From Europe

Mrs. Dorothea Buck, president of the League of Women Voters, has announced that the local chapter will open their club year Saturday, October 1 with one of the most important events of their season, a Silver Tea to be held in the large club room of the City Library.

Of outstanding interest to the women of the community is the fact that the speaker for the afternoon will be Mrs. Twyla Ferguson, who will arrive in Klamath Falls this evening after an extended trip through Continental Europe and the British Islands.

As a member of Dr. Fiske's Political Economy group Mrs. Ferguson has had an exceptional opportunity of making first hand observations on International Relations and as a member of the League's International Relations committee she is bringing back a personal knowledge which will make it a privilege to hear her lecture. Among the large centers she has visited are Ireland, England, Paris, Rome, Vienna, Frankfurt, Stuttgart and Prague.

Former visits to Europe together with this trip, has given Mrs. Ferguson a background to be envied.

The committee in charge of the tea consists of Mrs. Fred Eiders, Mrs. Fred Bechtel, Mrs. David Bunker, and Mrs. Warren Benner. This committee is hoping that all the women of the community who are able will take advantage of this opportunity to hear a first hand account of European conditions. No reservations are needed.

to the ladies!

Louise Reinhart

Klamath Falls, Sept. 24 — Recently I overheard a remark that has prompted me to mention an important phase of our business in this column. Two ladies were discussing a special type of jewelry which one of them wanted made up to order. She commented that it would have to be done by a "big city" jeweler. In other words, she didn't think anyone in Klamath Falls had the experience, training and know-how to create the design she had in mind. I knew that she hadn't thought of talking to the BOSSMAN, here at 519 Main, so for her sake, as well as for the convenience of others who might be interested, we are anxious to let you know that his training and experience include several years in San Francisco with leading designers, as well as several years in Portland, where he was taught by the Frenchman who brought the art of Platinum-smithing to this country. Mr. Reinhart studied design at the University of California at Berkeley during the time he was gaining practical jewelry experience in a store. Since he has been in business in Klamath Falls he has made many designs and beautiful pieces of jewelry for our most discriminating people, which makes us very proud indeed. If you have a jewelry problem or question, bring it to your "big city" jeweler at 519 Main, where you get S & H Green Stamps on all purchases and repairs.

P. S. — The BOSSMAN (and many other business men you will recognize) have been spending hours and hours rehearsing for the Lions Club Fun Frolic to be held next Tuesday, Wednesday and Thursday at the Pelican theatre. It will be the talk of the town, and you want to be sure to see it. Tickets are available here in the store, in a booth in front of the Gun Store, or from any Lion. Be seeing you.

Wedding Rites In Washinton State

A wedding of interest here took place Thursday, September 15, when Peggy Lee Eschebeck, formerly of Klamath Falls, became the bride of Irving Mann of Stanfield, well known Eastern Oregon cattleman.

The ceremony was read at the home of the officiating minister in Walla Walla, Washington, and the couple is now traveling in Oregon and Washington before going to Stanfield for the winter.

They plan to visit here in November en route to San Francisco.

The bride wore a wine suit with brown accessories and a single orchid was worn at the shoulder. Her jewelry, a gold necklace and earrings, were gifts of the groom. A double ring ceremony was used at the nuptials and the wedding dinner was served in Pendleton.

Both Mr. and Mrs. Mann are graduates of the University of Oregon. Mrs. Mann is the daughter of Mr. and Mrs. David Reavis of Salem, and prior to her marriage was teaching at Parrish Junior high in the capital city.

Small cities and suburbs rapidly are increasing in size and importance and large cities show a slower growth. Decentralization slowly is taking place in the United States, with small cities as centers.
