

Council Rent Meet Action Seen Tonight

The city had taken no steps to call off the Wednesday night mass meeting for discussion of rent decontrolling early this afternoon but some move is expected at tonight's council session.

Housing Expediter Tabe Woods ended rent control in Klamath Falls last Friday but the Klamath area rent control office has not been notified officially of the government action.

Darryl Mabee, regional housing expediter from the Portland zone office, notified Geneva Hiltson, legal rent examiner here, that he is attempting to secure official confirmation from Washington and such should be available tomorrow, Tuesday.

Not Official

In the meantime, Mayor Robert A. Thompson is holding an official cancellation of the mass meeting scheduled for Wednesday night until official word reaches Klamath Falls.

Mabee has wired the Washington rent office asking for confirmation of Woods' decontrol action, so that he can forward the information to Klamath Falls.

Arizona Miss America On Tour Trail

ATLANTIC CITY, N. J., Sept. 12 (AP)—An Arizona ranch girl headed for the big city today to start her career as Miss America, 1949.

Dark-haired, brown-eyed Jacque Mercer of the X-Bar-X ranch, Litchfield Park, Ariz., who won the title Saturday night, starts on her round of personal appearances that will take her back across the continent.

As the new Miss America she gets a \$5000 scholarship and a \$3000 automobile, plus contracts for the personal appearances. She won the awards over a field of 52 beautiful girls from 45 states, four major cities, Hawaii, Puerto Rico and Canada.

Marriage First

Although her long-range plans are "marriage first, career second," her immediate objectives are another year at Phoenix Junior college and then Leland Stanford university. She's studying dramatics, and it was a dramatic reading from Shakespeare's "Romeo and Juliet" that gave her first place in the talent division of the pageant.

Her figure—34-inch bust, 22-inch waist, 34-inch hips—gave her a first in the bathing suit division. The girls also appeared in evening gowns.

The shortest Miss America since 1921 (five feet four inches) and the lightest ever (106 pounds), she neither drinks nor smokes. She designed all the gowns she wore in the week-long beauty pageant.

CAPTAIN GEORGE WILLIAMS, one of the nation's oldest active transport pilots, shows his license that shows he has been piloting ships since 1917. He has flown everything from the flimsy World War I fighters to the huge B-29's, on which he was Boeing's chief test pilot during World War II. In the old movie epic "Hell's Angels," Williams directed the allied "fighters" while famed flier Roscoe Turner master-minded the "enemy" airmen. Williams is now chief pilot for West Coast airlines. His home port is Seattle.

Camp Fire Girls Schedule County Membership Drive

Two all city parties will mark the opening of the Camp Fire Girls membership march in Klamath Falls. All girls in Klamath county who are between the ages of 10 and 17 are invited to a lawn party on Wednesday at 4:30 p.m., to be held at the Camp Fire House on Conger avenue, located near the Copco powerhouse.

This invitation includes all girls who are already registered Camp Fire Girls and all girls who would like to join a Camp Fire group this fall. Girls are asked to bring one or two winners and buns for themselves. All other refreshments will be furnished. Activities will include roasting wieners and marshmallows, outdoor games and singing.

A similar party will be held for younger girls of Blue Bird age on Saturday afternoon, September 16. All second grade, third or fourth grade girls who would like to be Blue Birds or who are already registered Blue Birds are urged to plan on attending this party.

National Drive
Camp Fire Girls in Klamath Falls are joining Camp Fire Girls across the nation in their fall membership march. Parties, organization of new Camp Fire and Blue Bird groups, and other activities will be included in this attempt to bring to more girls the opportunities and privileges of membership in Camp Fire Girls.

Camp Fire Girls are divided into three age groups: Blue Birds, who are seven to 10-year-olds, Camp Fire girls, the 10 to 15 age, and Horizon club, senior high students. In addition to their diverse ages,

Education, Not Chills, At Air Show

(Continued from Page 1)

Klamath Falls in competition with United, flew a party here from Medford in a new model DC-3 piloted by Captain George Williams, a veteran and ace transport pilot whose log book adds up to almost 18,000 air hours.

Western gave two free 40-minute flights and United, four.

Joe Hicks, show committee chairman, singled out the Klamath Air Search and Rescue outfit and the Boy Scouts for praise in aiding with the show.

Other members of the show committee were Murel Long, Vic Douglas and Roy Premo.

Tower Manned
Two civil aeronautics administration air traffic controllers, Wall Tragoth and Stan Dilatash, came here from Salem to man the control tower and keep the heavy air traffic moving safely.

Air Ladd, sisters, ring-mastered the show, handling the public address mike.

Bad flying weather to the east and north prevented a host of flying visitors from coming. From Portland alone, some 75 members of the Air Sportsmen club had planned to plane here but were weathered in. At the phenomenal last minute, the navy cancelled out a program feature, the participation of a navy flight. Show Chairman Hicks said with a wry smile many brass made the excuse of being "low on gasoline."

Car Damaged In Collision

A new coupe belonging to John Thompson, 2316 Main, was extensively damaged early this morning in an accident just past the Weed-Ashland junction.

State police said a pickup truck driven by William B. Alexander, route 3, box 532, failed to stop coming off a side road and smashed into the side of Thompson's car. Investigation showed that a brake cable on the truck had snapped and Alexander was unable to stop his vehicle.

He was given a ticket for running a stop sign.

Late last night an automobile driven by Norman Mark Sproat, 1118 Walnut, veered into a big cargo truck two miles north of Worden, damaging the car extensively but causing no injuries.

Sproat told state police he veered to the left to pass two cars parked on the shoulder of the road and hit the truck, operated by Arthur A. Nordyke of Tacoma. Sproat was cited into justice court for driving on the wrong side of the highway.

Pic Shows Mills' Thigh Broken

X-rays at Klamath Valley hospital have shown that Fred Mills, long-time Klamath Falls attorney, is suffering from a broken thigh bone, the result of a fall Friday night.

Mills was moved by ambulance to the hospital Saturday morning. His condition is said to be fairly good, although he will be hospitalized for some time.

Municipal Court

- Edgar B. Morris, reckless driving. Post \$50 bail.
- Edgar B. Morris, no operator's license. Post \$5 bail.
- Laurel C. Hines, disorderly conduct. Fine, \$25 and 30 days probation.

- Antonio Naredo, drunk. Post \$10 bail.
- Julio Rodriguez, inadequate brakes. Post \$5 bail.
- Julio Rodriguez, no operator's license. Post \$5 bail.

Judge Recall Move Started

ONTARIO, Ore., Sept. 12 (AP)—A petition for a recall election against Malheur County Judge Troxell has been filed with the county clerk's office.

The petition, signed by Earl Allen, a farmer near Vale, charged that "Troxell has assumed arbitrary, capricious and vindictive manner and attitude toward the citizens of Malheur county and their complaints."

There was no further explanation by petition backers, but it was believed in political circles that a recent dispute with county road workers involving wages on road project work had prompted the recall move.

Horse Rears, Man Injured

Injured Sunday evening was Grover Clarkson of Chiloquin whose foot caught in the stirrup as his horse reared, throwing him to the ground.

Clarkson was brought to Klamath Valley hospital by Kaler's ambulance, and was found to have a broken leg.

The accident happened when he was on horseback, pulling cows out of the mud near Kirk.

Italian Fliers Land On Azores Islands

NEW YORK Sept. 12 (AP)—Two Italian fliers landed at the Azores islands today after turning back on a Lisbon-to-New York flight because their single-engine plane had insufficient fuel.

Capt. John Brondello and Capt. Camillo Barrioglio of the Italian air force had hoped to make the 3500-mile flight to New York in 26 hours.

In The Day's News

(Continued from Page One)

horns and their herdfords made more meat with less expenditure of labor and feed than our screwy grades.

Bull calves from the English ranch percolated out through the countryside and began to improve the quality of the native stock. So did the boar pigs. The beneficial influence of that ranch financed by English capital on that one neighborhood in the raw, rich valley of the Mississippi was incalculable.

I NEVER knew, of course, how much profit these English investors made out of their ranch. At my then tender age, I wasn't much interested in such things. But I hope they did well, and I'm inclined to think they came out all right. One thing, looking back over the decades, I'm sure of—they didn't EXPLOIT us. They HELPED us. For every dollar they may have made by their operations among us they gave us back MANY dollars in the form of know-how gleaned from observation of their better methods.

I'M sure it will work out the same way if, with our greater industrial know-how, we now begin to invest in factories in England. We are the world's top experts in mass production, just as these English of that day were the world's top experts in animal husbandry.

So, you see, it isn't narrow and small and selfish when the English of today (hard pressed after two great wars just as we were hard-pressed after our bloody and costly war between the states) suggest that we come over to their country and invest our savings there, bringing to them our techniques of mass production as they brought to us their techniques of land and animal management. It is just good common sense.

Four Twins Make Bows At Hospital

It was a busy week-end at Klamath Valley hospital where two pairs of twins arrived in addition to the usual week-end quota of new babies.

This year's first set of girl twins arrived Saturday afternoon, ten minutes apart to Mr. and Mrs. L. R. Simmons of Gerlach, Nev. The infants, Christine Diane and Kathleen Nan, checked in at 2:57 and 2:59 p. m. and weighed 6 pounds 6 1/2 ounces and 5 pounds 1 1/2 ounces respectively.

The babies are granddaughters of Mr. and Mrs. Leslie Pope, 237 Jefferson. Their mother is the former Gloria Pope. The Simmons have an older child, Carol Ann, 3 1/2 years.

The second set of twins, a boy and a girl, arrived the following day. Sunday, to Mr. and Mrs. Donald Davis of 840 California. The little girl tipped hospital scales at 5 pounds 7 1/2 ounces and the boy, 5 pounds 2 ounces.

Names of the new arrivals are Michelle Louise and Michael Lewis. The Davises have two older children, a son and a daughter.

Woman Says Purse Taken From Car

Nancy Stone, 517 Walnut, reported to police this morning that her purse was taken from a car sometime Sunday at Neptune beach on Agency lake.

The purse, a black corde, contained some \$7. pictures and keys.

Rotary Club To Hear Talk By Gralapp

Quota club—Monday noon, Pelican cafe.
Junior chamber of commerce—Monday, 7:30, Winema.
Exchange club—Tuesday noon, Winema.
Lions—Tuesday noon, Willard.
20-30 club—Tuesday, 7 p. m., Willard.
Kiwanis—Thursday noon, Willard.
Sceptotimist—Thursday noon, Pelican party room.
Rotary—Friday noon, Willard.

Arnold Gralapp, superintendent of city schools, will be principal speaker at the Rotary club meeting Friday. Speaker at the Kiwanis club will be Mrs. John Martin of the Klamath Falls medical laboratory, who will speak on "Walking Blood Donors." Victor Josephson will be chairman for the day.

The 20-30 club will have a report from the five members who attended the international convention of the club at Santa Cruz last week.

Phil Hitchcock will speak about air service in Klamath Falls at the Sceptotimist club meeting Thursday. Chairman for the day will be Mrs. Lawrence Slater.

A surprise meeting will be held at the Exchange club, Ernest MacBeth will be chairman for the day.

Most Grain Now Shipped

TULELAKE, Sept. 12.—Shipments of grain from the Tulelake office of the Southern Pacific are raising off as the grain harvest nears the end.

A total of 192 cars had been shipped to September 1. Fifteen cars, principally Hannchen went out Saturday and one car of Medford pears, held in cold storage here was consigned to New York.

Fire School Meet Starts

An area meeting of the state fire school, attended by firemen throughout the county, began today at Oregon Technical institute.

In charge of the school, which will continue through the week, are Elmer Halstead, state supervisor of public service training, and Jack Hayes, deputy state fire marshal.

Purpose of the school is to brief firemen on latest fire control methods and equipment. Meetings are being held in the Oregon Tech guest house.

Otto Smith New State Director

Otto Smith of Klamath Falls was one of six directors named by Master Printers of Oregon at the group's annual convention held at Timberline lodge over the week-end.

All directors were re-elected and include Smith, Ed Turnbull of Eugene who has been president the past year; Jack Biggs, Pendleton; Ralph Ohman, Roseburg; Phil Blaisie, McMinnville, and Orrin M. Downey, Portland.

OC&E Strike In 3rd Week; No Activity

The diminutive Oregon, California and Eastern railroad strike began its third week today with no activity reported either from the road management or its 13 idle workers.

O. W. Lange, vice president of the order of railway conductors, said no cars were moving on the OC&E now and none was being placed on the transfer track to the OC&E by the Great Northern or Southern Pacific.

The strike began August 29 when conductors of the road quit in a dispute with the railroad management over pay claims and other points of friction. Some economic pinch has been felt because of the strike, particularly by shippers on the 65-mile line, and Lange said he learned that Plagge's office had received half a dozen complaints about the strike from shippers.

The complaints should have been addressed to the interstate commerce commission, Lange said.

The OC&E is owned by the Southern Pacific and Great Northern and is operated now by the Great Northern.

JAP JOBLESS

TOKYO, Sept. 12 (AP)—Some of Japan's jobless may be sent to countries needing workers if mutually satisfactory arrangements can be made, General MacArthur's labor chief said today.

OTI Has 472 Students Now

Active enrollment at Oregon Technical Institute rose to 472 today, Director Winston D. Purvine announced, with indications that the total will go to 525 before the month is over.

The 472 figure covers those students actually studying at the school, not the many others who have indicated or written that they plan to register later.

Forty-nine applications for enrollment in September have been received, with most of those students scheduled to begin classes this month.

TO HOSPITAL

John Swartzfager was moved from Car-Ad-Co where he is employed to Klamath Valley hospital early Monday morning. He will be in the hospital for a few days under medical care. He became ill while at work.
