

Reds Herald New Regime In Germany

BERLIN, Oct. 7 (AP)—The East German republic—Russia's newest satellite—was proclaimed today under the leadership of German communists.

The German peoples' council, heretofore a pro-Soviet public forum without any legal powers, voted unanimously to become immediately the lower house of the "German democratic republic."

The Germans now have two separate regimes—the one for the eastern part of the country established today and the recently formed West German government which has authority in the American, British and French occupation zones.

A president, premier and full cabinet for the East German republic will be named next week. The new Red regime was built up without the formality of elections in a week. The new Red regime was built up without the formality of elections in a week.

Proceeding the proclamation of the new government the peoples' council unanimously adopted a manifesto to all Germans which the communist central committee had drawn up. The manifesto calls for a fight against the West German republic by a "national front," including elements with a Nazi past who promised to be democrats in the future.

Both the east and west governments hope ultimately to be the government for all Germany.

Informed Berliners said the Russians already have promised the infant state full membership in the communist—Soviet-dominated political bloc.

These sources said the alliance with other Eastern European governments will be economic as well as political.

China's Reds Muzzle Press

SAN FRANCISCO, Oct. 7 (AP)—The Chinese communists yesterday muzzled all U.S. and other Western press representatives in Red China, at least temporarily.

The Shanghai military control commission announced that henceforth only foreign correspondents from nations which recognize the new Red regime in China could send out news.

The order appeared to have come so suddenly that even correspondents did not have time to get out the news.

Hawaii's Docks May Hum Soon

HONOLULU, Oct. 7 (AP)—Hawaii's docks, struck since May 1, may be humming again at a normal rate next week.

An agreement to settle the long and bitter dispute with a 14-cent hourly wage increase was reached orally yesterday—159th day of the strike. The dock workers immediately ratified it without a dissenting vote.

The only hitch to an immediate back-to-work order was the settlement of non-stevedoring issues in ports other than Honolulu. That will delay the work order two or three days.

Movies to Show Credit Film.

A short movie feature, "Who Gets the Credit," presented by the National Consumer Finance association, will be shown to movie patrons in Klamath Falls beginning next week.

The feature is an educational "short" sponsored by the national trade association of licensed small loan companies, and deals with the uniform small loan law and what it does.

It will be shown at the Esquire theatre October 9-12, and the Pelican and the Tower from October 16-19.

Anyone Feel 'Quake Last Night?

Was it a bird? Was it a plane? Maybe it was Superman. Nobody seems to know. But Mrs. Robert King, 2521 Vine, reported to The Herald and News last night, that the walls of her house shook, and the dishes rattled in the kitchen.

She wanted to know if there had been any report of an earthquake. She said she felt two distinct tremors, or something similar, about 8:30. Perhaps it was an extra fast freight passing through town.

Gridders Guests Of Kiwanians

Kiwanians learned something of the techniques of football at their luncheon meeting Thursday when Klamath Union high school Coach Bob Hendershott brought three of his team as guests.

The three, Dick Petzoldt, Keith Donahoy and Roy Lundgren, demonstrated blocking and other phases of the game.

Man Drank, Threw Dishes, Charge

Liquor and dishes don't mix. Larry Loren Stiles, 33-year-old Klamath Falls laborer, allegedly got drunk Thursday night and threw dishes at his wife and mother.

He was arrested by state police at 4623 Winters last night and locked up in the county jail. Stiles was bailed out this morning when relatives posted \$10.

Housewives Welcome Strike Stop

Pineapple may be back on the menu by holiday time, Klamath housewives are advised, as the Hawaiian strike which has confined the islands' sweet crop to its homeland, appeared to be settling.

It was reminiscent of wartime on the part of Klamath cooks who jealously were guarding a can or two of pineapple on their shelves. There was even a bit of hoarding on a small scale of powdered and brown sugar, as the cane crop threatened a stateside shortage.

Mt. Shasta Hospital Lease Made

MT. SHASTA—Lewis A. McMillan of Oroville, Calif., announced here today that he had leased the 10-bed hospital built in Mt. Shasta some time ago, from Dr. Lewis J. Lista, now on the staff of the Red Bluff hospital.

McMillan is superintendent of the county hospital at Oroville.

The hospital will be managed by John G. O'Toole.

McMillan said it would take about two months to do the necessary remodeling of the building and get the equipment assembled. It will be around December 1 before the hospital opens.

Mt. Shasta has been without a hospital for some five years when Dr. Lista closed the building and moved to Red Bluff.

Crash Kills 9 US Fliers

ASHEVILLE, N. C., Oct. 7 (AP) Ranger Tom Huffman reported today that all nine men aboard a C-47 transport that crashed in the mountains near here were dead.

The wreckage of the plane was found six miles from the Blue Ridge parkway, three-quarters of a mile down on the east side of Mount Mitchell, highest mountain east of the Mississippi.

The plane was found as ground and air groups began their second day of searching.

The plane, enroute from Washington to Brookley air base at Mobile, Ala., had been missing more than 42 hours.

Mass Killer Held Insane

CAMDEN, N. J., Oct. 7 (AP)—Psychiatrists today found Camden's mass killer Howard B. Unruh insane. Prosecutor Mitchell H. Cohen said he will be sent to an insane asylum without ever standing trial for the slaughter of 13 people on a Camden street on September 6.

The decision came after a month-long study of Unruh at the New Jersey State hospital at Trenton.

"This man should be regularly committed to the Trenton State hospital where custody, supervision and treatment is available and people in the community will be protected from injury or danger should there be a recurrence of his homicidal impulses."

SERVING ALL WITH THE SAME CARE REGARDLESS OF FINANCIAL CONDITION.

Come quick and see this place. It is located at Cottage Grove, Oregon, about one half mile from city limits out South 6th street on B. B. route. This place is not advertised where it is located. This paper has the only ad at present. Address: Phone 407-J or write Alton Tonole, B. B. Route, Cottage Grove, Oregon.

Cello-Piano Duo Feature First Concert

The cello-piano duo of Nikolai and Joanna Graudau will be featured as the first concert of the series to be presented by the Community Concert association, on Thursday, October 27 in the Pelican theatre.

Nikolai and Joanna Graudau were born in Russia. Nikolai studied cello at the St. Petersburg conservatory and later taught at that school. Joanna studied first at Kharkov and later under the guidance of Kreutzer and Arthur Schnabel. Shortly thereafter this distinguished pair met and began giving joint recitals.

The high esteem which they held for each other professionally soon ripened into something more personal and before long they were married. In 1938 the Graudaus came to America. Since that time they have given several recitals in Town Hall, and New York. Each season they cross-cross the United States from the Atlantic to the Pacific.

In one season they covered 24,000 miles. In their travels they held concert in the Dutch East Indies and have made several round-the-world concert trips. Last season, in their fifth Town Hall concert in New York, the Graudaus introduced a work by Victor Babin, famed pianist of the duo piano team of Vronsky and Babin.

This season's schedule will carry them from Prince Edward Island in the Gulf of St. Lawrence to Mexico.

Baby Contest, Show Feature

A baby contest will be held in conjunction with the production, "Laff It Off," to be presented by the Junior chamber of commerce October 19 and 20 at the Klamath Union high school auditorium. Proceeds will benefit the Jaycees Christmas party for children.

Contestants will be between one and six years old and will be sponsored by merchants in the city. Information about entering children in the Tiny Tot popularity contest may be had by contacting Juanita Watt Smith, director of "Laff It Off" at the chamber of commerce office.

Vote boxes will be placed in stores, and a bulletin board in the window of Spencer's store will keep a tally of the daily score.

Contestants will be introduced on the first night of the show, October 19, and winners will be crowned king and queen of "Toyland" the second night, October 20. The contest will officially close at 4 p. m., October 2.

A special scene has been arranged in the show for winners and youngsters from the first grades in the city's schools.

Wind Damages Houston Homes

HOUSTON, Oct. 7 (AP)—A swirling tornado raced across Houston's east side at 9 a. m. today damaging several homes, automobiles and business houses.

There was no immediate report of injuries. Houston, whose 500,000 population make it Texas' largest city, was hit by a hurricane early Tuesday but suffered little damage.

The automobile, owned by Mrs. Paul James, a laundry employe, was turned for an end-over-end flip and deposited upright on a street curb about 15 feet from where it was parked.

Oregon Grows, Schools Bulge, Purses Groan

By BILL JENKINS

REX PUTNAM, superintendent of public instruction, who's in town for the teacher's meet here, dropped in yesterday to say hello and left me with a thought over the future of Oregon.

According to him, the number of pupils in Oregon schools will double in the next 10 years. This figure is based on a statewide survey made through the facilities of the state agencies and has proven reliable. I think the figure he quoted off-hand was in the neighborhood of half a million children in schools at the end of that period. About double the number now attending. This will also take twice as much money to support, which will put the expense up in the \$150,000,000 bracket.

Looks like Oregon is a pretty good place to live. At least enough people think so that thousands of them move to our state yearly. Percentage-wise Oregon is gaining faster in population than any other state in the Union.

Maybe old-timers picked just the right spot on the universe to be brought into the world.

ALONG this general line of what's going on in the state it is interesting to note that the tourist trade in Oregon during 1949 was worth \$110,000,000. Approximately 777,450 out-of-state cars crossed the borders with an average expenditure of \$113.39 per car. That's quite a gain over 1941, the last prewar travel year when the rubberneckers spent only \$1 million dollars. Out of that count for 1949, California cars accounted for more than half the total. Looks like our neighbors to the south like a change as much as we do. I haven't got the California figures, but I imagine Oregon ranks high on the list of visitors to the Golden State.

INCLUDED in my files of odd facts that you probably won't remember is a little item announcing the development of a new popcorn sack. This item, according to press releases, is noiseless. It is also porous so it can't be blown up and popped nor filled with water and dropped over the balcony. Or out a dorm window. Science is on the march.

WINTER must be here. As I watch the cars stream past my window off the north entrance highway it seems that about every 10th one is plastered with snow. Extra blanket and anti-freeze time is with us again.

MORE about deer hunters. Gus Lindh, long-time Herald and News linotype operator, got his buck. The interesting part of it is that Gus believes in comfort, as I do. No packing in a heavy buck for him. He takes along a wheelbarrow.

HALF OF THE GALE PAGE show team is Count Aldo Solito de Solis, internationally known pianist, who appears in the light musical concerts with his wife, Gale Page, singing star. The two will be in Klamath Falls, sponsored by the 20-30 club, in the Mills school auditorium at 8 p. m. Monday, October 10.

of his own design, and wheels his meat into camp in style. His hunting partners also tip me off that Gus has one of the most comfortable camps in the woods.

Lakeview Woman New Chairman

LAKEVIEW—Mrs. Eva Arthur has accepted the 1949-50 Lake county chairmanship for the Oregon Society for Crippled Children and Adults Inc., the "Easter Seal Agency," and the Lakeview Soroptimist club voted Tuesday to adopt the

agency's drive as a major project for this year.

The announcement was made Tuesday following the Soroptimist meeting by W. Theron Jones of Portland, director of field services for the agency, and Mrs. Esther Lawler for Klamath Falls, agency president for this district.

Mrs. Arthur succeeds Beatrice Getty, who was county chairman for the drive last year. The Soroptimists adopt the agency programs as a countywide project from year to year.

Two Charged In Beer Theft

Two Klamath men are in the county jail awaiting trial on charges of larceny from an automobile although one may be absolved of the crime today.

Joe Neil Adams, 34-year-old cook, 133 N. 10th, purportedly stole a case of beer from a wholesale truck on Pine about 10:30 a. m. Thursday and was picked up by city police at Oregon and Biehn a half hour later.

May Be Released

Passenger in the Adams car was William Alfred Wier, 26-year-old laborer, whom Adams said he picked up after he had lifted the case of beer. Wier may be released today if it is proven he had nothing to do with the theft.

Driver of the beer truck called city police a few minutes after the theft. The two men were transferred from the city to the county jail this morning.

Californians Like Crater

Indicative of the drawing power of Crater Lake national park as an Oregon tourist attraction is the report this week that during the past summer travel season, more visitors came from the state of California than any other state, including Oregon.

Park Superintendent Leavitt said this is the first time on record that Oregon was superseded as a source of travel during the summer months.

California led the parade of states by 872 cars in June; 1131 cars in July and 3500 cars in August.

Travel was reported continuing brisk in September with its succession of bright Indian Summer days. Lodge accommodations were closed September 20, but the park will be open to travel through the west entrance from Medford and Grants Pass and through the south entrance from Klamath Falls.
