

"Kidnap" Car Found In California

The 1947 Chevrolet sedan, reportedly taken from Edgar David Feiss of Klamath Falls nine days ago by three men whom he said kidnaped and robbed him, has been found abandoned on a residential street in Sacramento.

Sheriff's deputies in Sacramento reported today they had investigated Feiss' story that he was abducted from Klamath Falls July 21 and the asserted kidnap is also being probed by state and federal officers in Oregon.

The young man said men he picked up at the Weed-Asland junction as hitchhikers drew a gun on him and took him into California, stealing about \$75, a watch and taking his car after leaving him in a motel at Sacramento.

The motel operator said four names with Portland addresses were printed on his register but that he saw only one of the men when they checked in. After Feiss reported the experience to officials in Sacramento his parents here were contacted to send him money to come home on and he was questioned about the asserted kidnap and robbery by state police here.

The U. S. district attorney's office in Portland told the Associated Press it had not heard of the kidnaping and the Portland federal bureau of investigation office reported "no comment."

State officers here have been able to substantiate many of the details of Feiss' story.

Douks Still Planning On Eastern Move

KRESTOVA, B. C., July 29 (CP)—The Sons of Freedom, radical sect of the Doukhobors, still are waiting word from Russia and Turkey on their plan to leave Canada and settle in one of the two countries, their leader said today.

John L. Lebedoff, chairman of the Spiritual Community of Christ, commonly called the Sons of Freedom, issued a statement from the Kootenays headquarters here today reiterating that his followers "are leaving Canada."

The Sons of Freedom sect, accused many times of incendiarism in British Columbia, is variously estimated at between 2000 and 3000 strong.

"We believe," Lebedoff said, "that only the slaves of corruption who cannot be Sons of Freedom will remain in Canada."

Orthodox Doukhobors, whose community is 9000 strong, have rejected Lebedoff's appeal to "join in the move to fulfill a prophecy of moving to the east."

Cloudy Week-End Coming Up

The weatherman offered a pessimistic note in the way of a forecast for the week-end—predicting that this week's pleasant weather will become cloudy and thunder showers for Saturday and Sunday.

Maximum temperature Thursday afternoon was 82, and the minimum last night, 58.

Goldenrod, base of yellow fever victims, can be made to yield a sweet oil that imparts a licorice flavor to candy and chewing gum.

Michigan State college's football team averaged 16 first downs and 35.9 points per game during the ten game 1948 season.

When a truck is not working it's a costly luxury...

Two Jailed Following Auto Wreck

TULELAKE, July 29 (AP)—Two Malin men were jailed at Tulelake following an automobile accident in which they were involved Wednesday night.

The men, Donald Wood and Jose Diaz, a Mexican, crashed their automobile into a car three and one-half miles south of Tulelake on highway 139 at 11 p.m. Wednesday, according to police report.

Wood, who was driving, was cited on four counts, driving under the influence of alcohol, driving in a reckless manner, driving on the wrong side of the road, leaving the scene of an accident without rendering aid and refusing to give required information.

Diaz was arraigned before Judge Long Thursday morning. Wood will go to Alturas where he will appear before Judge K. E. Doherty. Maximum sentence on the combined four charges is two years in jail and \$1200 fine.

Wood indicates that he will plead not guilty, according to report. Claude Robert Clark, 24, of Alturas, an employee of the Goose Lake Timber company, was driver of the car hit by Wood's vehicle. Clark was returning to Alturas from Lakeview when the accident occurred.

Neither he nor his family was hurt. Wood received face injuries, damage to both arms and an ankle. Diaz was considerably shaken up.

After Wood's car, which had been seen going down the wrong side of the highway, the report said, crashed into Clark's car, he jumped out and ran away in the dark. Search for him at the scene failed, but police received a phone call later that he was seen at a motel leaving in a cab. Police followed the clue and picked him up.

Richardson Park Name Requested

PORTLAND, July 29 (AP)—The Inman-Hinton-Richardson Pioneer association wants the recreational area near the site of Fern Ridge dam named Richardson park.

The request was made to the Portland district corps of engineers in a petition signed by 59 members of the association.

The area is located on a part of the land claim of Benjamin Richardson, a pioneer of 1848.

Fern Ridge dam, a major unit in the Willamette valley flood control project, is located on the Long Tom river 12 miles northwest of Eugene.

Senate Okay Held Sure On Court Post

(Continued from Page 1)

ments within a relatively short time after they are sent to it officially.

Senator Kerr (D-Ola.) called them "fine appointments." "Both of them are good men," agreed Senator Sparkman (D-Ala.). House Speaker Rayburn, a fellow Texan, said Clark would make a "great justice."

On the republican side, Leader Wherry, of Nebraska, said he believes both will be confirmed. Similarly, Senator Jenner (R-Ind.) said he knows of no senatorial objection to either.

Public Works Military Bill Shelled Today

WASHINGTON, July 29 (AP)—Chairman Vinson (D-Ga.) of the house armed services committee said today a \$613,000,000 military public works bill has been shelved until next year.

Approved by the armed services committee, the authorization measure earlier had been slated for house action this session. Vinson said it will not be called up.

The decision to hold the bill back reportedly resulted from agreement among house leaders not to press for action now on any big-money measures that can be put off until next year.

The public works bill includes funds for housing for service men and their families.

The measure would authorize the expenditure but would not actually provide the money.

The authorization included: \$247,356,481 for the air force, \$200,852,801 for the navy, and \$185,596,400 for the army.

Shirk Rites To Be Held In Alturas

Funeral services for the late Mrs. J. L. (Katherine) Shirk, a former Klamath resident, will be held Monday, August 1, at 10 a.m. at the Catholic church of Alturas, Calif.

Mrs. Shirk, in her late 60's, died early Friday morning. She was a former resident of Klamath Falls and other points in the country before moving to Alturas. She is survived by one son, David Shirk, three sisters and one brother.

Plane Crashes In Canada Wilds

PRINCE RUPERT, B. C., July 29 (CP)—A Queen Charlotte Airlines two-motor plane, bound from Prince Rupert to the Queen Charlottes with a pilot and three passengers crashed today at Bigby, on Bigby Island, in Prince Rupert harbor. The four aboard apparently were not injured as the pilot of another plane reported seeing them walking around the wreckage.

The American black bear once ranged from the Atlantic to the Pacific, and from northern Alaska to central Mexico.

City Lighting Plans To Be Speeded Up

If materials arrive on time and plans go according to schedule, the switch will probably be thrown to light the downtown business district "by the end of the year," California Oregon Power Company Manager Sam Ritchey announced today.

However, the start of the job will not get under way until the first part of October when conduits, cables and pole bases have arrived, Ritchey added.

The ordinance authorizing the lighting contract between the city and the California Oregon Power company was approved by the city council at last Monday's session.

Under the terms of the contract, Copco will own and maintain the lighting system, with a cost to the city of \$1012 a month for 10 years.

The monthly cost to the city includes rental, energy cost, maintenance and upkeep.

Ritchey said the cost to Copco for installation, labor and material involved in the 86 light unit system would run in the neighborhood of \$65,000.

The area to be illuminated is Main from Second to Esplanade, Klamath from Fourth to Twelfth, Pine from Fourth to Eleventh, Esplanade from Main to Alameda and intersecting side streets.

Bus Driver Charged In Wreck Death

DAVENPORT, Wash., July 29 (AP)—Oscar M. Henninger, 46, of Salt Lake City was charged with negligent driving here yesterday in connection with the collision of a chartered bus and a grain truck.

Mark Johnson, 36, of Holden, Utah, a Millard county commissioner, was severely injured in the crash. Amputation of both his legs below the knees was necessary.

A complaint signed by Sgt. Ray Powell of the Washington state patrol charged Henninger with passing another vehicle without sounding his horn. The complaint alleged he attempted to pass the grain truck at a highway intersection. The accident occurred near Wilbur, Wash.

The patrol said Henninger was the driver of a chartered Lewis Brothers bus which was returning a load of Utah and Idaho residents to their homes after a convention in Clifton.

At the Deaconess hospital in Spokane, attendants said Johnson's condition was slightly improved today. Henninger posted a \$50 bond. A trial is scheduled for August 10.

Drivers Back Up Strike

Portland, July 29 (AP)—State locals of the AFL joint council of drivers have promised to support action of members of the Warehousemen's union in its wage dispute with 183 Portland firms.

The warehousemen meet tonight to decide whether to strike Monday. Such a walkout would affect about two thousand members and would tie up virtually all trucking within the city.

The warehousemen, affiliated with the AFL teamsters, handle freight for truck lines and drivers are not expected to cross picket lines if a strike is called.

Meantime, teamsters are considering strike action against Meier & Frank company, United Parcel service and Petroleum Motor Carriers, unless an agreement on wages, hours and working conditions is reached by Monday.

\$3000 Kept Safe In Baby's Crib

NEWPORT, July 29 (AP)—Salesman Bill Rohrs of North Bend was a whole lot happier today.

Visiting friends here earlier in the week, he and his host, Joe Gagliardi, went to a carnival. They came back to realize Rohrs' wallet, containing \$3000 cash, had vanished.

They rounded up police and stalked through the carnival hunting for a pickpocket. No luck. Rohrs went drearily home to North Bend.

But a night later Mrs. Gagliardi was making up the crib of her 21-month-old daughter. There in the bedding was the wallet, which the toddler had apparently found in the house and taken to bed with her.

WHY WE SAY "LONGSHOREMAN"

The name applied to a person engaged in loading and unloading the cargoes of vessels—it is, however, an abbreviated form of "along the shore man."

Cherry Picker Earns Big Wage

LA GRANDE, Ore., July 29 (AP)—A cherry picker, who earned \$72.88 in a single day's work, claimed a picking record today.

Walt Bailey, who has worked in the cherry harvest here for several summers, picked 2431 pounds of the fruit during a regular working day. Growers here said they thought it was a world record.

Bailey said he wasn't trying for any record, though. He was just picking normally, along with the regular crew.

Alaska Rail Line Gets Consideration

WASHINGTON, July 29 (AP)—The senate foreign relations committee today backed a move to build a 1200-mile railroad to link Alaska, Canada and the United States.

The committee approved a resolution asking the president to open negotiations with Canada for a study of the project. Senator Magnuson (D-Wash.), sponsor of the resolution, said the rail line would help bolster Alaska defense.

A similar proposal passed the senate last year but failed to get house approval in the final legislative crush.

The president would be authorized to cooperate with the Canadian government on survey and studies. The railroad would run from Prince George to British Columbia to connect with the Alaskan Railroad at Fairbanks.

The American railway system would be tied with the Canadian-Alaskan link by a connection at Vancouver with the Canadian Pacific and the Pacific and Great Eastern railroads.

A link between Queen and Prince George would tie in with the Canadian National railroad.

Sheriff Elliott Broadcast Set

PORTLAND, July 29 (AP)—Sheriff M. L. Elliott, whose recall is being sought, will take to the radio in his own defense tonight.

The sheriff's broadcast, over KXL, will mark the first time he has told his own side of the controversy since recall petitions began circulating.

So far, 5277 of the needed 30,528 signatures on recall petitions have been checked in and found valid.

War Surplus Goes At Cost Fraction

WASHINGTON, July 29 (AP)—American war surplus left abroad were sold at 20 cents on the dollar of their \$10,000,000,000 cost of production.

Secretary of State Acheson said so today in a final report to congress on the operations of the office of the foreign liquidation commissioner. It went out of existence as a separate government agency on June 30. Remaining functions have been absorbed by the state department.

Approximately \$2,000,000,000 was realized altogether from the surplus, Acheson said. Included in this was the \$84,560,000 estimated value of property contributed to the United Nations relief and rehabilitation administration. War equipment which cost \$400,000,000 to produce was abandoned as uneconomic to use or move.

Rice Taken To Oregon Penitentiary

William Howard Rice, sentenced to life imprisonment for the torso murder of his wife, Jeanne, was on his way to Salem today to enter the Oregon state penitentiary.

The 43-year-old cement contractor is being taken to Salem by Sheriff Jack Franey.

Rice pleaded guilty to an indictment charging second degree murder. He had been in the county jail since May 28, the day after the headless and limbless body of Mrs. Rice was found in the Klamath river.

Rice has never revealed any details of his wife's death although admitting he killed her and threw the body in the river.

Bus Strike Talks Carried On Today

SEATTLE, July 29 (AP)—William G. Hoise, federal labor conciliator, was making an attempt today to renew negotiations between striking employees and the North Coast Greyhound Lines.

Some 550 members of the Motor Coach Employees union (AFL) struck June 18. The walkout halted bus service south to Portland, north to Vancouver, B. C., and to several points near Seattle.

Hoise said he hoped to break a deadlock over the method of paying drivers. The union wants to retain the hourly wage system and the company seeks to establish a mileage rate.

Dr. Sinclair President Of Tule Chamber

TULELAKE, July 29—Dr. Richard Sinclair is the new president of the Tulelake chamber of commerce, elected this week by the 10-man board of directors to succeed Ross Ragland.

First vice president is Dr. Charles E. Wilson, second vice president is Phil Park and treasurer is E. L. Coyner. Mrs. Laura Barr will continue as secretary.

New officers and new directors will be installed tonight, Friday, at the annual chamber dinner in the American Legion hall.

Guest speaker will be Dr. John O. Moseley, president of the University of Nevada. He will be introduced by President Ragland. With Mrs. Moseley, he will arrive today by car and will be registered at the Sportsman's hotel.

The dinner, scheduled for 6:45 will be prepared and served by the guild of the Tulelake Community Presbyterian church.

Appearing on the program will be Mrs. Robert (Doris) Stevens, Klamath Falls, concert pianist, and her pupil, Don Groichem, who is studying for the concert stage.

Legionnaires Hear Report On Confab

TULELAKE, July 29—Delegates from Tulelake who attended the meeting of the American Legion and auxiliary, district No. 2, Sunday, July 24, at Redding, heard reports from the auxiliary department president, Marian Nelson, Fresno, on the progress that has been made this year in the assistance given to veterans.

In California alone, \$144,000 has been spent on veteran rehabilitation, over \$100,000 on child welfare, which aided 2300 youngsters, a net of \$43,000 went to veterans in the state for making poppies, and 37,723 essays were submitted by students in the annual Americanism essay contest. These represented 712 schools.

It was also announced that two eye banks have been started in the state for the benefit of veterans and that 64 will have been made giving eyes to the banks.

Ten girls were sent from district No. 2 to Girls' State and four of this number were at the district meeting.

Mrs. Sylvia Sehorn, Mt. Shasta, was elected president for district No. 2 for the coming year.

"Hag" Thomas, Yreka, was elected commander of the district for the Legion.

Attending from here were Department Chaplain Mrs. Mae Rudd and Olney Rudd, Commander and Mrs. Samuel Phillips, Mrs. Helen Cushman, new president of the auxiliary, and Mr. and Mrs. Lee Sonnenberg, and Mrs. E. E. Greenham.

Mrs. Helen Thomas is publicity chairman for the Tulelake unit this year.

Klamath Man Flies To Gotham

David McMullan, 1736 Menlo Way, left by plane Friday for New York, called there by the death of his mother.

McMullan was born in the same house in which his mother, Mrs. Harriet C. McMullan was born in Cox Sockie, Greene county, New York in which she has lived all these years. The house has been in the McMullan family since 1820.

The Luggage Shop on Main street was opened by McMullan when he came here a year ago. He plans to return after funeral services which will be held Sunday afternoon.
