The children at Fairhaven school have been busy making posters for the big "Fun Nite" scheduled for Saturday, October 29, at 7:30 p. m. in their school.

Children having hobbies are getting them ready to display for the hobby show, one of the many attractions slated for the evening.

There will be a merchandise sale, rummage sale, dart show, shooting gallery, movies (one of which will be an Abbott and Costello show), nickel dance, food booth, penny pitch, baseball throw, and many more.

Hot dogs, pop, cake, pies, and coffee will be served.

Many of the prizes have been donated by merchants of Klamath Falls and community grocers. A turkey will be given away as one of the prizes.

Tickets for the various concessions will be sold for 5 and 10c. Everyone is invited to come and spend an evening of fun, which is sponsored by the Fairhaven PTA.

The Pythian Sisters club met at the home of Belle Tompkins on Friday evening October 21 at 8 p. m. Following the business meeting pinocle was played. Charlotte Canoy held high score. Dicky Freeman second, and Nina Beck received the special award. A potluck supper was served later in the evening.

Grows His Own Snowflakes

LOS ANGELES, (AP) — Dr. U. Nakaya, of Japan, "grows" artificial snowflakes. What's more, he's found a use for them — helping the weather man. A professor of meteorology at Hokkaido university, Dr. Nakaya said he was the first to create the delicate crystals.

It's Going to Be

A nice warm winter in a robe from MILLER'S. Back on the job again this week we couldn't wait to hi up to the lingerie department on the second floor to take a peek at the new lounging accessories we had been hearing about. And did we find 'em? ... Chenilles, beautiful botanys, cuddly study coats and darling quilted robes, these last entirely DIFFERENT than any we have found this fall ... all softly subtly colored, excitingly feminine ... all adding up to leisure in the grand manner.

Getting right down to fundamentals ... prices and such at MILLER'S ... you'll find baby velvet chenille robes with feather weight, fine tufts, none of the old time look to these even though the tufting is close as feathers on a duck's back ... alluring colors ... coral, a heavenly blue, carnation pink, aqua and white in sizes 12 to 44 ... \$8.95 for the regular sizes and a dollar more for the larger.

Warm as toast and just as crisply tailored, are the grand genuine 100% wool botanys ... here is protective warmth in a lightweight robe, just the thing for toe-curling and hearth-lounging ... perfect for a fireside chat ... the tailoring is so perfect it looks like a picture ... you'll love the rich fall colors of these full-length robes ... wine, blue, red ... sizes are 12 to 44 ... you did down for \$19.95 for the regular sizes and \$21.95 for the sizes that take a bit more material ... for something cozy to hop around in you certainly needn't look farther.

Now for hostess robes at MILLER'S ... translated from the French ... with all the pert Parisian touches ... they're luxurious these three-quarter length darlings in high shine iridescent ... utterly entrancing is the green number, delicate as new leaves in spring with a sweeping, wide flared skirt ... flirty pockets, wide lapels, caught in the most charming fashion with mauve buttons that match the lining ... you just have to see these quilted coats to really get the drift of what we are trying to say ... 3 other styles in quilted satins and other colors to choose from but look at the French number and you'll be sunk.

Still hot on the trail of snug-as-a-tea-cozy leisure-time garments at MILLER'S we found beautiful (no other word will do) quilted satin coolie coats with cunning, up-standing collars that DO SOMETHING for every woman ... wide range of colors in these at prices easy on the budget.

We've saved for last, mention of a brand-new idea for helping that gal in your family translate Caesar ... full length study coats of quilted taffeta in plain colors with contrasting polka dot linings, cuffs and pussy-cat bow under the chin ... youthful, sweet.

Jiminy Christmas

We stumbled onto the place for harried and baffled maids to go Christmas shopping if they want a starry eyed wife, come December 25 ... it's downstairs at RICKY'S where we just stood and gaped at all the SUNBEAM electrical appliances on the shelves ... it'll take a yard of space to tell you but we hope RICKY'S won't care ... we just kept writing everything down that we saw and not a soul stopped us so here goes ... but it's for ladies too ...

Only the SUNBEAM MIXMASTER with the mixer dial joggles the juice automatically out of the fruit pulp or ejects the beater without a bit of pulling when you tilt the handle ... it has automatic bowl speed control and easy portability ... it's a honey ... attachments too, for this nearly human gadget ... a churn for \$6.95 ... drink mixer for \$4.95 and the meat grinder plus the power unit for \$12.50.

RICKY'S has the SUNBEAM waffle baker that kicks out 4 delicious waffles at once ... it's the only waffle iron with an 80-inch over-all baking area ... completely automatic ... brides take notice.

You just have a set-it ... forget-it ... automatic SUNBEAM coffee-master ... brews your java, shuts the current off, turns it on just like a "Hannah" to KEEP it hot ... whether you make 1 cup or 8 you get the same perfect coffee every time ... no glass bowls to break either ... it's gem-like chrome plate.

You'll actually want to sell your shirt to buy the stunning new radiant controlled SUNBEAM toaster ... there's sheer magic in the operation ... it almost THINKS ... drop in the toast, "crosswise slots on this one" ... bread lowers itself automatically (that's a swell word) which turns on the current ... the bread turns a perfect brown, the current goes off, the toast just shows up with no fanfare, no noise, no popping ... it's a wonderful world.

Then we perked up at the SUNBEAM Iron-master that starts ironing rays in 30 seconds after it's connected ... reaches full heat for damp linens in 2 1/2 minutes, starting cool ... it's the only automatic iron with a Thumb-tip heat regulator in the handle where it is always cool and easy to set ... 2 1/2 and 4 pound sizes.

Must remember to be helpful to pass on a gift hint to the ladies and here she be ... still talking about SUNBEAM APPLIANCES at RICKY'S ... the SUNBEAM Shaver-master for that man in your life ... whether he is just growing fuzz or has a beard that scares you silly 12 hours after he's shaved ... the Shaver-master will give closer, faster shaves than any man thinks possible ... it's twice-size SINGLE head shaves twice as much beard as ordinary electric razors ... whiskers just can't escape ... complete in beautiful gift case.

Now that we've poked our neck out with RICKY'S and used so much space we'd better tell you that every one of these beautifully designed SUNBEAM electrical appliances can be found at 700 Main street, RICKY'S.
