

Woman Shot, Near Death; Relative Held

OREGON CITY Sept. 20 (AP)—A 57-year-old woman lay near death in a hospital here today. Her brother-in-law was held without bond accused of shooting her.

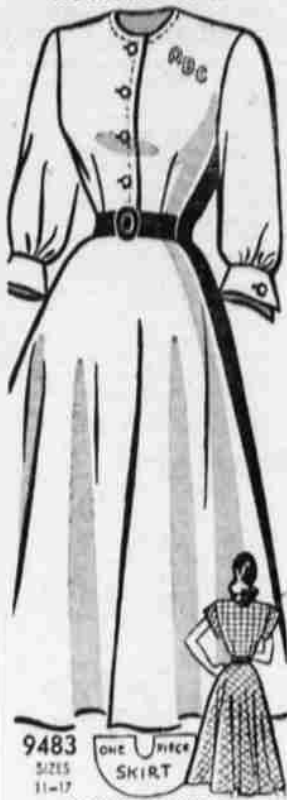

The woman Mrs. Amy Wheeler was killed in her antique shop at Cayser, east of here, last night. The brother-in-law, Cornelius Joseph Oweley, 63, Estacada, was arrested an hour later.

District Attorney Leonard Lindas said Oweley admitted shooting the woman. Lindas said Oweley had been bearing a grudge against Mrs. Wheeler, his wife's sister. The district attorney said he had drawn up a charge against Oweley of assault with intent to kill.

The woman's husband, Henry Wheeler, said she was struck without warning by one of three shots fired from a doorway. The gunman also fired two shots at him, but missed, Wheeler said. Wheeler added that he then got his shotgun and fired at the retreating gunman.

Oweley was arrested carrying a .38 caliber revolver. Sergeant James Burns of the state police said. He added that one of Oweley's ears was bleeding.

Board Won't OK Upping Diesel Crew

WASHINGTON, Sept. 20 (AP)—A presidential emergency board yesterday rejected a union demand that railroads assign a second fireman on diesel locomotives.

Saying there is no need for an extra fireman on any type of diesel locomotive now in use, the board turned down the request made by the Brotherhood of Locomotive Firemen and Engineers.

The board also rejected union demands for:

1. A fireman on rail motor cars; and
2. Equalization of pay for firemen on oilburning and electric locomotives with pay scales on coalburning and diesel locomotives.

Recently the same board had denied a plea of the Brotherhood of Locomotive Engineers for a second engineer on diesels.

The firemen union had contended an extra fireman on diesels was needed from a safety standpoint and also because the more efficient diesel engines were eliminating jobs of firemen.

Under railway labor law, the firemen's brotherhood must consider the report for 30 days before taking any strike action.

However, the engineers, when denied an extra engineer for diesels, failed to take strike action although dissatisfied with the board action.
