

# Reds Press Anti-Beran Statements

PRAGUE, June 22 (AP) — Catholic employes in some Czechoslovakia government offices said today they were being required to sign statements declaring they did not support Archbishop Josef Beran.

The archbishop is fighting attempts of the nation's communist regime to get control of the church. The government has accused Beran of trying to wreck national peace and economy and has threatened to take legal action against him. Some laymen who signed the statements told their priests they did so in fear of losing their jobs and dwellings. Churchmen said this was another move in the communists' step-by-step campaign to whittle down the archbishop's support and crush his resistance.

Official sources would not comment other than to claim new gains for the communist-sponsored "Catholic action" movement, a separatist body. That separatist group has been called a fraud by the Vatican and the Czech Catholic hierarchy. Archbishop Beran was believed to be still in his palace. He has been silent since Sunday when demonstrators interrupted services he was conducting in St. Vitus cathedral.

One informed diplomatic source expressed belief the archbishop soon might be formally arrested on charges of anti-state activity and incitement to unrest. Beran now is in semi-captivity in the palace. Communist Premier Antonin Zapotocky, in a radio address last night, accused Beran and other officials of attempting to disrupt the peace of the nation and thwart fulfillment of its economic plans.

Zapotocky declared his regime would not tolerate "violations of law" by the Catholic hierarchy. He added: "Legal action will be taken against all saboteurs, provocateurs and instigators of discord and unrest."

**Assailant Tackles Hawthorne Bush**  
School may be out, but school authorities still have their problems. A recent problem concerns a young plant. A new hawthorn tree was attacked Monday evening on the Fremont school premises. According to school authorities, anti-septic was applied to knife wounds inflicted by a young boy. The tree is expected recovering.

The hawthorn trees were planted to replace the poplar trees which were removed earlier this year.
