

War Heroine Gets Visa OK For US Trip

WASHINGTON, June 11 (AP)—Attorney General Clark Wednesday granted special authority for Mrs. Josefina Guerrero, Filipino war heroine to come to this country for leprosy treatments.

Mrs. Guerrero was decorated by the United States recently for her work in behalf of American and Philippine soldiers on Bataan in the darkest days of the war. She contracted leprosy after the war while engaged in humanitarian work and has been commended by Cardinal Spellman for Christian fortitude and concern for fellow sufferers.

Attorney General Clark announced he has authorized her entry into the United States under special provisions of the immigration laws which permit temporary admission of persons who otherwise would be inadmissible.

In this case, Mrs. Guerrero's malady ordinarily would act to exclude her.

Among those who requested her admission was Manuel Roxas, late president of the Philippines.

The justice department emphasized that the admission is temporary.

Widow Waits For Money

DAYTONA BEACH, Fla., June 11 (AP)—With no evidence of the \$10,000 she has asked for marriage, Dorothy Lawlor's courtship by Danny Wickler was cooling Wednesday.

After spending Tuesday afternoon by herself in a hotel here, she demanded of newsmen, "Who is this character anyway?" in referring to the Holly Hill bar proprietor who invited her here to talk over matrimony.

Other than the plane ticket and the hotel suite he rented for her, the 28-year-old divorcee said Wickler had not produced the slightest evidence of having the \$10,000 she had specified as a precondition of marriage.

"What I asked for was cash on the line and until I see that I don't make any promises to anybody," she added.

Honey Treatment Works On Judge

VAN NUYS, Calif., June 11 (AP)—A woman driver gave a judge the honey treatment Thursday—and it worked.

Adele Lyra Conaway, 66, apiarist, appeared before Judge David Coleman.

"I went through the red light all right," she said. "But I can't afford a fine. Will this honey do?"

The judge accepted 10 pounds of orange honey, turned it over to Van Nuys jail, suspended a \$5 fine and commented:

"For the record, this court is not establishing a barter system, but your record as a driver has been excellent."

Airline To Up Flights

ST. PAUL, Minn., June 11 (AP)—Northwest Airlines announced Wednesday that it will add a fourth weekly flight to the Orient starting Monday.

Officials said the added service was made necessary by the growth of both passenger and cargo traffic since the Far Eastern schedules were set up 11 months ago.

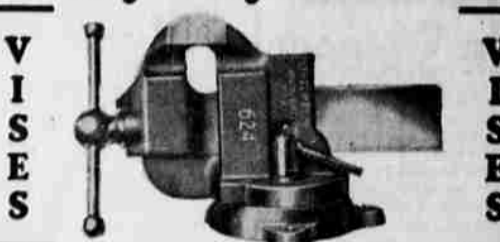

Initial flight will take off from the Minneapolis airport Monday at 1:45 a. m. (CST), stop at Edmonton, Anchorage and Shenyang en route to Tokyo, Seoul and Shanghai. The return trip is slated to leave Thursday at 9:30 a. m., Shanghai time and, after "picking up a day" at the international dateline, arrive in Minneapolis Friday at 2:30 p. m. (CST).

The three other weekly flights will continue to operate between the Twin Cities and Manila with connections at Anchorage for West Coast passengers and cargo.
