Put 1 or 2 spoonfuls of VapoRub in a vaporizer or bowl of boiling water. Then—breathe in the soothing, medicated vapors. Every breath eases coughing spasms, makes breathing easier. And to prolong relief—rub VapoRub on throat, chest and back.

## Girl Scouts Need Leaders

Although twenty-two new leaders have been added to the Girl Scout roster there is a crying need for many more, according to Mrs. Dorothy Goehring, organization chairman. Volunteers will be welcomed with open arms both by the office and by the many girls who are unable to form troops because of the lack of leaders. Ella Redkey at the Girl Scout office will be happy to talk with anyone thinking of becoming a leader, and much help is provided by both local and national offices for conducting the troop meetings.

At present there are 710 girls registered and many more on the waiting list. It is hoped that leaders can be supplied in a short time for the troops that can't be formed without them.

**New Leaders**  
The new leaders and the neighborhood they work in are: Mrs. A. W. Danneley and Mrs. Wizer in Fairview, Mrs. Herbert Pollard in Shasta, Mrs. Ed Dingman and Mrs. J. A. Mullin in Fairview, Mrs. F. J. Walker and Mrs. William George in Altamont, Mrs. S. H. Balsiger in Shasta, Mrs. Leslie Lingscheid in Riverside, Mrs. James M. Brown in Shasta, Mrs. Carl Griggs in Fairview, Mrs. R. O. Walker in Altamont, Mrs. Everett Osborn in Shasta, Mrs. Melvin Gibson and Mrs. E. L. Tracy in Altamont, Mrs. A. B. Gibson and Mrs. Wilfred Schumire in Altamont, Mrs. A. M. Blake and Mrs. M. D. Kious in Roosevelt, Mrs. E. V. Zell in Conger, Mrs. J. A. Becker and Mrs. Ora Brisson in Mills and Mrs. William Templin, who has a senior troop at the high school.

The leader of a Girl Scout troop not only has the opportunity of helping several girls to become better citizens, but also will find her job has many rewards in making her own life richer and more satisfying. The main objectives of Scouting are to help girls work, play and plan, and thus become better world citizens. In the course of this the girls learn new skills, broaden their horizons, manage troop business, live up to the fine ideals of Scouting, all the while having a good time. A leader should plan on giving about three hours a week to Girl Scout work, and can count on much aid from the local office.

**Vacancies**  
Mrs. Goehring, intermediate leader for the Shasta district, two Brownie and one intermediate leader for Roosevelt, two Brownie and one intermediate for Fairview, two Brownie and one intermediate for Mills, two Brownie and one intermediate and one senior for Fremont, two intermediate leaders each for Pelican City, Henley, and Riverside; and a Brownie, intermediate and senior leader for Altamont.

## Soy Beans Become Major Crop

WASHINGTON (AP)—In 40 years soy beans have risen from almost nothing to one of the major U. S. crops, says W. J. Morse of the U. S. department of agriculture. The department first became interested in the crop in 1908.

The beans were imported from China. At first there was little use made of them in this country. Mostly they were planted when some other crop failed. Then they were used for many years mainly as a forage crop.

After 1930, however, soy beans began to have a place in many crop rotations. Now they are widely used as a cash crop. The beans are sold for food and industrial uses.

army command ceased to exist in 1945.

## German Allowance Setup Confused

BERLIN, Germany (AP)—In the confusion that reigned in the closing days of the war, Frau Schwarzenauer got a higher family allowance for her soldier husband than she was entitled to.

Recently, she received a letter from the bank through which the government payments were made. It said she had to pay the money back. Her husband, Paul, protested to the bank. But the officials were stubborn.

"Take it up with the German army command," they said. The
