DEVALUATION SALES STOP

CHICAGO, Sept. 21 (AP)—Selling because of devaluation of the pound and related currencies apparently had run its course today.

Wheat and soybeans were higher most of the time following the two-day downturn.

Wheat closed 1/4 to 1/2 higher than the previous finish. September \$2.09 1/4, corn was 1/4 down to 1/4 up, September \$1.25 1/4, oats were 1/4 to 1/2 higher, September 66 1/2, rye was 1/4 to 1/2, September \$1.40 1/4, soybeans were 1/4 to 1/2 higher, November \$2.27-27 1/2, and lard was 10 cents a hundred pounds lower to 27 cents higher, September \$11.25.

Stocks Rally After Slump

NEW YORK, Sept. 21 (AP)—A broad rally in today's stock market cut deeply into yesterday's large losses.

A sudden turn for the better in a tense labor situation created enough demand to lift prices fractions to around 2 points.

Steel, motor, utility, rubber and radio and television stocks were among the strongest but buying spilled over into most other groups as well. Most order issues held back.

Turnover was at the rate of around 1,100,000 shares for the full session.

Growing optimism that the steel pension controversy would be settled without resort to a strike was held mainly responsible for the rise.

Higher were U. S. Steel, Bethlehem Steel, General Motors, Chrysler, Studebaker, American Telephone, Goodyear, U. S. Rubber, Admiral Corp., Coca-Cola, Union Carbide, International Paper and Standard Oil (NJ).

Chinese Red Republic Proclaimed

SAN FRANCISCO, Sept. 21 (AP)—Chinese Communist Leader Mao Tse-Tung today announced in Peking the establishment of "the people's republic of China."

The announcement was made before the opening session of the "Chinese peoples political consultative conference." It was called to establish a regime rivaling the national government.

"Internationally, Mao told the more than 600 delegates, 'we must unite with all countries and peoples loving peace and freedom, first of all the Soviet Union and the new democratic countries, so that we will not stand alone in our struggle to safeguard the fruits of victory.'"

A communist broadcast of the speech was heard by the Associated Press at San Francisco.

Spud Market Plan Changes Recommended

WASHINGTON, Sept. 21 (AP)—The agriculture department recommended today some changes in a federal marketing order regulating handling of Irish potatoes grown in Oregon and California.

Adoption of the amendments is subject to approval of the growers. They would permit a committee of growers and handlers to recommend regulation of shipments by grade, size, quality and maturity of various sizes.

The committee also could recommend that special consideration be given to shipments for purposes such as export or manufacturing outlets, livestock feed or relief distribution.

The amendments also call for addition of Jefferson and Lake counties in Oregon and Modoc and Siskiyou counties in California, to the area covered.

Lewis Talks Coal Contract With Industry

WHITE SULPHUR SPRINGS, W. Va., Sept. 21 (AP)—John L. Lewis turned to vital contract talks with northern and western coal operators today after serving a blunt "pay up" ultimatum to southern mine owners.

As coal pits across the nation remained idle for the third straight day, Lewis' United Mine Workers union gave notice that it would not bargain further with the southern operators until the operators have paid up their royalty contributions to the miners' health and welfare fund.

In addition to the 400,000 soft coal miners and 80,000 anthracite miners, the coal strike has idled about 75,000 railroad workers on a half-dozen coal-hauling lines.

It was estimated the mines alone are losing \$7,000,000 a day in wages. The number of railroad workers idled will increase as the strike progresses.

Union Hears Cain Defeat Target

PORTLAND, Sept. 21 (AP)—Two Oregon Republicans are friends of labor but Washington's Sen. Harry Cain is a target for defeat, the AFL Northwestern Council of Lumber and Sawmill workers was told at its closing meeting last night.

Ed Weston, president of the Washington Federation of Labor, assailed Cain and said labor would "cut his political throat," when he came up for re-election.

But Sen. Wayne Morse and Rep. Homer Angell drew approving support from Joseph D. Keenan, Washington, D. C. national director of the AFL's political education league. "Leave no stone unturned to see that they are returned to the 82nd congress," he said.

More than 600 Red Cross field workers are serving U. S. troops stationed abroad.

Chiloquin Home Rally Sated

CHILQUIN, Sept. 21 — Thursday afternoon is the date for the home extension rally day program, with the 1:30 p. m. meeting scheduled for the chairman, Mrs. Walter Collins', home. Plans for the year's activities will be formulated.

Pre-school age children will be cared for in the basement of the Methodist church and each mother is asked to bring one or two toys in order to build a toy box for the youngsters.

A social is being planned to follow the business meeting, which will begin promptly at 2, following the 1:30 dessert.

Woman Freed From 25-Year Home Prison

SEATTLE, Sept. 21 (AP)—King county officers reported today the discovery that a 49-year-old woman had been locked in a room of her mother's west Seattle home most of the time for 25 years.

Prosecuting Attorney Charles O. Carroll filed a petition in court for commitment of the long-imprisoned woman to a hospital for the insane. She was transferred to the county hospital over the protest of the 74-year-old mother, Mrs. Geraldine Baker.

"Leave her till I die," the elderly mother pleaded. "I won't be long."

Only a Bed

Two deputies discovered the middle-aged daughter padlocked in her room when they went to the home on another matter. The door was covered with a heavy wire screen, and was the only article of furniture.

Other residents of the house were Mrs. Baker's son, Dewey E. Neal, 48, and his 6-year-old son, Neel. Neel said he had his sister out when he could watch her. He told officers he thought an institution would have been the best place for her, but that his mother opposed the idea.

The officers said Mrs. Baker told them she fed her daughter and gave her adequate care, but had to keep her in the room because she frightened the neighbors. She said the daughter became a deaf mute after being afflicted with scarlet fever as a baby.

A hearing will be held Monday on whether the released daughter should be committed to an institution.

Ford, Labor Rift Narrows

DETROIT, Sept. 21 (AP)—Ford and the CIO United Auto Workers were reported only a few cents apart today in their stepped-up bargaining talks on an hourly pension-welfare-health package.

A union source said the motor company, faced with a September 28 strike deadline, is offering to settle for a new contract in line with the president's steel fact-finding board recommendation on pensions.

Walter Reuther, UAW chief, however, was reported in union circles, to be holding out for either a better pension offer or more in the form of health insurance.

Chiloquin Service Station Opened

CHILQUIN, Sept. 21 — Joe Ball opened his Sand Creek service station for business during the past week. Plans are to open a cafe in the building next spring. The white painted wood and pumice tile structure was begun by the owner after the ground thawed last spring. It is a two-story building with living quarters upstairs.

Ball operated the Fort Klamath junction station prior to the changing of U. S. highway 97. The tribal council okayed a transfer of land owned by Ball for the property on which the station is located and construction has progressed all this summer.

The new station is the third to be opened on the new section of highway which eliminates Sun mountain.
