GRAINS MARK UP INCREASES

CHICAGO, Sept. 6 (AP)—Grains pushed higher today under the leadership of the nearby contracts in wheat and corn. Wheat advanced on better cash basis at Minneapolis and buying of cash wheat by mills. Some short covering also aided the advance.

Corn also was affected by the cash market. Spot dealers reported bookings on a to-arrive basis at 56,000 bushels, and said that the bulk of the receipts today applied on previous contracts. Offerings of old and new crop corn are said to be very light.

Some buying in corn developed after the long range government weather report indicated considerable moisture for Illinois and Indiana. Soybean offerings were limited after early rain. A report that bids for new crop beans for shipment in October and November were advanced a cent brought buying by houses with eastern connections.

At the close wheat was 1 1/2¢ higher to 1 3/4¢ lower, September \$2.05. Corn was unchanged to 2 1/2¢ higher, September \$1.24 1/2¢. Oats were 1/4¢ higher to 1/2¢ lower, September 68¢. Rye was 2 1/2¢ higher, September \$1.43 1/2¢. Soybeans were 1/4¢ to 2 1/2¢ higher, November \$2.34. Lard was unchanged to 5 cents a hundredweight lower, September \$12.15.

Stock Prices Slightly Down

NEW YORK, Sept. 6 (AP)—Demand for stocks dwindled today and prices gently declined.

In only a few cases did losses exceed a full point. Selling orders were never very urgent and a liberal sprinkling of leading shares remained at last week's final levels or improved a bit.

Business was limited, even measured by the standards of some recent slow sessions. Turnover was at the rate of 650,000 shares for the full day.

PORTLAND, Sept. 6 (AP)—Cash Grain: Barley No. 2, 43 lb. B. W., \$32.00. No. 1 flax, \$3.99. Cash Wheat (bid): Soft white and soft white excluding Rex, western red, all \$2.13. Hard Red Winter: Ordinary \$2.13. Today's Car Receipts: Wheat 108, barley 26, flour 5, corn 7, oats 7, millfeed 2.

HIGH SCHOOL News and Comments

By Flo Ann Perkins

Although today was the official first day of school, approximately 1300 students showed up for the first assembly and initial registration. Students were assigned homerooms and given class schedules and the 11 new teachers were introduced by Principal James L. Brown during the assembly that day. In addition, freshmen spent Thursday morning finding their way around the school, since they usually seem like a pretty large place right at first.

The KUHS girls gym was the scene of the first dance of the school year Friday night. The "Back to School" dance was the first activity of the Pep Peppers for this year. Mike Shade and his band played for the affair.

Student Body President Wayne Carothers is planning an all-out campaign for the sale of student body cards this year. He plans to appoint a special committee in the near future to try to make the sales 100%.

Student body cards will again cost \$2.50 and they admit students to almost all athletic and school functions in addition to a reduction in theater rates for card holders. It is through student body card sales that the student body obtains funds to operate efficiently.

Editor Claudette Gleason and her staff began working on the Krater two weeks ago in order to have the first issue of the school paper out by the time school started. As a result, Krater was handed out to every student last Friday. The Krater subscription drive will get under way soon. The subscription price will be \$1 for the bi-weekly paper.

One of the 11 new teachers is J. K. Hvistendahl, a name which he himself claims to have needed five or 10 years to get used to. Mr. Hvistendahl will be the new advisor to the Krater and the El Rodeo in addition to teaching Journalism and English.

Although this is his first year of teaching, he is well-versed in the field of journalism. Mr. Hvistendahl was associate editor on the Leavenworth, Wash., paper for a year after the war and news editor on the Hood River Sun. In addition he was editor of his high school paper in Sioux Falls, S. D., and editor of his college paper at Augustana college in South Dakota.

Mr. Hvistendahl received his masters degree in English at the University of Oregon this summer. He is married and has two children. During the war he was a captain in the army air corps, serving three years of the five he spent in the army in Alaska and Canada as a communications officer. He also did some cryptographic work, that is, coding and decoding messages. Right now he is a major in the air corps reserve.

Births

SELBY—Born at Klamath Valley hospital, Klamath Falls, Ore., September 3, 1949, to Mr. and Mrs. J. D. Selby, 2235 Eberline, a boy. Weight: 4 pounds 12 1/2 ounces.

PADGETT—Born at Klamath Valley hospital, Klamath Falls, Ore., September 3, 1949, to Mr. and Mrs. George Padgett, Dorris, Calif., a girl. Weight: 6 pounds 2 ounces.

Snake Bite Shot Flown To Boy Here

Snake bite remedy was flown here from Medford Monday for treatment of Richard Lawrence, 6, who was bitten on the hip as he played in a wheat field near his Tulelake home.

When the child was brought in to Klamath Valley hospital, the lack of antitoxin in this vicinity was discovered, and an immediate radio call for help went out. Jack Morton, safety engineer for The California Oregon Power company, telephoned to Medford where antitoxin was located, and a member of the Cascade Flying service flew the medicine to Klamath Falls.

Hospital reports today indicate that the child, son of Mr. and Mrs. Harry Lawrence, is in fair condition and spent a restful night.

Replies to the appeal came from Langell valley, Dorris and Tulelake in addition to Medford.

Wocus

Mr. and Mrs. Lester Pridemore and two children, Shair and Larry, recently spent a week's vacation in Los Angeles and Long Beach, Calif. They were shown around the two California cities by Mr. Pridemore's uncle, George Hightower, whom he hadn't seen for 15 years. The children enjoyed the sight of the ocean, which was their initial glimpse of such a big body of water.

Mr. and Mrs. Carl Kelley and seven children are new residents of Wocus, having moved here from Modoc Point. They are renting the recently vacated Barron place near Childers. Four girls and three boys, make up the Kelley family. Kelley is a Weyerhaeuser employee.

Due to an inadequate water supply from a shallow well on the place purchased by the Franks recently, a new, deep well was drilled by Jesse Anderson and is supplying all the water needed to irrigate the whole two acres. Anderson drilled to the depth of 100 feet without striking rock, and the well is encased with a six-inch casing. The Lester Pridemores, tenants of the place, say the water is much colder and clearer.

Mrs. Lewis Orrell Jr. and children, made the trip by train to Seaside where they have been enjoying a vacation for the past two weeks with Mrs. Orrell's relatives. Lewis Jr. left by motor August 28, to spend a week with his family, before bringing them back home. It was at Seaside where Orrell captured a \$100 cash award several years ago for hauling in the biggest salmon, and he expects to do little fishing there this trip.

Visitors at the Lewis Orrell Sr. home the week-end of August 27, were Mrs. R. G. Zierbe and daughter, Barbara, of Bend, Mrs. Zierbe is a niece of Mrs. Orrell.

Reconstruction of the sales corral on the Fred Howard place is well underway, with new posts being set in the cement floors of the pens, and 3 by 10 plank siding already hauled and ready to partition off the units. Howard is doing most of the work himself. He expects to have the project half finished this year and will complete it in time to hold his first sale the middle of next year.

Mrs. J. H. Marshall returned from Woodland, Wash. August 29, where she spent several days receiving medical treatment for a leg ailment. While away, she attended an old-fashioned foot-washing and communion, held by the Baptist congregation at Ritz, Wash. Mrs. Marshall said it had been 50 years since she had witnessed that sort of a gathering. She was a very small girl then and can barely remember the last one she attended with her parents.

Visitors at the Theodore Forcier residence recently, were Mr. and Mrs. R. E. Pearce, of Eugene. The Pearces were former neighbors of the Forciers when the latter lived in that city.

Mrs. Forcier proudly conducted this correspondent through her garden, pointing out the abundance of production of brussels sprouts, cabbage, corn, beans and several other vegetables. Her most prized garden possession of all were several healthy vines bearing good sized cantaloupes, a luxury seldom grown in this high altitude. Fruit trees, growing in the back yard were laden with fruit, in spite of the bad freeze and frost late in June of this year.

Another Wocus resident, proud of the productivity of his garden and fruit trees, is Jim Helm, who was a little more than surprised when apricots gathered from a tree in his back yard measured six and a half inches in diameter. Said Helm, "I knew they were of good size, and as sweet as sugar, but never thought they would prove that di-

According to Mortons, Catalano plans to start building right away. Melvin Vanderhoff is sorry to accept the chairmanship of the reactivated Wocus community club, due to unavoidable conditions arising since his acceptance, two weeks ago. It is hoped another person of the community will be elected to fill the vacancy, at the club's next meeting, Saturday, September 3, 7:30 p.m. at the Gun club.

Young Bobby Smart, who has been spending the summer with his aunt and uncle, Jim and Louise Helm, will remain with them this winter, and will attend school at Pelican. Bobby's parents live at Medford.

FUNERAL

WALLACE WINFIELD BAKER Funeral services for the late Wallace Winfield Baker who passed away on Friday, September 2, 1949, will take place from the Church of Jesus Christ of Latter Day Saints, Home and Martin streets, on Wednesday, September 7, 1949 at 2:30 p.m. President Merlin W. Beak, officiating. Concluding services and interment in Klamath Memorial Park. Friends are respectfully invited to attend. Ward's Klamath Funeral Home is in charge of the arrangements.
