The Poorest Dog Is An Empire To The Tiny Flea

By HAL BOYLE
 NEW YORK, (AP) — Cuff notes by the poor man's philosopher: After thoughts are what we have when we don't want our fun spoiled beforehand.
 A redwood tree never hates anybody — and it lives longer than anything.
 The poorest dog is an empire to a flea.
 A revolving door is the best example of segregation without discrimination.
 A cat's conscience is in its claws.
 The only community without gossip is a cemetery.
 The hardest thing for a man to wear well is success — a tie nothing wears a man harder.
 Memory is just life's rear-view mirror.

Water Buffalo Trek On Again

BANGKOK (AP)—The great water buffalo trek is underway again in Siam. Tens of thousands of buffalo are being driven from breeding farms in the Northeast provinces across more than 300 miles of jungles and plains to the central provinces. There the buffalo are sold for plowing and other ground preparations for planting of the rice crop.
 It takes about two months for the buffaloes to make the annual push. When they reach the central plains they are shovled about from one spot to another until most are sold.
 If any are left they are sold by lot at auction. Most of the leftovers are too small and thus have been rejected up north. The purchasers usually keep them until they are full grown animals and ready for resale. A buffalo usually sells for \$50 to \$200.
REG LIST
 SALEM, July 7 (AP)—More than 5000 premium lists for the Oregon state fair are in the mail, Fair Manager Leo Spitzbart said today. The fair will be held September 5 to 11. The premiums will total \$75,000, a slight increase over last year.
 All great preachers aren't humorists. But all great humorists are preachers.
