## GRAINS STEADY ON MARKET

CHICAGO, July 19 (AP)—Grains were steady to firm in fairly active trading at today's board of trade session. Corn led other futures upward through most of the session, with oats carrying a strong under-tone.

Wheat had some difficulty in following the feed grains, but some mill buying and short covering offset hedging pressure.

At the close profit cashing had reduced bid prices, and wheat was 1/4 to 1/2 higher than the previous close, July 1.99-1.98 1/2. Corn was 1/4 to 1/2 higher, July 1.42-1.41 1/2. Oats were unchanged to 2/8 higher, July 63 1/2. Rye was 1/4 to 1/2 lower, July 1.54 1/2. Soybeans were 1/4 to 2 cents higher, July 22.50 1/2. Lard was 15 to 25 cents a hundredweight higher, July 11.17.

## C-S Stocks Hit The Top

NEW YORK, July 19 (AP)—Commonwealth & Southern stock was plastered all over the ticker tape today, selling at the top price of the year.

Sales in C. & S. alone were almost double the total of all other business done on the exchange.

The balance of the market moved laboriously upward, with gains running to around a point. Railroad issues did better than most others.

Without the benefit of C. & S. sales, turnover was at the rate of around 650,000 shares for the full session. Oncluding C. & S. the rate of turnover jumped to about 1,600,000 shares.

One whopping block of 350,000 shares of C. & S. sold at 4 1/2, a gain of 1/4. Later sales were made at 4 1/2 up.

C. & S. stock, because of its low price and the huge number of shares outstanding (more than 30,000,000), is frequently one of the most active issues.

Late last week a dissolution plan for the company was ordered in a U. S. district court over the objections of a group of stockholders.

Higher prices were paid most of the day for U. S. Steel, General Motors, Chrysler, Sears Roebuck, Caterpillar Tractor, American Telephone, Westinghouse Electric, American Woolen, Great Northern preferred, Union Pacific and Superior Oil.

Among the balky spots were Dou-

IN AND OUT—Emmett T. Anderson, left, of Tacoma, Wash., newly-elected Grand Exalted Ruler of the Benevolent and Protective Order of Elks, shows his badge of office to his predecessor, George I. Hall, of Lybrook, N. Y. Anderson was elected during the organization's annual convention in Cleveland, O.

## Portland Wheat

PORTLAND, July 19 (AP)—No futures quoted.

Cash grain: Oats No. 2, 38-lb. white, 60.00. Barley No. 2, 45-lb. b.w., 55.00.

Cash wheat (bid): Soft white \$2.09, soft white (excluding Rex) \$2.09, white club \$2.08, western red \$2.08.

Hard red winter: Ordinary \$2.09, 10 per cent \$2.10, 11 per cent \$2.11, 12 per cent \$2.12.

Hard white: Ordinary \$2.12, 10 per cent \$2.13, 11 per cent \$2.14, 12 per cent \$2.15.

Today's car receipts: Wheat 151, barley 6, flour 5, corn 3, oats 5, millfeed 15.

## LIVESTOCK

SOUTH SAN FRANCISCO, July 19 (AP-USA)—Cattle, salable 250, calves 25, supply practically all grass cattle, including around four loads steers and one load of good range cows; trading very slow; few scattered sales about steady; one lot low medium steers \$20.00; few good range cows \$18.50; canner-cutters mostly \$19.00-12.50; calves slow, no early sales on small receipts.

Hogs, salable 300, small supply butchers opened 25 cents lower than Monday; sows 30 cents lower; good-choice 180-240 lb. butchers \$24.50; good sows \$15.50.

Sheep, salable 1700; no early action or indication of price trend; Monday's trade continued drab with prices about steady with late last week; strictly good-choice lambs scarce; medium-good \$20.00-21.00; few lots good grade up to \$22.00; slaughter ewes steady; medium-good \$6.50-8.00; common mostly \$5.00.

CHICAGO, July 19 (AP-USA)—Salable hogs 9500; slow; later trade moderately active, uneven; butchers steady to 20 cents lower; sows 25-50 cents off on weights below 240 lbs.

Union Pacific	79 1/2
United Airlines	13 1/2
U. S. Steel	22 1/2
Warner Bros Plo	11 1/2
Woolworth	48 1/2

## Feeder Line Proposal To Be Discussed

West Coast Airline officials will be present Wednesday morning to meet with the aviation committee of the Klamath County chamber of commerce in a discussion of proposed feeder line service to Klamath Falls.

Under consideration is a CAB proposal that feeder lines be established here to supplant United Air Lines mainline service. The suggestion has been that service from the south be provided by Southwest Airways, and there is now talk that West Coast might be given service northward from Klamath.

West Coast presently runs from Medford, Coos Bay and Eugene to the northern points of Port Angeles and Bellingham, Wash., with Portland as a stopping point.

Executive Vice President Herbert A. Munter and others will attend the meeting called for 9:30 a. m. at the chamber.

## Damage Suit Asks \$22,500 For Accident

A damage suit for \$22,500 has been filed here as a result of an automobile accident last October 24 on highway 365 seven miles north of Lakeview.

Carl D. Young of Valley Falls, Ore., has brought the suit against Clifford J. Widmark of Lapine and Marvin H. Waymire and Alfred J. Toston of Temecula, Calif.

Young's automobile was involved in a collision with a truck operated by Widmark in the early morning hours of October 24, and Young contends he received permanent injuries in the crash.

Waymire assertedly was operator of a coupe owned by Toston which was parked on the highway and the accident occurred when Widmark swung his truck around the parked vehicle, striking Young's car head-on.

R. F. McLaren is attorney for Young.

## Neatness Pays For Teacher

BILLINGS, Montana (AP)—During her 32-year teaching career, Miss Cora McCormick always stressed neatness to her pupils. That was one reason it distressed her so much when the weeds in her back yard took over and she was unable to cope with them. A neighbor and former pupil—noticed Miss McCormick's plight. She called other former pupils of the now retired teacher.

Sunday morning at 9 o'clock sharp, former McCormick students began arriving at their one-time teacher's home. The menfolk cleared off the weeds, spaded up the grounds, sowed grass seed and had the new lawn all watered down by noon.

The women cooked food for the "lawn party" guests at the house next door.

And all sorts of gifts arrived from other former pupils. There were flowers, a lawn chair, a cancelled bill from a tree surgeon and a guest book signed by three generations of Miss McCormick's pupils.

## Religious Play Planned Here

Plans to present the religious play, "The Light Eternal," by A. L. Dallas, in Klamath Falls July 29, are under way.

The play, with a local cast of 56, will be sponsored by the Congregational church, and directed by Lela Parker who just completed direction of the play in Alascadero, Calif. Miss Parker is calling for a set-up and casting meeting at 7:30 tonight, Tuesday, in Plymouth house, the social hall of the Congregational church, Martin and Garden.

Anyone with talent for acting, directing, promoting, lighting or staging is cordially urged to attend and be assigned to a part in this presentation. Rehearsal times and casts will be announced as they are determined. The play includes 12 scenes.

## 'Gem Of The Southern Mines' Proves Poor Lode On 100th Anniversary Date

COLUMBIA, Calif., July 19 (AP)—Columbia was the "gem of the Southern (Mother Lode gold) mines" 100 years ago. Columbians thought its centennial celebration would produce gold, too. Instead, they reaped only severe financial pains.

Only a few thousand visitors came for a three-day week-end celebration ("Columbia, the Gem," etc.)—climax of California's 1949 centennial schedule. Officials had predicted 80,000.

Some Columbians blamed the heat—106 degrees—for the disappointing visitors driving into this little town, 140 miles northwest of San Francisco. Free bus service was provided from a 23-acre parking field a mile out.

Anyhow, this was the way—and it's painfully typical—once enthusiastic Columbians today toted up their deficits:

Tuolumne lodge No. 21, IOOF, spent \$1600 on booths and refreshments. E. A. Danicourt said "we will be lucky if we took in enough to pay the help."

Mrs. George Burghardt killed 100 chickens and 18 ducks, hoping to sell 250 box lunches. She sold about 20.

Mr. and Mrs. C. E. Harthorne prepared to sell 3000 hot dogs. They sold less than 200. That meant 2800 bus left, too.

"We'll be eating bread pudding until Christmas," Mrs. Harthorne moaned.

The Sonora Elks lodge stocked 500 cases of beer; sold about 25.

The Junior Athenaeum, a group of high school girls, spent \$400 to stock a booth; lost virtually all of it.

Mrs. U. K. Peterson, their sponsor, summed it up this way:

"There is something wrong here that we don't know about. There is

## Mitchell Rites Set Thursday

Funeral services for Carrie Williams Mitchell, who died July 18 after a long illness, will be held from the Littlefield Funeral home in Ashland Thursday at 3:45 p. m.

Mrs. Mitchell, who made her home in Klamath Falls and Ashland, died in the latter city. Interment will be in Mountain View cemetery there.

She was a native of Oklahoma and was 59 years old.

She is survived by her husband, Dan L. Mitchell, of Ashland, and eight children, R. W. Mitchell, Mrs. Ethel Flowers and Fred Mitchell of Klamath Falls, Mrs. Nellie Henson of Layton, Calif., Billy Edward Mitchell of Marysville, Calif., Ray Mitchell, Aubrey Mitchell and Jewell D. Mitchell, all of Ashland. She is also survived by 18 grandchildren and one great grandchild.

## KU Summer School To End Friday

Summer school at Klamath Union high school will end this Friday. Summer school, which started the third week in June, offered six weeks courses in English, general science, biology, typing and social economics.

Of the 30 students that began the course, 29 will be credited with completion. Most of the students were taking summer school to make up work missed in regular session, but a few took courses such as typing without credit in order to increase their skill.

## Bean Pickers On Needed List

One thousand bean pickers will be needed in the Salem area after July 25, Jack Almetter, manager of the Oregon State employment service, said today.

The pay is two-and-a-quarter cents per pound with a quarter-cent bonus per pound if the worker finishes the crop.

Applicants may apply at the local office for information, Almetter said.

## Television Course Now Offered

MIAMI, Fla. (AP)—The University of Miami now is offering its students a course in television. Classes are held in the downtown studio of the local television station and lectures are given by the station's staff. Students get three credits for 15 hours of classwork.

## McGill University Studies Problems Of Blood Banks

By HOWARD W. BLAKESLEE  
MONTREAL—Your red blood corpuscles are like a community of people. They are made up of individuals, ranging from newly born to old age. While not all survive to a ripe old age, they tend to a fairly uniform life-span of four months. The things that affect their life span and their work are under study at McGill university's department of biochemistry. The purpose is to improve blood bank preservation. The work is in charge of Dr. Orville F. Denstedt, who was one of Canada's wartime blood-storage experts.

In health nearly one per cent of your red cells die each day. They are quickly discarded and replaced by new comers born at the astounding rate of about 10 billion each hour. In cold storage, in a blood bank, the death rate of these cells is about one per cent per day. But the bank doesn't get rid of them like your body. When banded blood is given by transfusion, the defunct corpuscles are quickly thrown out, all except the iron in their red coloring matter. Your body takes that iron, and either stores it in the liver, or sends it immediately to the bone marrow to manufacture fresh hemoglobin, the red stuff, for newly formed corpuscles.

How long a red corpuscle lives depends on several conditions. One is the efficiency of his internal chemical processes. Although it takes a microscope to see a single corpuscle, each one is an elaborate chemical plant. The machinery of this little plant is enzymes. Some enzymes enable the corpuscle to use sugar and other foods. Other enzymes help it to get oxygen and to rid itself of carbon dioxide. The preservation of the corpuscles in blood banks is to a large extent a matter of keeping these enzyme systems working.
