(Continued from Page 1)

An uncontested divorce decree. The assumption is that he divorced a dead woman in an attempt to cover up the crime.

Only after the torso was accidentally found did he disclose his wife's death.

Van Vactor said Rice may have given himself up wrongly assuming that if the head was not found he couldn't be held for murder. The torso itself was sufficient proof of a violent crime, the prosecutor said, and the head was not needed to establish a corpus delicti (body of the offense).

# Greta Garbo Keeping Mum In France

PARIS, July 23 (AP)—Greta Garbo has told the management of the Hotel Lancaster that she is the little girl that isn't there.

An assistant manager—who refused to give his name either—assured an Associated Press reporter: "So far as we're concerned, she isn't even in the hotel."

That is what the telephone operators tell callers too. The assistant manager went on: "We have instructions not to say anything about her. We don't know when she arrived, even approximately who is with her or how long she is staying."

Greta arrived Wednesday night protected against photographers and very hot mid-July weather in a heavy woolen jacket, slacks, a beret, dark glasses and footwear strongly resembling bedroom slippers. She has not been seen about town.

The Lancaster is a small hotel near the Arch of Triumph. The reticent one-time star is reported scheduled to discuss with Metro-Goldwyn-Mayer Producer Walter Wanger the making of a picture in France.

# Tule Church Plans Dinner

TULELAKE, July 23—The guild of the Tulelake Community Presbyterian church, meeting July 30 at the home of Mrs. D. P. Reid, completed plans for serving the annual dinner at the chamber of commerce in the American Legion hall the evening of July 29. The group voted also to serve a dinner to the Rainbow Girls at a later date.

Mrs. George Freeman was in charge of devotions. Travel talks made an interesting topic following the 1 o'clock potluck luncheon with each member reminiscing about an interesting trip.

The next meeting will be a business session August 3 at the home of Mrs. Chester Stonecypher with Mrs. George Fischer assisting. Mrs. Frank Howard will have devotions.

# Pal Shows To Be Held In Klamath

The public is invited to see two special shows to be given by Pal, Inc., Portland's boys' club, this week-end, under the auspices of the Loyal Order of Moose of Klamath Falls.

First show will be a half-hour long and will be just before game time Saturday night at Gem stadium. The second will be two hours in length and will be at 2:30 p.m. Sunday at Moore park.

# Salmon Pack Off From '48 Figure

JUNEAU, Alaska, July 23 (AP)—Alaska's salmon industry is going to take it on the chin for about \$3,000,000 this year, H. B. Friele, president of the Nakat Packing company, says.

En route to Seattle from Bristol bay, where the salmon season closed Friday, Friele predicted the Bristol bay pack would run about \$50,000,000 as compared with 1,300,000 cases last year.

He blamed a bad season, plus regulations calling for an additional 42 hours closure each week. Fishing was limited to 66 hours with a closure of 102 hours instead of the usual 60.

# Tight Squeeze But Pancho In

HAYVERFORD, Pa., July 23 (AP)—U. S. Singles Champion Richard (Pancho) Gonzales is in the finals of the Pennsylvania state tennis tournament but it took a tight squeeze to get there.

The swarthy 21-year-old Los Angeles ace had to call on all his magnificent shots to subdue Herb Flam, University of California at Los Angeles senior, in a five-set match yesterday at the Merion Cricket club, 6-2, 6-3, 4-6, 9-11, 6-6.

Gonzales will play the winner of the San Match-Vic Seixas match for the title. Match, University of San Francisco student, and Seixas play today.

# Gravel Pit Purification Effort Made

Steps are being taken to remove contamination from water of the swimming pool at the Port Klamath gravel pit, according to John Edge, county sanitarian. Recent tests by Edge showed the contamination, and samples taken a few days later confirmed the earlier findings. But Edge said the owners were working with him to eliminate the hazard.

One possible cause was irrigation water overflow, which saturated a bank of the pool and caused seepage into the pool. An irrigation headgate above the pool hereafter will be kept closed except when needed, stopping this seepage.

Copper sulphate is being placed in and around the pool to kill algae or other plant growth that harbors contamination.

Chloride of lime was placed in two nearby privies that may be responsible for the trouble, and these may be removed entirely from the immediate area.

Edge said that examination of the pool and publicizing the results were his duty as county sanitarian, but he hopes the situation can be immediately cleared up.

# Former Klamath Resident Killed

A former resident of Klamath Falls, Samuel Bayless, 79, died in Portland this week from injuries received in an automobile-pedestrian accident in Portland.

Bayless was hit by a panel truck driven by Kenneth Warren Robb, 29, of Vancouver, on a Portland intersection. Robb was cited for failure to yield the right of way to a pedestrian.

Bayless lived here with his son, Drew, now a resident of Portland, seven or eight years ago.

# Signals Going Up Along SP Crossings

TULELAKE, July 23—Reflector signals at hazardous county road and Southern Pacific railroad crossings will be placed as soon as possible, according to a communication from SP to the Homestead Community club.

The letter was in answer to one written to the company some time ago by the club secretary, Mrs. Leon Street.

The club met Friday, July 15 for a day of quilting at the home of Mrs. M. V. Maxwell. While the quilting is progressing nicely, more quilters are needed.

Mrs. A. E. Hutchinson gave information on the possibility of getting services of a home demonstration agent soon for Modoc county. Modoc has been without an agent for about a year.

There will be no August meeting of the club but Mrs. Leo Sagehorn, former Tulelake resident who with her husband has purchased large stock ranch holdings near Port Bidwell, extended an invitation to the members to visit her new home in a body during August.

# No Trek For Orthodox Douks Seen

BRILLIANT, B. C., July 23 (CP)—John Verigin, spiritual leader of the Orthodox Doukhobors, has no plans for a trek of his followers from Canada.

"We are not discussing departure," he said Friday in an interview. "We have no intention of leaving the country."

Verigin, grandson of Peter Verigin the second, whose father brought the Doukhobors from Russia 50 years ago, heads the major faction of the 14,000-member religious sect. The orthodox group terms itself the Union of Spiritual Communities of Christ.

Members of a radical faction, the Sons of Freedom, have been urged by their leaders to "migrate east to either Soviet Russia or Turkey." In Victoria, Commissioner John Shiras of the B. C. police, expressed skepticism at the announced plans of Sons of Freedom Doukhobors to migrate.

While he would be "pleased to see them go," for fanatical Doukhobors "have probably caused the B. C. police more trouble than any other group," he said he would "believe their plans only when they started to withdraw from British Columbia."

# Hogs, Cattle Steady Today

CHICAGO, July 23 (AP)—Hogs were quoted nominally from \$14.25 to \$22.50 today. Cattle also held nominally steady. There were no sheep for sale.

Hogs reached the best price of the year early this week, topping at \$23.50, but prices were mixed at the close. Light weight butchers closed the week 25 to 50 cents lower, heavier weights ended steady to 25 cents higher and sows gained \$1.00 to \$1.50. Sows comprised more than half the receipts.

A seasonal expansion of grass and short-fed steers and heifers was reflected in the cattle market this week. These offerings finished weak to \$1.00 lower. However, grain-fed steers comprised most of the receipts and sold at \$25.50 to \$28.00. The top was \$28.50 for one load.

New and old crop lambs declined \$1.00 to \$2.00 this week to reach new seasonal lows. Good to choice spring lambs ended at \$23.50 to \$24.50.

# Portland Wheat

PORTLAND, July 23 (AP)—Wheat futures and cash grain quoted:  
Cash wheat (bid): Soft white \$2.11, soft white (excluding Tex) \$2.11, white club \$2.11, western red unquoted.

Hard red winter: Ordinary \$2.11, 10 per cent \$2.11, 11 per cent \$2.12, 2 per cent \$2.16.  
Hard white hard: Ordinary \$2.15, 10 per cent \$2.16, 11 per cent \$2.19, 12 per cent \$2.21.

# MARKETS and FINANCIAL Western Pine Orders Off

PORTLAND, July 23 (AP)—The Western Pine association reported today that orders for pine lumber so far this year are 12 per cent below the corresponding period of 1948.

Shipments are down 14 per cent, and production down 10 per cent. Comparison figures for the week ending July 18, in board feet:

	Last Week	Previous Week	Year Ago
Orders	50,806,000	42,115,000	92,165,000
Shipments	42,437,000	31,405,000	69,823,000
Production	52,256,000	35,247,000	76,687,000

# WHEAT FUTURES SHOW GAIN

CHICAGO, July 23 (AP)—Flour buying in the Northwest gave support to wheat futures on the board of trade today. Mill brokers took to the buying side and advanced prices about a cent. Other grains held to a firm course without making any substantial gains.

Brokers said the flour buying came from the bank and file bakery trade and was for delivery on and after September 6. Wheat at Minneapolis showed a greater response to the flour buying than wheat here. There were no estimates available on the amount of flour bought.

Wheat closed 1/2-2/4 higher. September \$2.06 1/2-3/4, corn was unchanged to 1 cent higher, September \$1.29 1/2-3/4, oats were 1/4 lower to 1/2 higher, September 65 1/2-3/4, rye was 1/4-1/2 higher, September \$1.56 1/2-3/4, soybeans were 2 to 2 1/2 higher, November \$2.24 1/2-3/4, and lard was 5 to 12 cents a hundred pounds higher, September \$11.27.

Wheat—	Open	High	Low	Close
Sept.	2.04-2.03 1/4	2.05 1/2	2.03 1/4	2.05 1/4
Dec.	2.05 1/2-3/4	2.06 1/2	2.05 1/2	2.06 1/4
March	2.05 1/2	2.06 1/2	2.05 1/2	2.06 1/4
May	2.01 1/2	2.02	2.01 1/2	2.02

Today's car receipts: Wheat 108, barley 6, flour 4, corn 5, oats 1, milled 7, flax 1.

British coal production in 1948 totaled 200 million tons—11 million tons more than 1947 production, but still below the prewar level.
