WHEAT ROLLS TO NEW PEAKS

CHICAGO, July 7 (AP)—Wheat rolled on upward to new peaks for the past five months and longer on the board of trade today. It was the third straight day of sharp advances in active dealings.

The market had to take a lot of selling orders, but mill buying, short-covering by local traders and purchases from commission houses were enough to take care of all the selling. Gains, however, did not match those of yesterday.

July wheat sold at a new high since February 1, September and December at a peak since January 31, and March and May at their best levels since trading started in these contracts.

Traders attributed the upturn to additional flour buying by bakers, news that the government had re-entered the cash wheat market yesterday and further unfavorable comments on the spring wheat crop in the Northwest.

It was almost entirely a wheat market. Oats did well from the start, but other commodities could share only slightly in the bullish enthusiasm. Lard again sank with some deliveries going to new seasonal lows.

Wheat closed ¾-1⅜ higher, July $2.02¼-2.02, corn was ¼-1¼ lower, July $1.37⅝-½, oats were 1⅛-1⅞ higher, July 63½, rye was ½-2¼ lower, July $1.40¼, soybeans were 4 to 6¼ lower, July $2.46½-2.46, and lard was 7 to 25 cents a hundred pounds lower, July $10.32.

Stocks Take Losses Today

NEW YORK, July 7 (AP)—The stock market declined today for the first time in six sessions.

Losses ranged from fractions to around a point.

For a short time in early trading, enough demand developed to give the price level a small lift. Buying interest soon slackened, though, and the market settled back and coasted through the day at slightly lower levels.

The setback followed a statement by President Truman that he was bullish on the economic situation.

Late in the day demand showed signs of reviving and many issues climbed up from their lows for the session.

A good amount of business was done with turnover at the rate of 900,000 shares for the full session.

Yesterday the market capped a three-week rise by hitting the highest level in six weeks. The recovery followed a drop of a 4½-year low on June 13.

Holding up fairly well were Packard, Goodrich, Douglas Aircraft, Johns-Manville, Eastman Kodak, Standard Oil (N.J.) and Texas Co.

LIFE'S EMBARRASSING MOMENTS

You slow down, figuring that traffic light ahead will turn green by the time you reach it. But the color doesn't change, and when you apply the brakes, nothing happens. The only thing left to stop you is the back end of the car ahead. It does, and who is in that car ahead? To your acute embarrassment it is the wife of the Chief of Police. Your brakes can be perfect today and non-existent tomorrow. That's why a periodic inspection by our experts is your best guarantee.
