

# Girl Scouts Get Several New Leaders

Several Girl Scout troops now have leaders and are able to start their activities, thanks to community-minded women who have volunteered their time. However, more leaders are needed, especially in the Ted Evans and her assistants, Mrs. Ella Redkey, executive secretary, would be happy to talk over the duties of troop leaders with anyone interested.

Many of the recent newcomers to Scouting are working with Henley and Mallin girls. Mrs. Russell Herman taken a Brownie troop in Mallin while Mrs. Clifford Phillips and her assistant, Mrs. Roger Wilkerson, are working with another Henley troop.

**Mallin**  
In Mallin the second grade Brownies have Mrs. Lloyd Warner as a new assistant leader; the third graders are being directed by Mrs. Ted Evans and her assistants, Mrs. Dick Kruger and Mrs. Carl McVey; Mrs. John Freitag is assisted with the fourth grade Brownie Scouts by Mrs. Virgil Parris and Mrs. Fred Wolster, while the fifth grade Brownies have a new assistant leader in Mrs. Max Marvin. Mrs. James Conroy is helping with one Mallin Intermediate troop, and Mrs. Willie Martin and Mrs. Joe Fabrianek are working with another.

**Klamath Falls**  
In Klamath Falls Mrs. Jackie Leach and Mrs. Florence McConnell volunteered to take two troops in Mills neighborhood and Mrs. Roy Lien consented to work with Brownie Scouts in the Riverside neighborhood. Mrs. Dorothy Goehring as organization chairman is happy to welcome these volunteers and states that there is always room for more.

# Lake Chest Reorganized

**LAKEVIEW**—The Lake County Community Chest underwent a complete reorganization Monday evening at a dinner at Hotel Lakeview and proceeded to map out the 1949 funds raising campaign which has been set to open Friday morning, October 28. Merle S. Lowden was elected county chairman for the reorganized group by the 17 men and women present.

This year the Chest will feature:  
1. A temporary paid secretary to handle the myriad details of the drive. Mr. Jo Elliott has accepted the position.  
2. A goal based on a sound budget to be fully and finally prepared in advance of the drive.  
3. A completely organized and informed corps of volunteer drive workers to push the campaign through and wind it up between October 28 and November 10.  
4. A board of eight directors composed of prominent businessmen.  
5. An advisory board composed of representatives from the youth and welfare agencies that receive Chest funds, and also representatives of farm, labor, church and civic groups.

A requirement that the local agencies which receive Chest funds furnish workers for the drive.  
**Fetach, Chairman**  
Doug Fetach was named campaign chairman, and the group authorized the employment for about one month of a paid worker to put in full time handling the details. Fetach and Lowden at once pursued Mrs. Elliott to accept the responsibilities of that position and Mrs. Elliott has already begun her duties.

# Local Doctors Attend Meet

A group of Klamath medical men were in attendance at the annual meeting of the Oregon State Medical Society in Eugene this week. Going from here were Dr. George I. Wright, Dr. Wayne Espersen, Dr. Merle Swansen, Dr. Hugh Swaney, Dr. Richard Currin, Dr. A. A. Soule, Dr. T. F. Farley and Dr. William G. Holford.

Dr. and Mrs. Wright returned Friday morning in order to attend the Medford game tonight. Dr. Wright observed that the meeting was well attended from every county in the state and that a fine scientific program was presented by specialists in various fields of medicine.

# DeBolt Reported Seriously Ill

Word has been received here of the serious illness of Frank DeBolt in an Ashland hospital. DeBolt entered the hospital for an appendix operation several days ago, and complications have made his condition critical. Until three weeks ago, DeBolt was a widely known member of Klamath's merchandise fraternity, serving as the manager of Hardy's Men's store for several years. He recently purchased an interest in a men's apparel store in Ashland and moved there with his wife. The DeBolts resided at the Linda Vista Courts, 1951 Erie street, for more than 13 years.

# Eugene Hunters Stop Here

A hunting party made up of four Eugene residents stopped in Klamath Falls en route to the Groha ranch in Eastern Klamath county Thursday. In the group were J. Fred Flock, formerly of Klamath Falls; "Shy" Huntington, well known Eugene businessman and prominent in Oregon educational circles; Huntington's son, Chuck, and Jack Dinger, also a former Klamath resident. They will spend a week on the trip.

# News Headaches And Ripe Cheese

**By BILL JENKINS**  
RUNNING a newspaper has at least as many headaches as any other business I can think of just offhand. Not that I intend to do any large scale weeping on the public bosom, I'm merely stating a fact. Deb earlier mentioned the time element. Working all day with one eye on the clock. Now on top of that Herb Hemmingsen just came in and told me that we were too tight (the space, that is) and we'd have to do something. So we lighten up a few pages and add two more. And when you get all that done and the presses roll then your circulation headache starts.

Some years ago we used to roll the press about four or five in the afternoon. That was fine. All we had was a four or five thousand circulation right here in town and the carriers could get the paper delivered in time for before dinner consumption. Now we cover the area from Chiloquin to Stronghold on the same day, or as close as we can. So, we start the press at 2:30 in the afternoon. Then comes fall and shorter days and we move the press time up to 2:15, where it is now. When winter hits and it gets dark at 4:30 and the roads are clogged with snow and mud we'll have to speed up again. We're working on that one now. If it isn't one thing it's another. But we like it.

**DUCK** season just around the corner and the birds beginning to come into the basin in ever increasing numbers. Those old green-heads sure look good when they set their wings and pitch in for a rest on the lakes, rivers and ponds of the basin. Hunting should be good this year.

**HERE'S** my candidate for the most fascinating advertisement of the week. It's taken from the October issue of Gourmet and reads:

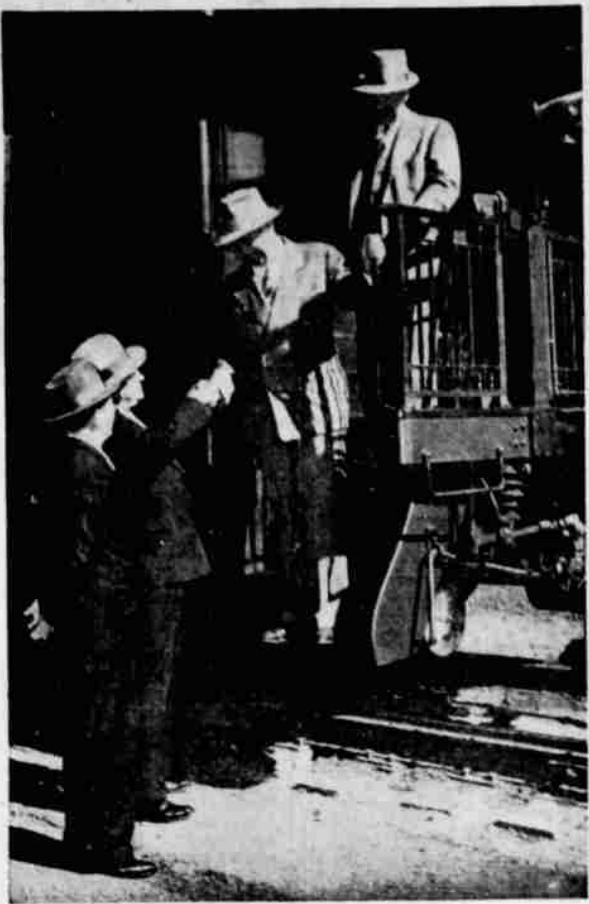

"Rough and Rugged 3 Year Old Cheddar. A man's cheese. No wax coat. No gift wrap. In original cheese cloth. Crusted and shot with mold. Hard, waxy, crumbly. Will not slice or spread. Not processed, pasteurized or monkeyed-with. Strip back the cloth. Scrape off the mold. Chip off a golden splinter. Taste its clean, rich, mellow, nutty, lingering sharpness. There are only 88 of these—the last of our 1946 cheese . . . You couldn't want a more descriptive ad than that, could you? Besides which, I like ripe cheese."

**THE** weather prophets are starting to warm up already, myself included. I just ported a small wagger with Jimmy Barnes on the snow situation. He contends there won't be two inches of snow on the streets at any one time between now and the 24th of December at midnight. I say there will. And that's one bet I sincerely hope I lose. While we were making that arrangement Bev Thomas made the statement that his horse evidently thought it was going to be a tough winter. They have put on a heavy coat of hair in readiness for what comes and they started doing it earlier than usual. Maybe that's a sign of a tough winter alright. Doesn't the fact that deer invade a town mean a blizzard winter? Well, several days ago a four-point buck turned up in Keith Cobo's front yard at the end of Conner avenue. When Keith dashed into the house for cameras the buck jumped into Link river, swam across and took off over the hill into park territory. Maybe he's going to break into the deer pen out there and feed off the city this winter. Draw your own conclusions. All I'm doing is hoping for a mild winter.

**Two KF Nurses Get High Posts**  
Two Klamath Falls nurses were elected to high posts in Oregon's two top nursing associations which held their annual conference this week at the Multnomah hotel in Portland.  
Margaret Storde, Klamath Union high school nurse, was named to the board of directors of the Oregon State Nurses' association, and Muriel Palmer, public health nurse, was elected treasurer of the Oregon State Organization for Public Health Nursing.

The three-day session wound up Wednesday.  
**Siskiyou Vets Job to Helm**  
YREKA—A new assistant county veterans service office has been named to handle veterans affairs in the south end of Siskiyou county with the appointment of Norman H. Helm to the position. The office will be at 105 Pine street in Dunsmuir and Helm took over today.  
Helm replaces Lloyd Clair who resigned to serve as supply sergeant for the national guard at Yreka. Helm is a World War II veteran with 13 months' services in the infantry overseas. He is a former forest service employe at Callahan, Helm and his wife are now living in Dunsmuir.

**Rehabilitators Tour OTI**  
OTT—The quarterly staff meeting of the state division of vocational rehabilitation at OTI this week was highlighted by an inspection tour of the campus and classes.  
Director Winston D. Purvine was guide for the tour. In the group were State Director C. F. Feike, Supervisor Irvin F. Bryan, Counselors D. D. Ekins, George Hall and Nannette Schumki, all of Salem; Supervisor Harry E. Palmer, and Herbert Kettelhorn, William Stuart, Ross T. Murray, J. J. Humbird, Lester Norman and C. V. MacDonald, all of Portland; P. F. Naylor of LaGrande; George C. Davis of Eugene and Margaret P. Lamb of Portland.  
The three-day meeting will wind up Saturday.

**WELCOMES VICE PREXY**—J. W. Corbett, Southern Pacific vice president, arrived in Klamath Falls Thursday morning to attend the safety meeting at the Legion hall. He was welcomed by C. T. Jones, left, safety supervisor; J. A. McKinnon, Shasta division superintendent, and M. A. Nugent, SP superintendent of safety.

# Mild Scarlet Fever Cases Reported Here

Seven cases of scarlet fever have been reported in this area, and while they are mostly mild, health officers urge caution.  
Dr. Seth M. Kerron, county health officer, said that in most cases, the attack is so mild that parents may not even recognize the disease in their children. The danger lies in the fact that youngsters with a very mild attack may go to school and play with other children, passing the disease on to others who might not have an immunity to scarlet fever, causing a truly severe case.

**City, Suburbs**  
Of the seven cases, all of which are in isolation. Dr. Kerron said that most are in the city and nearby suburbs although there have been two in outlying areas.  
Symptoms parents should look for are mild sore throat and a rash. If those symptoms should appear, Dr. Kerron urges that the children be kept at home, away from others, and placed under medical care.

**Man Reports \$200 Stolen**  
A Mexican named Manuel Schonchis reported to the district attorney's office this morning that his wallet containing over \$200 was stolen in a strong-arm robbery last night.  
He accused two other Mexicans of the robbery, which he said occurred in the Spring Lake district. The district attorney's office was investigating.  
Schonchis said his assailants were driving a 1941 Mercury sedan bearing a California license.

**Potato Harvest Labor Ample**  
With spud harvest going full speed throughout the basin area no trouble in the labor supply picture is anticipated by Jack Almeter of the state employment office.  
The supply is meeting the demand Almeter said, and transient who came in last week are remaining due to the clear bright weather, off setting those who packed up and took off during last week's cold and rain.

**Buttons Advertise Potato Festival**  
MERRILL—Bright green and orange buttons centered with a large potato have appeared on the laps of most of Merrill's citizenry. The colorful buttons are something new this year, and are proving an effective means of advertising this year's festival.  
The buttons, priced at 25 cents each will soon be on sale in Klamath Falls, Malin, and Tulelake.

**Car and Truck Hit, Damaged**  
A sedan and a pickup were slightly damaged this morning in an intersection collision at Cortez and Balsam streets in Stewart-Lennox addition.  
The sedan was driven by Helene Mary Warner, 3148 Cortez, and was damaged to the extent it had to be towed away, state police reported. The pickup was driven by Roy Melvin Porter, route 3, box 419.  
Police reported both cars entered the intersection simultaneously and the pickup skidded into the left front of the sedan. There were no injuries.

**Northwest Park Board Proposed**  
OLYMPIA, Oct. 14 (AP)—Plans to establish a Northwest park association will be discussed next January in Spokane, Mrs. Ruth Peeler of Des Moines, a member of the Washington state parks and recreation commission, said yesterday.  
Representatives of the 11 western states have been invited to attend, she said.

# More Shop Bids Sought In Siskiyou

**YREKA**—The Siskiyou joint union high school district meeting here late Thursday afternoon, voted to re-advertise for bids to put the shop building at Butte Valley high school at Dorris in usable condition.  
This work was advertised for last spring but the lowest bid of \$8000 was considered too high.  
In order to make the shop building usable, there must be a new floor and lavatory facilities, board members said.

**Tebbe Against**  
Trustee G. A. Tebbe of Yreka voted against advertising for bids on the grounds that other schools needed facilities more than Dorris needed a shop building. He also said that the trustees had built a \$140,000 gym for the school last year and that "the shop could wait."  
However, other trustees said that the district has invested some \$5000 in the building and when completed would have a valuation of \$35,000.  
The board awarded a bid on a 48-passenger school bus for Weed high school to the Mountain Motor Sales of Weed for \$6036.18.

# Modoc Play Day Drew Many Girls

Over 200 elementary schoolgirls took part in a citywide play day held at Modoc field Thursday, the first girls' sports event of its kind this school term.  
Directing the meet were Mrs. Carolyn Ward, Pelican; Elizabeth Roper, Conger; Mrs. Myrtle Devoy, Riverside; Anna Hansen, Fairview; Dorothy Ramsey, Fremont, and Mrs. Edna Hunsaker, Mills.

A total of 248 girls participated, 16 from Pelican, 16 from Conger, 21 from Riverside, 38 from Fairview, 28 from Fremont, 50 from Roosevelt and 79 from Mills.  
In the A series, the purple team was champion and the reds second, and in the B games the yellows were champions and the orange team second.

# Fire Losses On Increase

Fire prevention experts expressed concern today and renewed their efforts to reduce America's fire toll after the national loss in August showed a rise following seven successive months of decline from the corresponding months a year ago.  
No reason for the August, 1948, rise of 1.2 per cent over August, 1948, has been discovered, but the National Fire Protection association says that sub-standard construction is a leading cause of high fire loss.

Included in sub-standard construction is the lack of fire barriers in walls and other concealed spaces through which flames can spread rapidly. Fire prevention groups are insistent that all such spaces be fire-stopped.  
Because it is made of rock, slag or glass and therefore cannot burn and needs no chemical treatment to resist fire, mineral wool insulation is accepted as fire-retardant construction by administrators of many building codes.

The Home Insurance company states: "Insulation in walls and ceilings should be the non-inflammable, mineral base type such as mineral wool."  
**School Children Get Health Shots**  
Gilchrist and Crescent Lake school children were given immunization shots Thursday by Klamath County Health Officer Dr. Seth M. Kerron and Public Health Nurse Muriel Palmer.  
At Gilchrist 75 diphtheria immunizations were given, with 15 given at Crescent Lake. In both schools, 60 children had smallpox vaccinations.

# Man Finally Returned On Check Charge

It took two trips back east, but Louis Eugene Murphy, 21, has finally been returned to Klamath county to face a charge of passing bad checks.  
Specifically he is charged with forgery by impersonation and the sheriff's office reports Murphy is believed to have passed several hundred dollars worth of checks last summer, passing himself off as a timekeeper for the Arundel Construction company, working on the Tokotee Falls dam project.

**From Omaha**  
Murphy was brought in to the county jail last night by Deputy Sheriff Marion Barnes who escorted him from Omaha, Neb.  
Several weeks ago Murphy, an army deserter, was held at Fort Benjamin Harrison, Ind. Sheriff Jack Franey went back to Indian-

# Old Timer Recalls Early Days

Forty years is a long time to be continuously in one line of business, but this represents the length of time that Ed Chilcote, local realtor, has been operating a real estate and insurance business in the city of Klamath Falls. Old-timers will remember that in the fall of 1909, Joe Pierce had a real estate office in the old American Hotel building at the corner of 7th and Main.

**From Idaho**  
Ed Chilcote came here from Wallace, Idaho, and bought the office equipment from Joe Pierce and has not even taken a long vacation except to visit the old home in the Blue Ridge mountains of Pennsylvania during the summer of 1947.  
The location of the office has been changed a number of times. For a time it was in the Kelsey building, then in the Stewart-Drew, next in the Wayman building at the corner of 9th and Main, and for the last 18 years in the Medical-Dental building at 111 N. 9th. While in the Kelsey building Chilcote took in David M. Smith as a partner.

**Alone**  
Smith retired in 1941 and Chilcote conducted the business alone for several years, except that Fred Fleet was associated with him as a real estate broker for many years. The late Frank Ira White was also connected with the office for several years. Robert B. Chilcote and William E. Chilcote, his two sons, served in World War II and came into the business at the close of the war. The business is now conducted as a co-partnership under the assumed name of Chilcote and Smith, and Ed Chilcote are the sole coter and Bill Chilcote are the sole owners.

For a few pennies per word you can advertise to thousands—through a Want-Ad! Phone 8111.

**OTI Folk Dance Club Meets**  
OTT—First meeting of the Oregon Tech Folk Dancing club was held Thursday evening in the campus guest house.  
Ellen Smith, club director, announced to the 16 couples attending that loudspeakers and callers will be used in the future in order to facilitate instruction.  
Future meetings will be held at the same place on Wednesday evenings at 7:30. Everyone interested is invited.

**Sea Scouts' Boat Stolen**  
Marion Risley, skipper of the Sea Scouts, reports that a boat used by the Scouts, which has been stolen within the past few days.  
The rowboat was tied at the Sea Scouts' Upper Klamath lake dock at Front street. It is 16 feet long, round-bottomed, square-sterned, painted maroon and cream.  
The boat was loaned to the Sea Scouts by Oregon Tech through the Elks lodge.

**Buttons Advertise Potato Festival**

Several weeks ago Murphy, an army deserter, was held at Fort Benjamin Harrison, Ind. Sheriff Jack Franey went back to Indian-

apolis to take him into custody on the army's promise to release him. But while Franey was en route to Indianapolis for extradition proceedings, Murphy was given an emergency furlough from which he failed to return.  
He was located again two weeks ago in Omaha.

# T. Texas Tyler Here Tonight

Western music fans will be able to hear one of the best-known bands of that type tonight, Friday, at the armory when Baldy Evans presents T. Texas Tyler, "The Great," and his band.  
On previous appearances, fans have crowded the armory to hear Tyler. As special guests, Tyler will present candidates for queen of the Klamath Basin Potato Festival.

# Firemen Knock Out Soot Blaze

City firemen answered a call to 2100 Reclamation, the Ray Tynes home, today, where they found soot burning in the pipes of a furnace.  
No damage was done. The call came in to the fire station at 8:30 a.m.
