

Movie Stars To Broadcast For Flood Aid

HOLLYWOOD, June 9 (AP)—A pack of Hollywood stars will broadcast a nationwide appeal this week for relief for victims of Columbia river floods. Originally, a stellar troupe was set to fly to Portland and Seattle for rallies to raise flood relief funds. At the last moment, government officials in the Northwest called a halt to the plans, since the flood danger was still imminent and large gatherings were inadvisable. The Hollywood coordinating council, which handles benefit appearances by film folk, is lining up network time for an all-star broadcast. Those who volunteered for the Northwest trip—Bob Hope, Groucho Marx, Jack Carson and others—will have first call for the air show.

Royal Couple At Ceremony

London, June 9 (AP)—Prince Philip, spick and span in a naval uniform that stood out among garbs of medieval splendor, accepted the freedom of the ancient city of London Tuesday as one of "those who follow." With Princess Elizabeth near him in a long midnight blue dress, the duke brought cheers from the crowd with a reference to "my wife and I." Winston Churchill and his wife and Prime Minister and Mrs. Attlee were among those attending. It was the young royal couple's first formal public appearance together since a Buckingham palace announcement last week disclosed they are expecting their first child this autumn. "In every kind of human activity there are those who lead, and those who follow," Philip told the lord mayor, Sir Frederick Wells. The handsome blond prince, who helped fight the Nazis in the Mediterranean and North seas as a naval lieutenant, said: "Our only distinction is that we did what we were told to do, to the very best of our ability—and kept on doing it," Philip said.

Bids Called For Well Job

The reclamation bureau has called for bids for drilling and casing a water well for USBR Merrill cottage, located a mile north of Merrill. It is proposed to drill a well to a depth of 300 feet and install 6-inch casing to a depth not to exceed 100 feet. Bids will be received at the bureau office here until 10 p. m. standard time, June 24.

Births Outnumber Deaths In County

The stork passed up the man with the long white beard with only 25 deaths reported in May as compared to 69 births. Seven of the deaths were coroner's cases, according to the Klamath county health unit. Of the 69 babies born, 41 were boys and 28 were girls.

"You used to drive with one arm, Henry..."

BUT HENRY HAS BOTH HANDS BUSY NOW . . . trying to keep the old bus on the road because his wheels are out-of-line. Misaligned wheels cause "road weave," forcing the driver to "fight" the steering wheel. Out-of-line wheels eat up rubber, too, because the tires are literally dragged sideways down the road. It isn't only annoying—it's expensive.

Come in today and let us align your wheels with our precision John Bean Wheel Alignment System. Savings in tire wear alone will more than pay for the job.

Here's The New Ford

The distinctive styling of the 1949 Ford convertible features smooth, flowing contours, full fender-width body and luxurious interior appointments. Completely new, the convertible chassis is doubly reinforced.

Ford Announces All-New 1949 Models To Public

Ford Motor company today announced its 1949 models, marking radical changes of construction and style as compared to this year's model. The new models will be shown at Balsiger's June 18. The company reports that more than \$37,000,000 were expended in tools, dies, jigs and fixtures in production of the new edition. Unbroken lines, from front to rear, highlight styling of the car, resulting in a low, sweeping effect. Front seat widths have been increased six inches and the rear seat about eight inches. The body has been moved five inches forward with the seats cradled between the axles for a smoother riding. A new type of suspension system replaces the traditional transverse springs and front axle, and the drive shaft tunnel has been decreased by adoption of the Hotchkiss drive and the hypoid rear axle. The frame is of all-welded construction, and although the frame is lighter, the company claims 99 per cent more rigidity when combined with the body. New tweeds, broadcloths and mohairs are featured in interior styling, replacing the traditional neutral-toned fabrics. Balsiger Motor company, local Ford dealer, says that the new Fords will be on display in its showroom on June 18. Cars will be coming in for delivery soon after that, according to Balsiger's.

was recovered yesterday from the woods southwest of here where his plane crashed and burned Monday night.
