Film To Be Shown

Lapse-time photography is one of the features employed in production of "The God of Creation," religious-scientific film produced by Dr. Irwin Moon of the Moody Institute of Science. The film will be shown at 8 p. m., Thursday, at the First Christian church.

Religious Film Slated Here

Widely shown in the United States and recently introduced in Europe, the religious-scientific film, "The God of Creation," will be shown in Klamath Falls at 8 p. m., Thursday at the First Christian church, 9th and Pine.

Astronomical photographs taken through the giant 100-inch tele-

scope at Mount Wilson observatory open the movie, with lapse-time photography used to demonstrate development of flower buds into full-blown blossoms and other scientific features.

Producer is Dr. Irwin Moon of Moody Institute of Science in Los Angeles, who also produced "God of the Atom," recently shown here, and "They Live Forever."

The public is invited and there is no charge. A free will offering will be taken to defray expenses.

Publication—Word has been received that Mrs. Elizabeth Alice Thies of 5323 S. 6th has had work published in "Talent—Songwriters and Poets of 1947," a book of songs and verse published by the Haven Press, New York.

LEGAL NOTICE

Sealed bids, in duplicate, on forms provided therefor, marked outside "Bid - Klamath No. 7 Logging Unit," and addressed to the Superintendent, Klamath Indian Agency, Klamath Agency, Oregon, will be received until 2:00 o'clock P. M. Pacific Standard Time, July 1, 1948, for the purchase of merchantable timber on a tract within Klamath Indian Reservation, Oregon, described as the "Klamath No. 7 Logging Unit." The unit includes approximately 1700 acres of timbered tribal lands with an estimated stand to be cut of approximately 12,500,000 feet B. M. of ponderosa and sugar pines, including a possible small amount of white fir and other species. There are no allotments in this unit. Each bid must state the price per thousand feet B. M. hereafter Decoral C log scale that will be paid for timber cut and scaled prior to any readjustments of sales as specified in the contract. No bid will be considered for less than \$11.35 per thousand feet B. M. for ponderosa and sugar pines, and \$4.60 per thousand feet B. M. for white fir and other species. Each bid must be accompanied by a certified check in the amount of \$10,000, on a solvent bank payable to the Special Distorting Agent, Klamath Agency, Oregon. The deposit will be returned to unsuccessful bidders. The deposit of the successful bidder will be applied as part of the purchase price against timber actually cut on this unit, only, or retained as liquidated damages if the bidder shall not execute the contract and furnish satisfactory bond for \$25,000, within 60 days from acceptance of his bid. The right to waive technical defects and reject any and all bids is reserved. The contract will specify that all designated timber shall be cut and removed from the unit prior to April 1, 1950. For copies of the contract, regulations, blanks for submission of bids, and other information, apply to the Superintendent, Klamath Agency, Oregon. Dated this 27th day of May, 1948, Portland, Oregon. E. Morgan Price, Regional Director. J. 9-14-21-25—No. 189.
