Railway Sales Steady Stocks

NEW YORK, Sept. 23 (AP)—Late demand for railway issues helped strengthen the entire stock market today.

Trading pace quickened as buying increased.

Interest in the rails was a belated carryover from yesterday when the carriers surged ahead of other groups.

The late buying stepped up turnover to a rate of around 1,300,000 shares for the full session.

Fast-selling Commonwealth and Southern reached a new high for the year at one time with a rise of 1/2 to 3/4.

U. S. Smelting, on the other hand, dropped on word that the board had decided to omit the dividend usually due at this time.

Among the gainers were Santa Fe, Union Pacific, U. S. Steel, Consolidated Edison, Lockheed, Admiral Corp., Dow Chemical, International Paper, and Twentieth Century-Fox.

Among the slippy spots were Montgomery Ward, Sears Roebuck, Dime Stores, and International Telephone.

Corporate bonds, notably rails, tended upward.

American Can 94%, Am Power & Lt 12%, Am Tel & Tel 142%, Anaconda 27%, Bendix Aviation 29%, Bethlehem Steel 28%, Boeing Airplane 19%, California Packing 34%.
