communist party line in his arguments.

Marcantonio denied it. He contended he was only saying what other liberal Americans say.

The bill would force communist groups to register with the govern-

candidate for president, argued the house-approved bill "embodies the philosophy of our axis enemies of World War II."

"All its provisions are based on the premise that Hitler's big lie has become the gospel truth by which America must light its way," he said.

"CROUCHING" START

The "crouch" position for starting foot races first was demonstrated in 1887 by Charles H. Ehlerich, of Yale university, according to the Encyclopedia Britannica. Before that date, all foot runners started from a standing position.
