

### Fire Permits Thing Of Past In Rogue River Area National Forest This Year

Rogue River National forest has been designated as one of the five forests in Oregon and Washington on which to experiment by not requiring fire permits to camp in the forests this year.

It has been felt that time spent by forest personnel in issuance of fire permits can be more profitably spent in personal contacts in the field showing people how to build a safe campfire and how to put it out.

### Probe Ordered In Fee Paying For Contract

WASHINGTON, June 22 (AP)—Chairman Hoye (D-N. C.) of the Senate investigating committee announced an inquiry Tuesday into the report of a \$1000 fee paid for help in getting government contracts.

Hoye quoted the newspaper as reporting that Paul Grindle, a Massachusetts businessman, said he paid the \$1000 to James V. Hunt, "management counselor."

Hoye said William P. Rogers, chief attorney for the investigating group, will "make a complete investigation of all the facts."

It should be clearly understood that the mere fact that the staff of the committee has been asked to make this investigation is in no sense a pre-judgment of any of the issues involved," Hoye added in a statement.

After the staff inquiry has been completed, Hoye said, the subcommittee "will determine then what course should be followed in the public interest."

The Herald-Tribune, in a copyrighted story by Jack Steele from Washington, said Hunt had told Grindle of close friendship and influence with top-level officials here including Maj. Gen. Harry H. Vaughan, military aide to President Truman; Secretary of Defense Louis A. Johnson; Maj. Gen. Herman Teldman, Army quartermaster general; Jess Larson, former WAA administrator; John R. Steelman, assistant to President Truman, and others.

Grindle was identified as president of the C. W. Loring woodworking corporation of Farmington, Mass.

### 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop! Because 5 New York doctors now have proved you can break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it, in one year. Stop taking whatever you now take, increased. Every night for one week take 2 Carter's Pills. Second week—once each night. Third week—once every other night. Then—nothing! Every day! Drink eight glasses of water; set a definite time for regularity. Five New York doctors proved this plan can break the laxative habit. How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from them on let it make use of its own natural powers. Further—Carter's Pills contain no habit-forming drugs. Break the laxative habit... with Carter's Pills... and be regular naturally. When you're overworked, overwork makes you irregular temporarily—take Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for 50¢ today. You'll be grateful the rest of your life.

### Thoughtless Hubby Now Without Wife

LOS ANGELES, June 22 (AP)—Jane Hazard won a divorce by telling the judge her husband showed no sympathy when his airplane propeller struck and seriously injured her father.

The 25-year-old screen player obtained a decree from Lowell J. Thompson, Spokane, Wash., theatre owner. She said that when she became ill, Thompson went to a party and later told her about the girls there.

She added that her father, Julian L. Hazard, Beverly Hills attorney, was injured in Idaho in 1947.

**PULP PLANT?** LEWISTON, Idaho, June 22 (AP)—The acting general manager of Potlatch Forests, Inc., said Monday his firm is considering construction of a \$12,000,000 wood pulp manufacturing plant at Lewiston.

The proposed mill, Otto H. Leuschel said, would have an initial capacity of 230 tons daily and would add 300 workers to the Clearwater unit of PFI here.

Husbands Draw Woman's Tribute SEATTLE, June 22 (AP)—Husbands, that often under-estimated species, drew a tribute from a leader of the opposite sex Tuesday.

Dr. Helen C. White, the University of Wisconsin dean of women, suggested to the American Association of University Women that it might be a good idea to set up a men's auxiliary to the AAUW.

"I have long thought that a recognized men's auxiliary might be advisable because of the good work done by husbands," said the past president of the association. "They are our most precious and used possessions."
