

Eleven Lake Students Get Scholarships

LAKEVIEW, July 21.—Eleven students were elected to Daly fund scholarships at a meeting of the Bernard Daly Educational Fund trustees held here at the office of T. R. Conn, secretary-treasurer.

The students, who will receive scholarships for attendance at college, are: Mary Joyce Armes, Cecilia Ann Barry, Elizabeth Lois Beeson, Ross Earl Duke, Susan Jane (Paris) Vincent, Nelson B. Higgs, Opal Geraldine Lane, Max Arthur Larson, James Walter Mayes, Virginia Claire Myers, Breda Elizabeth Lynch.

The trustees and advisory board members also reelected all current Daly students whose college grades met requirements (3 point average or better) making a total of 38 now on Daly fund scholarships.

The fund was established by Bernard Daly, pioneer Lake county physician, to provide higher education for deserving students of Lake county. Hundreds have received benefits from it.

DALY FUND MEETING—Seated, left to right: O. R. Chambers, OSC; Paul J. Brattain, Paisley; W. M. Atwood, OSC; W. P. Vernon, Lakeview; B. K. Snyder, Lakeview, chairman. Standing: E. B. Lemon, OSC; T. R. Conn, Lakeview, secretary-treasurer; Roy Perry, Lakeview, vice chairman; O. K. Burrell, U. of O. Chambers, Atwood, Lemon and Burrell are advisors.—Lakeview Examiner photo.

Oregon Laws To Be Recodified

EUGENE, July 21 (AP)—Complete revision and codification of Oregon's laws will get under way about August 1 under auspices of the Oregon state bar.

The last legislature authorized the work and K. C. O'Connell, professor of law at the University of Oregon, said here Tuesday it would take three or four years.

He pointed out that only laws passed by the legislature, not the common law, were up for revision.

The legislature provided for a statute revision council and gave it \$80,000 for the job.

In 1944 O'Connell, in the Oregon Law Review, said the state's statutes were badly in need of revision. In 1948 he traveled through the state, interviewing county bar associations in backing the proposal.

Multiflora Rose Fences Aid In Giving Game Cover

Ranchers interested in planting the "living fence," multiflora rose, should get in touch with Ira D. Luman, state game commission field agent, right away.

Luman would like to have orders for the plants in as soon as possible to have some idea of how many plants to order for this county. The sooner orders can be sent in to the state office the more chance there is of having them filled, Luman said.

Multiflora rose can be planted any time between November 15 and March 1, in this country for best results.

In the interests of providing ample cover and winter protection for upland game birds the state commission is supplying plants as much as is advisable and assisting ranchers in getting the "fence" started. A little care is needed when the plants are first put in and the field agent will go over a man's hand with him when he applies for fence plants. If the prospect is good for

tion in the Lakeview district and taken to Eugene to winter, were trapped and brought back to be released in their original habitat this year. Many quail were lost in the cold winds and low temperatures in Lake county last winter, reducing the bird population noticeably.

The state game commission is constantly purchasing more strips of land, especially along canal banks where grain is left standing for bird feed. Farmers also cooperate in this respect, planting grain right over canal banks and harvesting only within 30 feet of the banks, leaving the strips for birds, especially waterfowl.

A closer understanding and more cooperation between the commission, sportsmen and farmers, is expected to result from such practices.

WORK SLATED
DETROIT, Ore., July 21 (AP)—Work on the Detroit dam's resident engineer office will be started this week.

Col. J. W. Miles, the resident engineer, said that if work continues on schedule, the town of Detroit will be evacuated in the fall of 1951. Water backed up by the dam will cover the site.

Oregon Vets To Go Off 52-20 List

SALEM, July 21 (AP)—Ninety-five per cent of Oregon's World War II veterans will be ineligible for federal GI jobless benefits after July 25, which is the last day for payments for men who were discharged before the official end of the war on July 25, 1947.

The other 5 per cent of the veterans can draw benefits for two years more.

The state veterans affairs department said 6530 veterans, or less than 5 per cent of Oregon's World War II veterans, have drawn their full benefits, which are \$20 a week for a maximum of 52 weeks.

Oregon veterans got more than \$21,000,000 in the federal GI jobless benefits during the five years of the program.

The peak was last March when 24,329 veterans got benefits in one week. The lightest load was last October when 1152 veterans drew benefits.

Although the people of the United States used natural gas for lighting as far back as the early 1800's, it is only in the last 15 years that it has been extensively used in homes and industries.

TOONERVILLE FOLKS

The red wolf has recently been exterminated in the American Southeast. Wolves apparently mate for life, and the father aids in rearing the family.

TEST
BAKER, July 21 (AP)—A tuberculosis testing program for bee breeding stock will be organized here during the month of December, according to Dr. Kenneth Erickson, federal veterinarian.

Dr. Erickson said that 4500 head of female bee stock will be tested.

Mac Sayers—If you think you are indispensable, read the epitaphs on the headstones in the cemetery. You are not that important.

GUILTY CONSCIENCE

EUGENE, July 21 (AP)—The University of Oregon received a \$10 check from a woman who had been a student here 25 years ago.

An accompanying letter explained her conscience was troubling her because she had taken some silverware and a blanket from the dormitory where, as a student, she lived.

LUCKIES PAY MORE to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

SEARS ROEBUCK AND CO.

IT'S STRONGER! EASIER TO USE!
Yet Priced Far Lower To Save You Money

Craftsman 16-Pc. SOCKET SET
In Heavy Gauge Steel Tool Box **16⁹⁵**

- 25% Stronger; 35% Lighter; Thinner Wall!
- All parts "Super-Tuff" steel, triple plated
- Guaranteed against breakage due to defects

1/2-in. pieces: 10 sockets (7/16 to 1-in.); two socket extensions; reversible ratchet; slide bar handle; speeder wrench; flex "T" handle, cross-bar.

Here's everything you want in a socket set... at the price you want to pay! Come to Sears today! See for yourself how really fine it is. Buy Craftsman at Sears... and save!

Buy Anything Totalling \$20 or More on Sears Easy Payment Plan!

For heavy duty on-the-job use! Craftsman

49-piece SOCKET SET
In strong, heavy gauge steel box and small accessory box **38⁹⁵**
4.00 down, 5.00 month (Usual carrying charge)

Contains 1/2, 3/4 and 1-in. square drive sets. Total of 27 sockets! Each set contains: two extensions; reversible ratchet; slide bar handle; speeder wrench, flex "T" handle with cross-bar; 1/2-in. set contains universal joint, forged steel sockets.

34-Piece Wrench Set Craftsman **24.95**
Complete set with 1/2 and 3/4-inch drive sockets in sizes 7, 32 to 1 1/2-in. Each piece heat-treated steel. Packed in hip roof steel box.

16-Pc. Socket Set Craftsman Quality! **15.50**
Made of "Super-Tuff" steel. Includes 7 sockets 3/8 to 1 1/2 in. Two extensions, ratchet, speeder, flex "T" handle. With steel box.

15-Pc. Socket Sets Craftsman Midget Wrench Size Steel Tool Box **6.75**
Extra thin walled sockets get into tight, close places. Accurately sized openings give a snug, perfect fit. Buy now!

6-pc. Wrench Set Dependable Craftsman Quality With Metal Stand **3.98**
Ends have same size opening. Box and offset 15 degree angle. Open set at standard 15 degree angle. Non-slip fit.

1/4-INCH DRILL
Regularly 14.95 **12⁵⁰** See It!
Compact, powerful! Develops 1600 RPM. Has 6-ft. cord and plug. 110-120 V., AC-DC.

Time-saving, work-saving Craftsman

DISC SANDER-POLISHER
Regularly 39.50 **35⁹⁵** A Value!
4.00 down, 5.00 month (Usual carrying charge)

Does job 10 times faster than by hand. Lightweight, easy-to-use. With 10-ft. cord, plug, assorted discs, carrying case.
