

# Board Recommends 14c ILWU Boost In Hawaii, But Union, Operators Say 'No'

HONOLULU, June 29 (AP)—Raise the pay of CIO stevedores 14 cents an hour. That was the recommendation today of a fact-finding board for ending Hawaii's 60-day longshore strike.

A spokesman for the 2000 stevedores of the International Longshoremen's and Warehousemen's union didn't go for it. Operators of the islands' seven stevedoring firms haven't said whether they do or not.

Neither is bound to accept the recommendations. The board said it "must rely on public opinion to convince the parties, if they are not inclined to accept the recommendations, that it offers a basis for settlement which under all the circumstances can be accepted by them as a service to the community."

The ILWU wants a raise of 32 cents. The present scale is \$1.40 an hour. That would show the pay up to where it used to be—10 cents under the Pacific coast scale.

Employers at first offered 12 cents. They withdrew the offer when Gov. Ingram M. Stainback set up the five-man board.

Late yesterday the board recommended:

A 14 cents increase in the basic hourly wage, with eight cents to be retroactive to March 1. That was the wage reopening date under the contract.

A vote by the union membership—under supervision of the territorial department of labor—on the board's proposal.

Negotiation of other issues "in the light of the agreement reached on

**THURSDAY CONCERT**—Scheduled for 7:30 p. m., Thursday, at the Immanuel Baptist church, 11th and High, is a concert by the Volunteers quartet from the Bible Institute of Los Angeles. All are welcome.

## Public Invited To Hear Choir

The public is cordially invited to the Immanuel Baptist church, 11th and High, Thursday at 7:30 p. m. to hear a special concert of sacred music to be given by the Volunteers quartet.

All four young men are students at the Bible Institute of Los Angeles and are studying for the missionary service.

The quartet is currently on summer tour on the Pacific coast, and has been heard over the Bible Institute Hour, a national broadcast from Los Angeles.

The area of Norway is 124,506 square miles.

## UO Radioactive Lab Opens Study

PORTLAND, June 29 (AP)—The University of Oregon medical school opened its laboratory for experiments with radioactive material for humanitarian purposes yesterday.

It is believed to be the first of its kind in the Pacific Northwest.

Headed by Dr. Edward S. West, the laboratory will conduct experiments on diabetes. It also may do research in cancer and leukemia.

West, head of the department of biochemistry, will be assisted by

# KF Cowboys To Have Own Rope Events

Two events, exclusively for Klamath Basin cowboys, has been added to the Klamath Basin Roundup schedule, KBRH President Keith Moon announced following a rodeo meeting Monday night.

The two events are calf roping and team roping. Entry fees have been lowered for these local events. Calf roping entry fee is \$15 for each buckaroo and teams will pay an entry fee of \$10.

The two events will go on at each of the three shows. Cowboys will have two go-rounds in the three days. Day money is \$150 to be split 40-30-20-10.

Entry fees will go into the final money which will be divided the same way among the top four cowboys with the highest two-go-round averages.

Adding more local touch to the

Three-day western show, Moon announced that the best-reined cow horse event will have two local judges. There are three judges.

Roy Rogers' famous Liberty Troop, one of the major entertainment features of the rodeo, arrived Tuesday. Glen Randall is the trainer.

## Unemployment In Oregon Study Set

PORTLAND, June 29 (AP)—An attempt will be made soon to get a more accurate survey of unemployment in Oregon.

The Portland labor-management committee will sponsor it, hiring an independent research firm to do the work, upstate and in Portland.

Lee C. Stoll, committee chairman, said such unemployment statistics as provided by unemployment compensation claims are too sketchy.

He said the committee planned to get many other factors—migration, welfare rolls, management layoffs, labor union reports and others—to get a complete picture. The reports will be issued quarterly, he said.

**BANK PROTECTION**  
PORTLAND, June 29 (AP)—The army engineers recommended yesterday that a \$114,821 contract be awarded for bank protection work at upper Half Moon bend on the

Willamette river, six miles north-east of Corvallis.

The bidder was Stoen's Rock and Landscape company, Seattle. The government had estimated the cost at \$122,087.

## Now I'm Going Back To High School

When I saw lights burning in the High School auditorium last night, I looked in to see what went on. About twenty people were listening to Buzz Ellis, the electrician, talk about television.

I slipped into a back seat and asked Hap Thomas what was up. Hap told me it was the new Self-Improvement Club. I stayed to listen—and learned a lot. Buzz really knows his stuff.

Turns out this club meets every Friday night. Each member gives a talk on the subject he knows most about. I joined on the spot because

learning new things is one of my favorite hobbies.

From where I sit, it's willingness to learn from the other person that makes Americans tolerant towards so many different viewpoints and tastes in things. Just because Buzz Ellis goes for chocolate malteds, while I prefer a mellow glass of beer, doesn't mean I'm right and he's wrong. Incidentally, next week I'm going to talk on how to run a newspaper.
