

Lawmakers Generally OK Military Supply Swap With Canada; Anti-Sub Item Hit

WASHINGTON, Aug. 13 (AP)—Lawmakers voiced general approval today of a proposal to swap military supplies with Canada, although some of them picked flaws in the plan.

Secretary of Defense Johnson reported to President Truman and the cabinet yesterday that the Canadians want to barter warships, aircraft, small arms ammunition and other things they make for American supplies. This would help keep Canada's dollar reserve intact and still provide her with equipment she can get only in this country.

The defense secretary said he is very much in favor of the idea.

Chairman Connally (D-Tex.) of the senate foreign relations committee said the proposal looks as if it might "be helpful to both countries."

But Senator Mabank (D-S. C.) said he doesn't like the idea of exchanging U. S. supplies for anti-submarine vessels, one of the Canadian items named.

Along that line, Secretary of the Navy Matthews assured Senator Johnston (D-S. C.) yesterday that he knows nothing of reports that the Charleston, S. C., navy yard will be closed.

Senator Magnuson (D-Wash.) cautioned against going into any deal by which the Canadians would be called upon to produce highly technical war equipment and thus do away with the need for trained personnel and know-how in this country.

Senator Bridges (R-N. H.) said that if the plan involves acquiring naval vessels from Canada, he doesn't think it will work out.

"We've got more ships tied up now than we know what to do with," he observed. "I would be very reluctant to see us go into a proposition that would mean more unemployment for our people, particularly around navy yards."

However, Senator Gurney (R-S. D.) said he favors any 50-50 swap that will give each country what it needs.

Lake Hotel Remodeling Nears Finish

Major changes in the Lake Hotel, Explanade and Pine, are nearing completion and an ice cream parlor, situated where the lobby used to be, will be open for business next Wednesday, Mrs. Ather Smith, owner, announced today.

The rooms on the lower floor of the hotel have been abandoned and in their place will be an art supplies shop and gallery. Operator of the shop will be Robert Banister, art supervisor at Klamath Union high school, and Mrs. Smith's son-in-law.

The hotel is comprised of upstairs rooms only and the entrance, formerly on Explanade, has been changed to the Pine street side. The rooms, 18 in all, have been leased to Mrs. August Voss, night clerk at the hotel for seven years.

Mrs. Smith will oversee the ice cream business.

John N. Lee Overseer At Cemetary

John N. Lee, 1022 Upham, officially assumed duties as superintendent and general manager of the Linkeville and Klamath Memorial cemeteries this week.

The job, joint overseer of the two burial plots, is a new position created by the city council.

Lee was affiliated with a funeral home in Des Moines, Ia., for 14 years, operated his own funeral home in Idaho for seven years and more recently was employed with the Earl Whitlock Funeral home here for over four years.

Mr. and Mrs. Lee and their son, Richard, came to Klamath Falls in 1943.

Richard will be a junior at Klamath Union high school in September.

California Father Seeks Missing Son

NORTH VANCOUVER, B. C., Aug. 13 (CP)—A worried California father arrives late today by air to continue the search for his 15-year-old missing son, who vanished nine days ago from a summer camp at nearby Deep Cove.

He is Andrew Johnson, of Arcata, Calif., who is seeking his son Jerry, believed by police to have crossed the United States border on a illegal trip to Texas.

Mr. Johnson will follow clues already in the hands of police, who decided to discontinue their investigation early this week.

A report that the boy had disappeared into the bush was discredited by police, who said Johnson left all his camping equipment and clothes at Deep Cove.

Jerry was holidaying with a group of 40 American youths, all from wealthy families.

The camp is supervised by Dr. Mervyn V. Miller, director of audiovisual education at San Francisco university, and Mrs. Helen Miller, a graduate nurse.

The group intends to leave for Prince Rupert, B. C., August 16.

Dynamite Blasts Rock Two Negro Homes In South

BIRMINGHAM, Ala., Aug. 13 (AP)—Dynamite blasts rocked the homes of two Negro ministers early today in an area zoned for whites. A group of Negroes fired several shots at the dynamiter's auto, apparently without effect.

Eighteen Negroes in the two houses narrowly escaped death or injury.

Scores of Negroes in angry mood gathered in the area immediately and squads of police deployed to keep traffic moving.

One Negro was arrested. The arresting officer said he refused "to move on when ordered."

The Negro, Horace Moore, 32, was taken to the city jail, where he was booked on charges of resisting arrest and refusing to obey an officer.

The crowd later dispersed without further incident. Throats of the curious jammed the area, however.

Detective Capt. C. L. Pierce said all city detectives were assigned to the case. The department includes approximately 49 officers.

Most of the windows in the houses were blown out. Neither sustained any major damage.

The houses are only a half block from three others that were heavily damaged by blasts the night of March 24. These other houses had been bought by Negroes for occupancy. They were vacant at the time.

Nationalists Stand Firm At Kanhsien

CANTON, Aug. 13 (AP)—Kanhsten, gateway city to Canton, was reported standing firm today against furious assaults by from 50,000 to 60,000 communist troops.

A Chinese army spokesman said the city's defenses. Pro-government dispatches said fighting raged in the outskirts of that city 215 miles northeast of Canton.

The provincial officials have fled from that capital of Kiangsi province, but the governor is said to be directing Kanhsten's defense. He is Gen. Fang Tien, who also is commander-in-chief of the armed forces in Kiangsi.

On the southeast China front, heavy fighting was reported developing in a communist attempt to isolate the big port of Foochow. Foochow lies opposite the nationalist redoubt of Formosa.

Press reports said the communists were trying to capture Yungtai, 30 miles southeast of Foochow. It was here that the heaviest fighting was in progress.

At the western extremity of the broad South China front, the communists kept up the pressure along the railway leading to Canton.

Their current objective is Hengshan, 290 miles north of Canton. The nationalists blew up two railway bridges north of Hengshan in an attempt to slow the main red advance.

Hengshan guards the northern approaches to the stronghold of Hengyang, headquarters for Gen. Pai Chung-hai, commander-in-chief in South China. Hengyang is 33 miles south of Hengshan.

Girl Survives Death Crash; Parents Dead

WALL, S. D., Aug. 13 (AP)—A 14-year-old girl was still shaken today from her barefooted struggle up a rock-strewn incline to seek aid for her parents, killed when their car plunged down the 100-foot hill.

Chrysa Franjos, daughter of Mr. and Mrs. A. A. Franjos of St. Paul, Minn., said their car left highway 20 about 5 p. m. Thursday. She told how she spent part of the night unconscious and then several hours climbing the steep badlands hill.

After she reached the highway, the girl was passed by several motorists who later reported to authorities that a "crazy woman" had been seen.

Finally, at 8 a. m., Andrew Galina, Round Lake, Minn., picked up the near-frantic girl and brought her to the Wall hospital.

Her parents' bodies were pulled to the top of the incline by ropes. The family had been returning from a visit to California.

Penicillin May Affect Tongue

CHICAGO, Aug. 13 (AP)—Some people get black, hairy tongue, a physician said today, as a reaction to penicillin.

But the condition is temporary, he added, disappearing within a month after use of the drug is halted.

Dr. Samuel A. Wolston of Los Angeles discussed four such cases in an article in the Journal of the American Medical Association.

The condition causes the tongue to turn a greenish or brownish black and hairlike filaments that may grow as long as one-half inch appear on its surface. The condition is rare.

How the penicillin acts to cause the condition is not definitely known, he said. It occurs more frequently when the drug is administered by mouth.

Soapbox Jockeys Ready For Race

AKRON, O., Aug. 13 (AP)—The nation's top soapbox jockeys will put the final touches today on the homemade machines they will pilot in tomorrow's 12th annual running of the classic.

The 148 entrants from Alaska to the Canal Zone will vie for first prize of a \$5000 college scholarship and an automobile that will go to the second place winner.

Akron's top industrialists and business leaders donned kitchen aprons today to personally serve the boys hot dogs at a luncheon. An oil company held a breakfast in their honor.

Movie Actor Jimmy Stewart, with his new bride, will serve as grand marshal of the annual parade preceding the 2 p. m. (EDT) race tomorrow. It will mark the third year he has acted in that capacity.

Bad Check Count Filed Here

Jurgen Henry Pryor, 40, also known as "Red" Pryor, of 1817 Birch, was arrested by Deputy Sheriff Murray Britton late Friday afternoon on a charge of obtaining money by false pretenses.

He is accused of passing a \$20 bad check at the Driftwood club November 24, 1948. The complaint against him was signed by Don Nolan, club operator.

Pryor was arraigned in justice court and placed in the county jail in lieu of \$1000 bail.

Iron Lung Flown To Idaho Victim

PORTLAND, Aug. 13 (AP)—Another iron lung was flown from Portland yesterday in the campaign against infantile paralysis.

It went to Pocatello, Idaho, in an air force reserve C-48 transport plane piloted by Maj. Arthur Williamson.

It was borrowed from the Multnomah county chapter of the National Foundation for Infantile Paralysis since the 14 respirators in the local equipment pool already were in use. Two additional iron lungs arrived from New York later in the day.

Band Player Dies Following Fall

EUREKA, Calif., Aug. 13 (AP)—Richard O. Sorenson, 37, Portland band player, died here yesterday, apparently from the results of a fall at Grants Pass several days previous.

Members of the Monte Brooks band said Sorenson did not believe he was hurt seriously when he fell, but he became ill on his arrival at Ferndale earlier this week. The band is playing at the Humboldt county fair there.

The body is being sent to Portland.

Youth Dies In Accident

PORTLAND, Aug. 13 (AP)—Jerry Dwayn Nimtz, 5, route 2, Gresham, was killed near Sandy yesterday by an automobile that left the Mt. Hood loop highway.

The driver, James Skillings, Portland, was charged with negligent homicide. Bond was set at \$3000. Police said Skillings told them he lost control of the car when he tried to avoid a dog that ran onto the road.

The boy was standing near the road watching a bulldozer at work. With him was Harlan Westby, Bethel, Wash., who was hospitalized here with a broken leg and an injured shoulder.
