

Delta Kappa Gamma Has Recent Luncheon

Delta Kappa Gamma members attending the recent Southern Oregon regional conference here found a busy and eventful program of activities planned by Alpha, the local chapter.

A no-hostess luncheon was served to approximately 75 members at the Klamath Lutheran church. The occasion served as an informal get-together with Miss Lillias Hynd, Alpha chapter president, welcoming all out-of-town guests.

Martha Shull of Portland and Oregon State Educational president gave a short account of interesting sidelights and experiences during her trip in July to Boston where she attended the National Educational association conference.

Mrs. Florence Ollman made arrangements for the luncheon while Edna Bloom was in charge of table decorations and place cards.

Following the last general session of the day Mrs. George Elliott was hostess at an informal tea at her home, 224 N. 2nd.

The affair honored Miss Shull and Mrs. Velma Tenney, local OEA president. Special guests were Mrs. Carol Howe, Mrs. Ralph Stearns, Mrs. Bart Johnston and Mrs. Victor O'Neil.

The tea table was graced with an appropriate centerpiece of red roses, the organization's flower, and of red tapers. There were dainty napkins each bearing the Delta Kappa Gamma crest stamped in gold. Presiding at the tea table were Eva Burkhalter, past president of Klamath county OEA, and Miss Hynd.

Mrs. Elliott was assisted by local members. Approximately 60 guests, representing Jackson, Josephine, Lake and Klamath counties attended.

Merrill Meeting For Parents

MERRILL—Parents of boys of Cub Scout age are asked to meet Monday, October 24, at 8 p.m. at the recreation hall in the Scout room. It is necessary for all parents of interested boys to attend this meeting, and if enough interest is shown a Cub Scout organization will be formed.

Ribbing makes fashion news on all wool sweaters this season. This soft choker-banded pullover in pale blue has a dramatic ribbed arabesque. A completely ribbed knit-blosure (center) fits snugly from waist to décolleté neckline.

The classic cardigan gets haute couture treatment with color. This pure cashmere set (above) combines bitterness for cardigan, blue for pullover. Sleeve, cuffs, neckline and waist of both sweaters are ribbed.

Sprague River

Helen McBride had her house moved from Sprague River to Klamath Falls Friday. Helen will remain here at the Opal English home and continue to work for American Box company. Her mother has accepted a job in Klamath Falls.

Jack Sterett and son, Jackie, from Oakridge, visited for a short time at the Byron Welch home Sunday. They had been hunting near Bly, but like so many others went home without a deer.

Mr. and Mrs. W. W. Roberts of Springfield spent last week visiting and hunting with the Paul Bodenmanners.

Mrs. Wayne Varnum called on the ladies of the community Tuesday taking orders for Christmas cards. The Hendersons from Wyoming is holding revival meetings at the Sprague River tabernacle. Each is a fine musician, and the community is enjoying their accordion, banjo, violin, piano and trumpet selections, as well as their singing.

Several Sprague River boys went to Bonanza Wednesday night where they were initiated into the FFA.

Langell Valley

The Rebekah lodge of Bonanza is sponsoring a dance at the Langell valley community hall, October 22. Music will be furnished by The Western Ramblers.

Mr. and Mrs. Earl Horning of Albany, and Mr. and Mrs. Horning and family of Salem, spent two weeks with Mr. and Mrs. Leonard Horning at Gerber Dam.

Mr. and Mrs. Elstrom have returned to their home at Seattle, after visiting their daughter Mrs. Louise Randell and family.

From Kentucky Mr. and Mrs. Elliott House, and their niece and nephew, Mr. and Mrs. Shelby Burgis, of Kentucky, are visiting at Medford for a few days with Mr. and Mrs. Irvin House. The Burgis' will leave Friday for Kentucky.

Mrs. Nora Billingsley and son, of Prospect, Ore., and Mrs. Kitty Nicholas of Oakland, Calif., visited their cousins, Mr. and Mrs. O. C. Johnson on Sunday.

Mr. and Mrs. Lloyd Embey are enjoying a brand new sedan purchased last week-end.

PTA The first regular meeting of the Bonanza PTA will be held at the high school, October 24, 8 p.m. There will be a panel discussion on what makes a good citizen. There will also be a display of special school equipment. All parents and friends are cordially invited to attend these meetings.

Dental Atom Makes Teeth Radioactive

PARM SPRINGS, Calif. (NEA)—Open wider, please. Here comes the dentist with a Geiger counter.

But it won't hurt a bit. He's not going to drill with it, and he doesn't suspect you of hiding an atom bomb in your molars. He just wants to see where the mouthwash went.

New 'Eye'
The Geiger counter, which measures radioactivity, is being teamed up with radioactive isotopes as a new "eye" for the dental profession in its fight to combat tooth decay.

Dr. Harold Copp, a radiation specialist, has been collaborating with the college of dentistry at the University of California to put the by-products of the atomic age to work for your aching teeth. He'll show how it works at a seminar for 150 of the nation's medical-dental researchers and practitioners, to be held at Palm Springs October 23-28.

One way atomic energy is helping the dentist in clinical tests is to determine the effect of fluoride on tooth enamel. Fluorine is an element believed helpful in resisting decay.

No Home For Big Coin Collection

ROME (AP)—The Italian Ministry of Education has inherited one of the world's most valuable collections of coins, but says it cannot find a home for it. It is the 120,000-piece collection of the late King Victor Emmanuel III, who left it behind when he abdicated in 1944. He began collecting coins when he was a boy, and became a leading authority on numismatics.

Right now it is closed up in 38 steel cabinets and 12 cases in the cellars of the Quirinale, former royal palace and home of the Pope which is now occupied by the president of Italy.

AGENT MOVED

CORVALLIS, Oct. 22 (AP)—Lee R. Foster, county agent at Milton, has been transferred to Hood River county.

ilai "tracers" are added to the fluoride, and after the combination has been swished around in the patient's mouth, the Geiger counter tells the dentist how much of it was picked up by the teeth.

Nobody expects you'll ever brush your teeth with isotopes, or that the Geiger counter will replace the familiar dentist's mirror. Experts hope, however, that this branch of nuclear energy may show how to cut down the number of cavities the dentist finds when he goes to work with that old-fashioned mirror.

Piano-Cello Duo To Play Next Thursday

Music lovers are looking forward to the concert next Thursday night at 8 o'clock at the Pelican theatre, when the famed piano-cello duo of Joanna and Nikolai Graudans appear in concert sponsored by the Klamath Community Concert association.

This is the first concert of the year and greatly anticipated by the membership. As in years past, no seats will be sold at the door and admission is by membership only. No seats are reserved.

This greatly traveled couple—they covered 24,000 miles on one season's tour—usually adds several more thousands of miles by traveling for pleasure during their summer vacation. Impressed by the endless natural beauty of the United States, the Graudans find their relaxation and recreation in motoring and hiking. The mountains of Colorado and Wyoming are their favorite. During these trips Nikolai finds ample opportunity for his hobby—taking motion pictures.

Back in New York, where the Graudans love to entertain their numerous friends, the host proudly runs his films for the benefit of those less acquainted with the scenery of the western states.

Unlike so many amateur photographers, Nikolai can project his professional artistry into his camera work, so that his pictures are a welcome addition to any evening's entertainment. Joanna's contribution to these social gatherings: her cooking. Friends rate her performances on the range, especially some of her Russian delicacies, as the equal of her performances on the piano.

The Graudans devote the remainder of their leisure time to literature. Both are avid readers, but with different leanings—Joanna toward fiction, Nikolai toward politics. What amounts to more than a hobby is their profound interest in the development of musical culture and its basis, the education of the young.

Last season, in their fifth Town Hall concert in New York, the Graudans introduced a new work by Victor Babin, famed pianist of the duo piano team of Vronsky and Babin, who have appeared in Klamath Falls. This season's schedule will carry them from the Prince Edward island in the Gulf of St. Lawrence to Mexico.

WHY WE SAY

"GREENBACKS"

Greenbacks, our present slang for paper currency, was first used by the Honorable S. P. Chase, Secretary of the Treasury, in referring to the legal tender notes first issued in 1862. The green ink used in printing the reverse side of the notes gave us "greenbacks".
