Portland Stock Market Open

PORTLAND, June 4 (AP-USDA) — The North Portland livestock market, flooded since early this week, issued the following marketing review today:
"Some livestock now reaching various open packing plants. Selling through commission firms. Increased flow needed and expected next week. Railroad officials indicate livestock will be accepted for Portland delivery by early next week. With virtually all pork moving into fresh meat channels, slaughter capacity adequate. Some Midwest shipments being slaughtered at Idaho and Eastern Washington plants for trucking into Portland. Loss of tannage, tallow and other unsalvageable by-products and higher delivery costs basis of slight increase in dressed meat prices."

Terrific Eruption Prophesied for Tulelake

For the past two weeks a loud rumbling noise has been heard in TULELAKE. People who live in the town and all the country adjoining the old volcano craters grow more restless each day as scientists predict that Saturday, June 5, will bring the catastrophe to a climax. At that time the quietness of this peaceful little town will suddenly be shattered by the noisemaking of hundreds of people who will start dancing in the street to the music of Pappy Gordon's orchestra which will be placed in front of the Shell oil station just across the street from the YUKON TAVERN.

Hundreds of people will trip the light fantastic until the wee hours of the morning and of course when they wish to catch a breath or two between dances they will SWARM across the street to the YUKON TAVERN for a COOL DRINK or one of those (NOW FAMOUS) baked ham sandwiches and the main thing is—no one will want to miss the big free drawings which take place each hour starting at 8 p. m. and lasting until 1 a. m.

Besides the regular free drawings we are guaranteeing to give away each night \$25 in CASH. Remember — this drawing not only takes place Saturdays but every night in the week at one hour intervals, on the hour. Our loss is your gain and don't bother to fix up in your BEST for Jo and Charley say
