Wheat Stages Strong Gains

CHICAGO, July 6 (AP)—With July wheat rolling above $2 in a broad buying movement, the bread cereal gave a show of first class power on the board of trade today.

Gains ranged to more than 5 cents at times. July wheat made a new high since early February, before the sharp price break during that month. Other cereals also showed strength, but did not match the wheat gains.

Trading was extremely active. The market had to absorb a good deal of hedging pressure, which it did with ease. Pit brokers' shirts were wet with perspiration despite the board's air-cooling system.

The big buying came from mills. It was brought about by an aggressive demand for flour from bakers. The bakers have been buying flour on a hand-to-mouth basis for months, but yesterday and today they jumped into the market with orders for delivery as far away as 120 days and as the mills booked flour business with bakers, the mills came into the wheat pit and removed hedges they had placed in the market earlier when they had acquired cash wheat.

The market was helped along by more pessimistic crop reports.

Wheat closed 4¼-5⅞ higher, July $2.01¼-⅜, corn was ¼-1⅞ higher, July $1.37⅝-½, oats were ⅜-1⅜ higher, July 62¼-¼, rye was 3 to 4 cents higher, July $1.42½, soybeans were 1¼-5¼ higher, July $2.52¼-½, and lard was 5 to 8 cents a hundred pounds lower, July $10.55.

Demand For Stocks Gain

NEW YORK, July 6 (AP)—Demand for stocks increased a bit today and the market moved ahead for the fifth day running.

Gains ranged from fractions to more than a point and in a few cases more.

The rise was slow, and often labored, but persistent.

Trading expanded on the way up although it still leaned to the slim side. Turnover was at the rate of more than 1,000,000 shares for the full session. The total was somewhat misleading as a gauge of overall activity, however.

Today's improvement lifted the price level to around a five-week high. The market has been on the way up since mid-June after plunging to a 4½-year low on June 13.

General Motors and Chrysler each rose around a point and Studebaker edged up fractionally.

Also higher were U. S. Steel, Bethlehem Steel, Woolworth, Caterpillar Tractor, American Telephone, Consolidated Natural Gas, American Smelting, American Can, General Electric, Southern Pacific, Richfield Oil, Superior Oil of California (up 4), Standard Oil (N.J.) Skelly Oil (also up 4), and Gulf Oil.

Vinson Puts Holder On Arms Power

WASHINGTON, July 6 (AP)—Chairman Vinson (D-Ga.) of the house armed services committee tried again today to clip the power of President Truman to reorganize the armed forces. Defeated in an effort to keep the power in congress' hands under the new reorganization law, Vinson made his second move in a series of proposed amendments to the military unification bill before his committee.

Vinson recommended that the military departments be slipped out from under the reorganization law, which gives the president wide authority to shuffle government departments around.

He said he wants to prevent the establishment of a single military chief of staff and a general staff over all the armed forces.

"We want to make it so no man ever can become a military dictator in this country," he added.

Vinson announced his amendments at a news conference yesterday. He said he would offer them today on the return of Secretary of Defense Johnson for committee questioning on the unification bill.

The measure, passed by the senate over a month ago, would give the secretary more direct power to control policies and operations of armed forces. It also would establish a single civilian business manager as the boss of military money matters.

Machinist Tools Stolen

An assortment of machinist tools was taken from a locker at the Car-Ad-Co Pelican City plant sometime over the holiday week-end.

Deputy Sheriff Marion Barnes investigated this morning and said the tools were property of J. W. Lawson of Pelican City. The missing articles include a set of inside and a set of outside micrometers, a box of miscellaneous size drill bits, a combination protractor set and a welding torch kit.

The prowler also broke into a candy machine in the plant recreation hall and took the candy plus about $1.50 in change.

Selection of the right asphalt for the particular job, whether surfacing a street, waterproofing a cellar wall, or covering a house roof, can be made with the aid of a new series of tests.

Check Charge Jails Youth

A 17-year-old boy is held in the county jail for allegedly attempting to pass bad checks and investigation by city police indicates he had an ambitious plan at the racket.

City police reported the youth was arrested Tuesday afternoon after a $50 check he had given in payment for room rent at the Metropolitan hotel July 3 bounced. He had received no change from the check but was supposed to stay in the hotel several days.

Further investigation assertedly showed he had cashed a $50 check at Merrill, two checks totaling $130 at a local grocery, one for $90 at a Main street clothing store, two small checks with a taxi driver and attempted to pass a $900 check at a local motor company in payment for a car.

He is booked for possession of a false instrument with intent to pass.

In 1883, on a hunting trip to the Badlands of North Dakota, Theodore Roosevelt helped trail, capture and transport to jail three thieves.

LIFE'S EMBARRASSING MOMENTS:

You are trying to make an impression on one of the nicest girls you ever met. While taking her home after your first date, you are passing through a dimly lighted residential district when the engine in your car coughs and quits. Innocent though you are, how will you convince her that your car really has engine trouble? Regular service in our shop helps to keep your car reliable at all times.
