KLAMATH FALLS, ORE. (To the Editor) — I have read with much interest Mitchell Paige's letter on communism. He has brought it out so many can see what would happen if communism should by any chance gain control of this great country of ours where all have equal rights regardless of race, religion or social standing.

I would like to say a few things on the evils of communism also. How many Klamath people remember the brutal Theodore Jordan, sentenced to hang, and saved only through the efforts of the communists and the cowardice of Governor Meier? How many remember the circuit courtroom and their meetings to advocate the violent overthrow of the government that guarantees the right of freedom of speech and the right of peaceable assembly?

How many remember the communist store? If I remember right it was on Commercial street. It was a fine example of communism. You gave your order, paid cash at the time the order was given, then went the next day and received your groceries, also paying far more than anywhere else. That is the kind of efficiency anyone could expect under communism.

Communism works on nothing but deceit, lies, and violence to further its cause. Communism goes under many names but it is still communism. The sailors, soldiers and workmen's committee of the 1920's was one of them. The IWW was another. I guess everyone has heard the old myth that the IWW was the one which got sheets, etc., in the logging camps.

Nothing is farther from the truth. It did get the death penalty restored in the state of Washington after it had been taken off, because of their violence. Some may say they were innocent victims of lies, etc.

Well, anyhow the majority thinks it was guilty of the violence.

I would like to write more but I know the paper's space is limited. I know many will call me a liar and all sorts of stuff but I've had plenty of experience around logging camps and mills and might add I was hit by a tooth torn from the ream by a log that was spiked dur-

HE FOOLED 'EM — Alfred Cohn (right) enjoys a hearty laugh at "putting one over" on the insurance company as he collects on his own life insurance at the age of 96. Thomas Levey Jr., makes the presentation in New York. Cohn took out an "ordinary life" policy about 60 years ago. In fine print was a clause stating he, and not the beneficiary named, would collect if he lived to be 96.

ing the IWW strike of 1923 at Coos Bay.

In closing I'll say I hope to see more of Mr. Paige's articles, and if any communist likes Russia better than this country, I suggest liberty loving Americans start a collection and send them all to Russia. I'm only a lumberjack, but I'll gladly donate fifty dollars so they'll be able to reach the country they love so well.
