43 Vend 31 Whirlwind

Tough Decision Up To Board

ASTORIA, Aug. 13 (AP) — The state unemployment commission probably never expected anything like this, but it's got to decide how long a woman should spend getting dressed.

The case involves Mrs. Dent Burns, who was fired by the Columbia River Packers association cannery and went to get jobless benefits.

The cannery had given her an hour and a half notice to report to work. That, said Mrs. Burns, wasn't enough time to dress and get to the job.

Certainly it was, said the cannery, and Mrs. Burns isn't entitled to jobless benefits.

Commission Referee Warren Stephens listened to the arguments here; said a decision would be announced later.

SEISMOGRAPH

CORVALLIS, Aug. 13 (AP) — The new seismograph at Oregon State college, authorized by the state board of higher education, will be installed as soon as its little house is built.

A small building to house the instrument probably will be finished around the first of the year. The seismograph — as sensitive as those operated at the Universities of California and Washington — will be located two miles west of the campus, at a site particularly favorable to stable operation.

Petals of freshly cut flowers are placed in vessels together with special liquid (solvent) which extracts the oils. Later the solvent is removed by distillation and the pure floral essential oil remains, say experts.

QUICK, SANDY - THAT OLD LADDER - GRAB IT AS WE HIT - IT'S OUR ONLY CHANCE - NOW!

Hanford Too Tight For Air Maneuvers

PORTLAND, Aug. 13 (AP) — The Hanford atomic plant is so closely regulated that not even national guard and reserve air force planes can practice defending it.

So the fliers will pretend that the Umatilla, Ore., area is Hanford. And there they will simulate a defense of the area Sunday, Aug. 21.

Fliers from Oregon, Washington, Idaho and Montana will take part. Portland, Boise, Spokane and Great Falls each will send 12 P-51 fighter planes to rendezvous over Pendleton. Then they will move to Umatilla to intercept an enemy force represented by reserve pilots from Spokane. Ground forces from Portland also will participate.

The switch must be made because flights over Hanford, even by military planes, are forbidden.

You Cannot Spar for Time

When a fire visits your home, or your car is involved in an accident, or a violent windstorm sweeps over our community, you cannot spar for time while you either buy the pre-er insurance or increase that which you have. You must have the right amount and kind of insurance protection before disaster strikes.

Our advice costs you nothing and places you under no obligation.
