

# Producers Appeal To USDA To Put Curb On Imports Of Potatoes From Canada

WASHINGTON, June 25 (AP)—The government is running into new appeals for a ban on imports of Canadian potatoes.

They are coming from spokesmen for producers at a time when another domestic surplus seems certain. Similar requests were made last year during a surplus supply situation that cost the government more than \$200,000,000 to carry out grower price guarantees.

# Wheat Curb Decision To Be Held Off

WASHINGTON, June 25 (AP)—The agriculture department will wait until next month to decide whether to recommend rigid production controls for the 1950 wheat crop.

Secretary Brannan announced Thursday he will receive opinions on the subject through July 5. He said he may not decide until after the department makes its next official wheat crop estimate on July 11. Brannan said recently there is a possibility that both acreage planting allotments and marketing quotas will be put into effect. The quotas would have to be approved by a two-thirds vote of wheat growers in a nationwide referendum, but allotments could be ordered without approval from farmers.

Official forecasts have indicated this year's wheat crop will be the second largest on record. If this proves true, the year's total supply—including the carryover from last year—will be the largest on record and far beyond domestic and export needs. Under quotas, a farmer is told how much he may sell without becoming liable to a penalty tax of half the price support rate. There is no penalty for over-planting except loss of eligibility for direct price support help.

**Churchill Painting Brings \$5250**  
LONDON, June 25 (AP)—Winston Churchill, who paints for a hobby, put a painting on the block Thursday for the first time. It sold for 1250 guineas (\$5250). The signed painting, called "The Blue Room, Trent Park 1934," was auctioned to raise funds for the Young Women's Christian association. It was bought by the Brazilian chain of 24 newspapers owned by Assis Chateaubriand and will go to the Sao Paulo Art Museum. To Buy! To Sell! To Trade! It Pays to Use the Want Ads!

**Who'll be First with the Last Word?**  
  
ACT QUICKLY—and in your neighborhood it might be you.  
For there's no doubt that this exciting new Riviera model—styled and executed by Buick—is the very last word, in new body types.  
It has, as you see, the swift and racy lines of a Convertible, made even more distinctive by a bold new sweep of chromium along its fenders.  
But the top is solid—a single sheet of stout steel, neatly finished off inside with chromium bows. And a broad rear window curves gracefully around, giving really abundant rearward vision.  
Push-button controls drop all windows out of sight at a touch, leaving not even a doorpost to block your outlook. And the interior trim is the richest yet—a really stunning creation inside as well as out.  
As pictured here the Riviera is now in production on the Buick ROADMASTER chassis—which means 150-hp Fireball power, the silken luxury of Dynaflow Drive, and the matchless levelness of the Buick "dream ride." That means "the last word" in brilliant performance as well as in luxurious dress and styling.  
Production on this high-styled road star is limited, as you might expect. To be "first with the last word," therefore, it is wise to see your Buick dealer soon about getting your order in.
