A small white turnip, peeled and diced, gives a tangy flavor to an ordinary vegetable soup. Add a bouquet of herbs to the soup, too; you can make it by tying a bay leaf, a celery top, a sprig of parsley, and one of thyme together. Remove the "bouquet" before serving.

to the ladies!

By Louise Reinhart

Klamath Falls, July 15—During the course of the year many ladies are playing hostesses at a home or at a summer cabin. It's fun, and it's work, and the guest who brings some little remembrance is an educated heart. The gift itself is unimportant, but the thought prompting it means everything. In contemplating summer gift giving, I gave especial attention to these unimportant, precious courtesies. I feel proud and happy to make a few unusual suggestions to you folks who are to be someone's lucky guests.

At Reinhardt's, 519 Main, we have genuine English Devon violets in the original little pottery pinch jugs with the hand-painted violets on each. Your choice includes toilet water or perfume or a combination gift box, priced from \$1.50 to \$4.20. Violets have such a cool, fresh fragrance, and these are "born and raised" in England.

Pepper mills are another idea which delights the host as well as the hostess. We have the original Olde Thompson mills complete with a box of whole peppercorns. More whole pepper is obtainable at any grocery spice counter. These pepper mills grind the pepper as it is used, and it is so much sweeter and milder than ground pepper that you can hardly believe there could be such a difference. Prices range from \$3.95, and materials include plastic, hardwood, cut glass, myrtlewood, and silver.

Another out-of-the-ordinary suggestion is the little gold lipstick size flashlight with key ring. Wonderfully handy for finding the elusive key-hole quickly in the dark, and only \$1.00.

Paul Webb's famous cartooned "Mountain Boy" beer mugs are another delightful gift. These are fine porcelain, sturdy, and humorously decorated, and signed by Paul Webb of Esquire fame.

And what summer hostess couldn't use some more glassware! Our selection includes a wide range of sizes and prices from 25c to \$3.00 for thin, tall, luxurious Swed-lah footed drink glasses.

We have some clever new pin-frogs for our summer bouquets, and many other suggestions, especially including S & H Green Stamps. So don't arrive at your destination empty-handed! The gift may seem unimportant to you, but your hostess will bless your thoughtfulness and ask you to come again!

That's Reinhardt, 519 Main.

Why a Man Buys a Cadillac

If you were to ask the owner of a 1949 Cadillac why he bought his car, he would doubtless find it difficult to put into words the way he feels about "the Standard of the World".

He would probably tell you that he bought his car because it's a Cadillac.

Of course if you wanted to ask him specific questions, he could give you much specific information.

Did he buy his Cadillac for performance?

Why, surely he bought it for performance—for the 1949 Cadillac is powered by a great new V-8 engine, so smooth and effortless that only a demonstration can tell the story of its superiority.

Did he buy it for comfort?

Yes—for a ride so quiet and restful and easy that every mile is a joy and a relaxation.

Did he buy it for safety?

He certainly did! He has such confidence in the steady steering, the quick acceleration and the powerful hydraulic brakes that his peace of mind is worth the purchase price!

Did he buy it for long life and durability?

There can be no doubt of it. For he knows that many individual Cadillacs have covered the highways for over half a million miles and are still in active service!

Did he buy it for...?

Why, of course he did! And he bought it for a lot of other reasons: for beauty, for distinction, for quality, for background, for character, for craftsmanship, as well as for engineering.

He bought it, you see, because it's a... Cadillac.

And that is the reason why you should buy one—for Cadillac's superiority lies not in any one thing but in the whole of its substance. Why not come in for a ride that's a revelation!
