Answer to Previous Puzzle

plans propeller to skim over the shallow water. Then they hacked their way through thick foliage and jungle growth.

Stirling said the site is about 10 miles from the intersection of U. S. highway 27 and state road 84 and 30 miles west of Fort Lauderdale.

They hope to find out what happened to the people who built the

Hot, Cold Water From Nature

SYDNEY Australia, (P) — Longreach, Queensland, Australia, has hot and cold water from nature. The cold water is pumped from the

Thompson river three miles away; the hot comes by deep bores from an underground artesian basin. It reaches the borehead practically at boiling point.

Charlie (Moreskonich) Metro, ex-Athletic outfielder, hit .351 for Twin Falls, Idaho, in the Class C Pioneer league in 1948. He's the Yankee farm team manager.

Abandoned Florida Village Strewn With Human Bones

PORT LAUDERDALE, Fla., Sept. 21 (P)—An abandoned village with human bones strewn around has been found deep in the everglades.

Three men from nearby Davie—Hully Stirling, William Hill and L. P. Harvey—made their way to the ghost village and brought back a report of their find, the Fort Lauderdale Daily News said.

The village, located on a high hammock, once contained about a dozen buildings, including a sugar mill, the men reported.

Bones of humans and animals, broken canoes, bits of pottery, copper caldrons, and "every conceivable kind of debris" was scattered among the rotting buildings, they added.

All the buildings were of cypress, held together with hand-wrought nails of copper and bronze.

Stirling, a war-time pilot, first

sighted the village from the air. The trio then went as far as possible toward the spot in a flat-bottomed boat equipped with an air-glide.
