

ITU's Randolph Hammers Home Pension Plan For Long Time Union Officers

OAKLAND, Calif., Aug. 18 (AP)—President Woodruff Randolph got paid-up pension benefits for himself and other International Typographical union officers on the ITU books today. But he's going to hear plenty about it.

Spokesmen for the anti-Randolph minority within the union seized upon the pension voted by the 91st ITU convention yesterday. It was steamrollered through, they said, and it was illegal in the first place.

The administration forces denied both charges.

The anti-Randolph bloc earlier suffered another major defeat. It could muster only 56 votes to 258 in trying to block an amendment giving the ITU chief full power to approve or reject all local contracts.

Randolph interpreted the decision as a rebuke to locals at odds with his collective bargaining policy.

The opposition group—the ITU's "independent party"—indicated it was prepared to make the pension an issue in the forthcoming union election campaign along with Randolph's strict contract policy.

Meanwhile, Charles Tucker of Indianapolis, a party caucus leader, announced a tentative and partial slate to oppose Randolph and his "progressive party."

For president, Clifford G. Sparkman, longtime president of the Detroit local; first vice president, John R. Evans, Washington, D. C.; defeated by Randolph in the May, 1948 election; and Secretary-Treasurer George Bante, Chicago.

Two more vice presidential candidates will be picked later. The election—by mail ballot—is set for next May 17.

Randolph has given no indication he intends to step down. His personal plea in favor of pensions for international officers led to lobby talk that he would not seek re-election. Friends have discounted the speculation.

This is what the convention, by a one-sided vote, granted:

Pensions of one-half the highest pay of ITU officers and employees who have served 20 or more years.

Randolph has 20 years already—15 as secretary-treasurer, the remainder as president. His union salary now is \$10,000 a year. The three vice presidents and secretary-treasurer receive \$7500 each.

Pensions of \$10 per week for each two year term for officers and employees with less than 20 years service. (In essence, that means if a man serves for two years, he receives \$10 a week; if he serves four years, he gets \$20 per week and so forth.)

The convention previously increased weekly checks for the ITU's 7000 pensioners from \$15 to \$16.

Record High Of Fremont Cut Timber

The value of timber cut on the Fremont national forest for the fiscal year ending June 30, 1949 was the highest on record, according to a recent compilation of the forest service.

The 50,982,000 feet of timber cut during the 12 months period was valued at \$919,846,000. This placed the Fremont fifth in Oregon and Washington in the value of timber products cut.

The number of acres logged during that period to 58 from a total of 105 for the previous 12 months. The total cut on the forest for this period was not the all time high, but the higher value per thousand feet gave the forest the new record in value.

The average selling price for timber cut during this period was \$15.75 as compared with a previous year average of \$12.81 for fiscal year 1948. The Fremont made 25 Christmas tree sales during this period for a total value of \$2755.

With the decline in stumpage prices and a lessening demand for timber, officials predict that the value of timber cut on the forest during the current 12 months will be less than the record.

2000 Kids Jam Theater For Show

The Pelican theater was packed Wednesday with Klamath kiddies out for a free movie. Over 2000 children filled the theater to capacity and 400 others were routed to the Esquire theater when the Pelican was full.

Children at the Pelican saw a blonde movie while those at the Esquire saw the regular feature, "The Fountainhead," showing then, Klamath Merchants, who sponsored the movie, reported a slight upswing in business which they attributed to mothers who shopped during the show.

Forgot Iron, Phone Call Saved Home

ABERDEEN, Aug. 18 (AP)—A long distance phone call saved the home of Ralr Dever, Aberdeen, senior vice commander of the Washington department of the Veterans of Foreign Wars.

Dever had bundled his family into his car and was proceeding to Puget Sound when Mrs. Dever began to worry about the electric iron she had been using just before leaving the house. At Catsop, 16 miles east of here, Dever called the Aberdeen fire department.

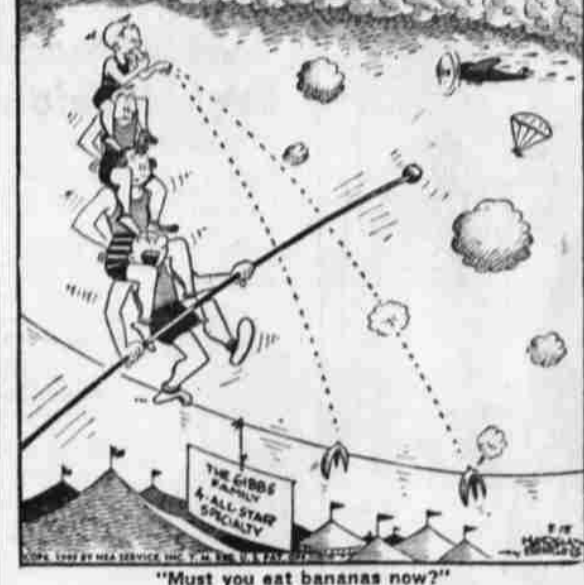

At the Dever home firemen found an overheated iron which had just started burning a hole in the ironing board.

Americans Sway British Votes?

VANCOUVER, B. C., Aug. 18 (AP)—The conservatives will win Great Britain's next election "if the Americans keep their hands off," Beverley Baxter, Canadian-born conservative British M. P., said yesterday.

Baxter, who has sat in the British house of commons since 1935, said "if the Americans say they won't do business with a socialist government in Britain, the conservatives will lose." Such American pressure would anger so many Britons that the labor government might be swept back into power, he said.

FUNNY BUSINESS

Farm Women Hold Potluck Picnic Monday

A potluck picnic luncheon and business meeting was held by the Associated Women of the Klamath county farm bureau on Monday afternoon at the home of Mrs. Earl Mack of Henley.

Joan Howell, assistant county 4-H agent, was presented with a gift of money from the association by Dorothy Mack, 4-H chairman, to be used for needed equipment for the 4-H kitchen at the fairgrounds.

Several members volunteered to act as hostesses at the exhibit building during the 4-H fair.

A report was given by Mrs. Lee Holliday on the state regional directors' meeting in regard to the proposed project on multiple sclerosis. The directors requested more information on the subject before the resolution is acted upon by all the counties. All members were also asked to conduct a thorough study of proposed federal aid to education.

Election of officers was held and the following women installed: Mrs. John Tofell, chairman, Mrs. Frank W. Brown, vice chairman, Mrs. Wade Pitcher, secretary, and Mrs. Paul Brethaupt, treasurer.

Retiring chairman, Mrs. A. R. Breitenstein, was presented with a gift from the group.

Following the county meeting the Associated Women of the Henley Center held a meeting and elected the following officers, Mrs. Jay Fairbro, chairman, Mrs. I. W. White, vice chairman, and Mrs. Walt Enman, secretary-treasurer.

Malheur County Road Workers Striking

ONTARIO, Aug. 18 (AP)—Malheur County Judge Irwin Troxel has promised to do something about a strike of road workers that has delayed repairs.

The judge said nine men had applied for the jobs. "We'll have no difficulty in getting experienced men," Troxel added. "We will be starting work again in a few days."

The repairs were halted last week when road crews quit over a wage cut. They had joined an AFL union after the county reduced their pay.

Knights Of Columbus Enter Parochial Schools Aid Fight

PORTLAND, Aug. 18 (AP)—The Knights of Columbus convention was prepared today to adopt a firm policy of insisting on federal school aid to parochial pupils if such aid is given public school pupils.

Delegates were planning to write a stinging condemnation of the Barden Bill now in congress.

Supreme Knight John E. Swift, Boston Judge, had made the topic the theme of his address to the 87th annual gathering. He was re-elected yesterday and was expected to have a hand in writing the resolution today.

Archbishop J. Francis A. McIntyre of Los Angeles said yesterday that the slogan, "Separation of Church and State," being used to fight federal aid for parochial schools had no meaning. He said it was a "bugaboo designed to effect legislation which will bring about the compulsory education of our children in public schools."

Referring to the slogan and any possible state church, the archbishop said, "If we may judge from the reaction of the recent controversy over the Barden bill, the conclusion would be that the union certainly would not be with the Catholic church."

"It is a slogan that has crept into even the supreme court," he said. He referred to the McCollum

Case, which involved releasing children from school for religious education, and said:

"The court, or at least a minority of it, endeavored to introduce personal opinion into the law, using a figure of speech for a rule of law, and using the first amendment as a springboard."

The archbishop said the constitution says only that "congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof."

'OREGON STANDARDS'

PORTLAND, Aug. 18 (AP)—Filbert growers have asked the U. S. department of agriculture to use Oregon standards for a proposed marketing agreement under study in sessions here. John Trunk, manager of the Northwest Nut Growers' co-op, said this would mean a 10 per cent allowance for blanks.
