## Weyerhaeuser Welcomes Hercules Firm

Weyerhaeuser Timber company is pleased that the Hercules Powder company has decided to locate a pilot plant in Klamath Falls. Klamath Falls has many advantages to offer industry other than forest resources. These include an abundant supply of water and electricity, railroad facilities and room for expansion.

When Ewauna Box company was purchased by Weyerhaeuser it was decided to leave the power plant and many of the buildings intact, and to make every effort to induce some other industry to take over and use these valuable facilities. This policy has resulted in our being able to interest the Hercules Powder company in coming to Klamath Falls.

Weyerhaeuser joins the citizens of Klamath Falls in welcoming this new company to our city. The location of a new industry in Klamath Falls, one not devoted to lumber manufacture, is a milestone in this city's history. It should lead the way in attracting additional industry to this area. The Hercules Powder company has been most cordial in its relations with the people of Klamath Falls and should prove equally pleasant and of mutual benefit.

## Youngster Wounded By Brother

PORTLAND, Oct. 31 (AP)—A revolver found in the car of a neighbor just back from a hunting trip resulted in the wounding of three-year-old Perry Rommel yesterday. Police said the lad and his five-year-old brother, Thomas, crawled into the parked car. A few moments later Perry was shot in the abdomen by a .22 caliber bullet. His brother had fired the gun.

held Tuesday, November 1, instead of Wednesday as previously announced.

**Auxiliary**—Members of the American Legion auxiliary will meet November 1 at 8 p.m. in Memorial hall.

**BLASTS "BIG STEEL"**—James W. Gerard of New York, a powerful stockholder in U. S. Steel, gave unexpected support to striking steelworkers. Gerard criticized the company's failure to grant industry-paid insurance and pensions as "a disservice to the employees, the shareholders and the country." Gerard, who was ambassador to Germany in World War I, said he holds more U. S. Steel stock than the majority of the firm's board.

**Let's Talk Things Over**

Money doesn't go a long way in these days. That's what a friend said to me the other day. My reply was that it all depended on how he spent it, and I told him that I could put him in the way of securing a sizeable estate, say \$10,000, for a down payment of a few dollars. What is more, even if he were to die anytime soon after the first down payment, the whole estate of \$10,000 would belong to his family without the spending of another penny.

And, let me tell you, many large estates of several thousand dollars have come to the rescue of Sun Life beneficiaries following a first and only payment of a few dollars by a husband and father who realized the uncertainty of the future but knew how to make the best use of savings.

Let's talk things over—today!

**KNOW YOUR AUTOMOBILE DEALER WEEK**  
OCTOBER 31 TO NOVEMBER 5

**We Salute The Automobile Dealer**

The automotive industry produces much more than the shining, streamlined new cars you see about you in today's traffic.

The automotive industry has, in reality, helped make us a more united nation, a more progressive community.

Our automobiles enable us to move about freely on our business and pleasure trips... produce goods anywhere and distribute to every corner store and front door. It has helped broaden economic opportunity, help raise our standard of living.

Here, this industrial giant, producing for our common good, is represented by our local automobile dealers. We respect and recognize those dealers for their value to our community.

**That's why we urge, "Know Your Automobile Dealer"**
