Parents and Patrons club of KUHS is bringing a lot of parents back into the school-interest fold and the group has decided that because the topics are of great interest to parents, papas should have a chance to sit in on the discussions.

In the future, unless otherwise publicized, the meetings will be at night. The November 9th meeting, now being organized by Vice Principal Paul Angstead, is forecast as packing a good wallop from the argumentative angle. Anyone interested may attend but there is a special appeal to both fathers and mothers of high school students.

These two went on a postman's holiday. You know—a long walk. But instead, Avis McConnell and Lucile Warner took a week off and sampled good cooking in California and Nevada, getting in as many meals as could possibly be managed. Their destination was the restaurant convention in Los Angeles.

They learned one fine thing—that Pismo clams are served only in Pismo, and not allowed to be shipped fresh out of that sector of California. They tried them in chowder, fritters and deviled and said the succulents lived up to fond expectations. That is if you can call a clam a succulent, garden clubbers.

Split pea soup by Mister Anderson in Buelton, near Santa Barbara, also came up to its publicity and in Reno they found prime ribs at Eugene's every bit as wonderful as they were told they would be.

One of the most elegant meals was at the Ming Room on restaurant row in Hollywood and the atmosphere was up to expectations.

There were many fine meat dishes but desserts were not quite what they hoped. And that's that.

Tea Plans
Sojourners are busy making preparations for the Guest Day Tea to be held at the Willard hotel, Saturday, October 29.

The rooms will be colorfully decorated in the Halloween motif, the committee reports.

All friends of Sojourners and new comers to Klamath Falls are cordially invited to attend.

Bridge will begin at half-past-one and tea will be served at four o'clock.

Reservations may be made by calling either Mrs. John Baker at 2-1489 or Mrs. Howard Stroud at 2-0290.

Elks Dance Planned
Plans are under way for the first Elks' dance of the season, scheduled for October 29.

Aprons and overalls will be the dress for the evening, as the rooms will be decorated with corn stalks and pumpkins.

There may be a few skeletons and witches lurking in the corners, too, because the committee plans to combine Halloween decorations with the barn dance theme.

Ham 'n' eggs will be served at midnight to Elks and their ladies. Music will be provided by Morrison and McDonald.

Library Notes

This week "The Egyptian" takes first place in the fiction best seller list. "White Collar Zoo" by Barnes leads the non-fiction field.

It isn't always necessary to review a current best seller because they really sell themselves.

Miriam Smyth of the library staff has written the review this week of "Born 1925," by Vera Brittain.

This book has a very apt title. It is the story of an English boy who grew up while one was summering down, and another was coming to a boil. The odor of such a mingled cooking was not good for the younger generation, who tried to cover a sense of insecurity with an assumed "toughness" and disregard of their elders.

This is what happened to the boy, to the mortal distress of his devoted father. The book is equally the story of the father, who came out of the first World War with a horror of the "murders" he had committed in the frenzy of courage which is the obverse of fear. He dedicates himself to the Christian ministry in the hope that so he can do something to help prevent further wars and forward an age of peace. He organizes a crusade called, after a biblical model, "Builders of Jerusalem," and through his utter sincerity and humility enlists a large following. But the boy stages a "revolt of youth."

This part of the book is hard to read: the insufferable callousness of the boy and his sister; the hurt of the father and his discouragement as he sees his crusade fail; the picture of an England begrimed and shattered and driven into underground shelters. The boy enlists, and eventually, during the distasteful period in the training camp, and the long weeks on detail to detonate buried bombs and clean up after air raids, in the rubble and blood or London, he has a change of heart. He sees why people love and reverence his father.

Not quite too late he emerges from dramatic events which we leave the reader to enjoy for himself, and actually finds himself hearing with not only patience but sympathy the words of his father's crusade theme song:

"I will not cease from mental fight Nor shall my sword sleep in my hand Till we have built Jerusalem In England's green and pleasant land."
