

Order Of Antelope Members Scatter To Homes Today After Mountain Meet; Percy Locoy Elected Chief White Tail

HART MOUNTAIN, Lake County, Ore., July 18—Members of the Order of the Antelope scattered to their homes in several states today after convening again at the Blue Sky hotel here over the week-end, re-dedicating themselves to wildlife conservation, and electing Percy Locoy of Corvallis as chief white tail for the coming year.

Locoy succeeds Art Fish of Lakeview as head of the unique organization, whose official titles are as unique as its conventions and its meeting place in a grove of pines and aspens here. Other officers:

- John Blair, Lakeview, grand jackass buckaroo.
- Jess Faha, Lakeview, grand secretary.
- Don McNeill, Lakeview, assistant grand secretary.
- Gilbert Fleet, Klamath Falls, grand chief.
- Frank Graham, Eugene, grand harmonizer.
- Leith Abbott, Portland, king of the desert.
- A. L. O. Schueler, Bend, desert vulture.
- Bill Templeton, Timberline, Ore., keeper of the tall.
- Tom Williams, Fort Angeles, Wash., chief lookout.
- A. B. Wilson, Alturas, grand herd sire.
- Jerry Lillie, Eugene, keeper of the wampum.
- Walter Pearson, Portland, keeper of the water hole.
- Jack Hopkins, Lone Pine, Calif., sage jumper.
- Malcolm Epley, Klamath Falls, desert scout.
- Dr. Stewart Endicott, Lakeview, grand proselyter.
- Kirby S. Fortune, Coos Bay, Hart mountain tick picker.
- Tip Powers, Ontario, head swamper.
- A. E. Gerimonte, Westfir, fodder tester.
- Maurice Leslie, Klamath Falls, keeper of the knives.
- Tony Lusman, Medford, grass clipper.

The Saturday night campfire program included speeches by E. S. Jackman, Oregon State college.

The Saturday night campfire program included speeches by E. R. Jackman, Oregon State college staffman and national writer on western lore; Frank Jenkins, Klamath Falls publisher; Francis Lambert, Portland, ex-chief white tail, and several others. Leith Abbott, Portland, was master of ceremonies.

Chief White Tail Fish gave his farewell address and antelope belt buckles were presented to him and Lambert by Elmo Angele, Lakeview, president of the state Elks association. John Blair and Dick Johns of Lakeview conducted the initiation of the "jackass" neophytes.

Entertainment was provided by a group from KEX, Portland.

Approximately 300 men, including about a score from Klamath Falls, attended the sessions of the 13th annual convention.

Woodworkers Draft Rules

SPOKANE, July 18 (AP)—Delegates to the International Woodworkers district convention have carried the Taft-Hartley non-communist oath requirement a step farther.

The controversial labor law requires only that a union's officers sign the oath before the union may carry any problem before the national labor relations board.

IWA delegates voted yesterday, however, to require all candidates for office to file the signed oath before the union election. Two states of candidates were nominated.

They are: President, Earle C. Nims, Spokane, incumbent, and Fred Siefken, Coeur d'Alene, vice president, Carl Roone, Bonnar, Mont., incumbent, and Charles Ritchie, Newport; secretary-treasurer, Ed Anderson, Potlatch, Idaho, incumbent, and William Graham, Spokane; trustee, Delbert Gundvaldson, Newport.

Teen-Ager Dies In Car Crash

PRINEVILLE, July 18 (AP)—Teen-ager Patsy Nelson was killed Saturday and a companion injured when a car in which they were on an outing overturned along the Crooked River road.

Miss Nelson, daughter of Mr. and Mrs. James Nelson, Prineville, died in the wreckage. Billie Bordon, 16, daughter of Mr. and Mrs. Bert Bordon, Prineville, suffered a fractured pelvis.

Grasshoppers Moving In On Lake County

LAKEVIEW, July 18 (AP)—Federal entomologists reported today that Nevada-born grasshoppers moving across sage areas of Harney and Lake counties have been laying eggs for a week or more.

Vanguards of the insect hordes were reported moving north and northwest at four to six miles a day. So far the infestation has centered on brush and sage sectors of the two Southern Oregon counties, but

one edge of the horde is nearing the grasslands of Warner valley. The entomologists hope to survey the range of the insects for their control plans that will begin next spring when the eggs hatch.

Thomas Duval and Leonard M. Clayton, Elko, Nev., and Walter J. Scott, Washoe county, Nev., have established a camp at Hart mountain. The grasshoppers were plentiful there yesterday.

Duval reported the insects were ranging over an area from beyond White Horse ranch, 40 miles east of Field, to the Hart mountain camp. Dr. B. G. Thompson and Robert W. Every, Oregon State college entomologists, Corvallis, were due to join the field party at Hart mountain.

the boy, he added. The court just wants a new home for him. "He comes from a disturbed family," the judge said. The eldest of six children, little Teddy lived with his father and stepmother. His mother abandoned him when he was a baby and nearly four years of his life have been spent in foster homes.

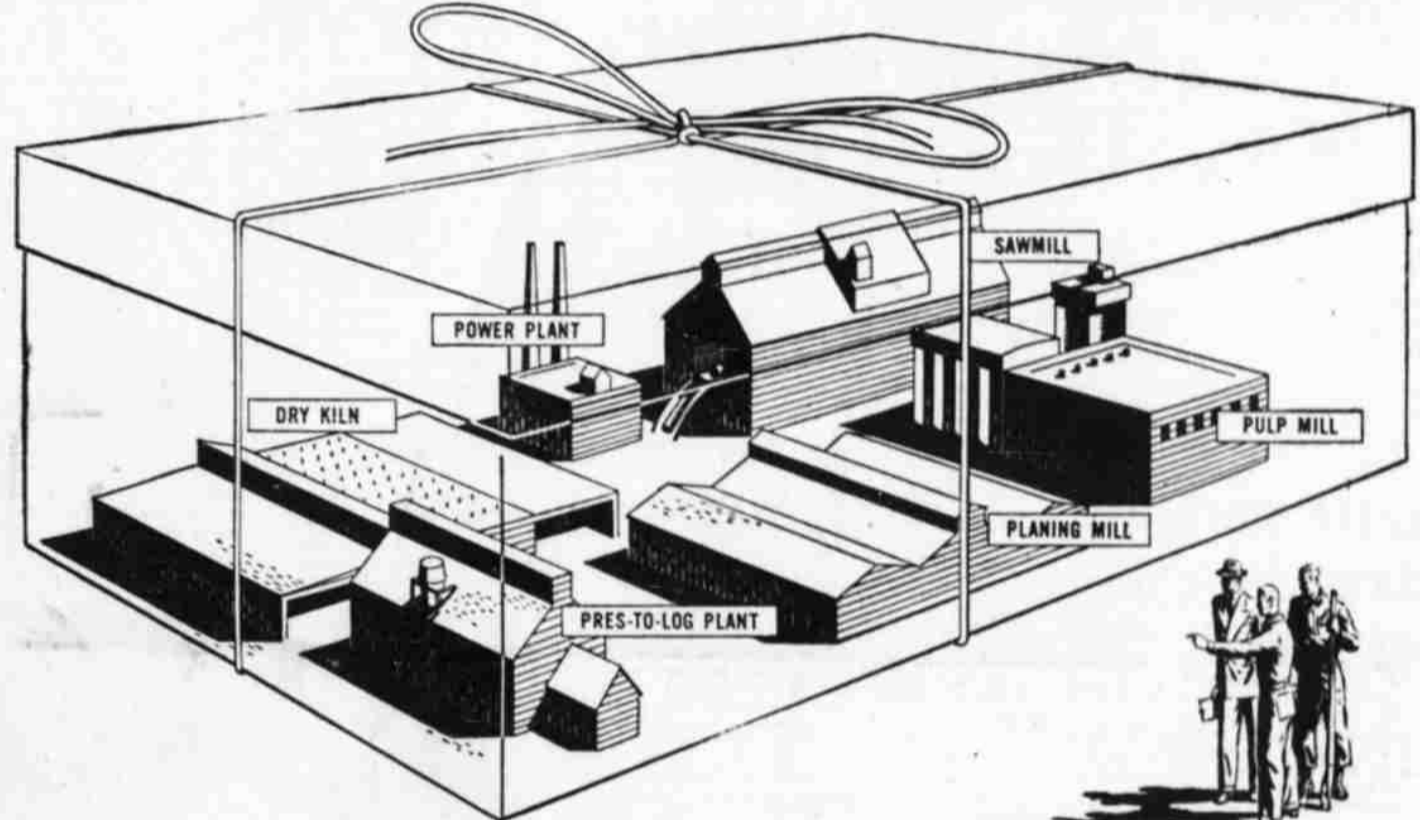

The shooting took place in Throckmorton's store. The boy had been sent there by his stepmother. While the grocer filled an order, Teddy walked behind the counter and saw the gun. He picked it up, apparently thinking it a toy—like one he had at home—and pulled the trigger.

"PACKAGED" MILLS process ALL of Every Log — Efficiently

WHEN this company's long-range objective is reached, we will have at each mill site—in one compact package—enough different kinds of mills to use ALL the timber harvest from our tree farms. The advantages are many. First, transportation, administration costs, power, and other costs are reduced. Without such economies it would not be practical to use all the harvest—because in order to win permanent markets, prices must be low enough to attract customers. Integration makes it economically sound to use all the different sizes and species of trees grown on the supporting tree farm. We can also make salable products from formerly unused sound material. Planer shavings, slabs, and short pieces for example—become the raw materials for other nearby mills. This volume creates more jobs for workers. Future stability is greatly improved for employees, shareholders, our communities and allied business.

YOU ARE ALWAYS WELCOME! Weyerhaeuser extends a cordial invitation to the public to visit our mills. Trained guides will gladly show you through. Tours: Morning and afternoon, Monday through Friday. Plants located: In Washington: Everett, Longview, Sequim Falls. In Oregon: Klamath Falls, Springfield.

TO HELP INSURE A PERMANENT INDUSTRY WE—

OPERATE TREE FARMS—to provide a never ending timber supply for our mills. The forest crop is harvested, reseeded, harvested, reseeded—in about 80-year cycles.

DIVERSIFY OUR MANUFACTURING—in order to use all of the tree. The aim is to build manufacturing centers in each of our operating areas so that on one millsite we can make useful products from low value as well as high value material.

DEVELOP NEW PRODUCTS—to increase the "take" from each acre of forest land harvested. A staff of engineers and scientists spend all of their time in this work. More products mean more steady jobs.

DEVELOP PERMANENT MARKETS—to be reasonably certain that Weyerhaeuser products are in steady demand year in and year out, in good times and bad. We work toward consistent high quality, and apply modern selling methods to create customer demand.
